

Brian Girardi
Class of 2022

I would like to hold a position as Class Officer for a multitude of reasons. One such reason is that I like having a say in things. If I can help with things such as picking a venue for prom, I can make events a more enjoyable experience for everyone. We spend a large chunk of our waking hours in school, and I like to have a way to make those hours better not just for myself, but for all students. As a Class Officer, I would have an opportunity to do so. In addition, I have already been a class officer for a year, and I want to be one again. From fundraisers (though that time at Roberts was way too cold) to holding meetings, it has been a thoroughly enjoyable experience. I would appreciate the opportunity to be a Class Officer once more, if it is given to me.

Class Officer Application
April 3rd, 2019

There is an overwhelming number of reasons as to why I would like to be reelected as a Class Officer. Throughout this year, I have been an active and contributing member of the 2022 Class Council, raising money so that our class can have a fabulous prom and other great events to make high school memories at. I would love to continue doing this next year to make our class events as fun as possible. I am responsible and driven to make our remaining years in high school the best that they can be. I hope you all will let me continue to represent our amazing class of 2022!

Class Officer Essay

It was such a great honor to be a class officer during my freshman year. I learned so much about our school and how it operates. I feel that I played a valuable role in helping my fellow classmates enjoy their time in school. I hope that you will agree that I have the skill set and desire to be considered for a position as a class officer in the 2019-2020 school year at Daniel Hand. High school involves a certain amount of stress and hard work, but I would like to help others also make these four years into a time which they will fondly speak of for the rest of their lives. If I am elected, I will strive to ensure that the voice of our class of 2022 will be heard and by doing so, help others truly appreciate their entire high school career. Thank you for your time.

Jack Signorello 2022

Looking ahead to my Sophomore year at Daniel Hand, I would like to hold a position as class officer. I would like this opportunity to fight for the students of my class as well as the students in the rest of the school. Anyone who knows me knows that I work hard at school, and I intend to work just as hard as a class officer. I am interested in being a part of the bigger picture at our high school, and working behind the scenes to create change. I wish to challenge myself in leading our class through Sophomore year, and to take an active role in keeping Daniel Hand High School a great place.

Class of 2022

Leaders hold the power to promote positive change in their communities. In the leadership position of class officer I believe I could help the class of 2022 become a class forever forged into the memories of our community. As an enthusiastic person, I am willing to devote all of the time and effort required to ensure a memorable experience at class events, such as prom and senior trip. I value generosity, commitment, and organization, helping our class to achieve goals and set new standards of excellence at Daniel Hand. I believe that all students deserve an equal chance at success, both academically and extracurricularly, and I promise to work with school administrators to ensure that all students have the resources and environment they need to flourish. In my time as class officer, I would hope to represent the voices of our class, our goals, and our hopes for the future.

Class Officer Essay

“Our primary purpose is to graduate successful life long learners who are responsible citizens in the global community. Daniel Hand High School students, in collaboration with educators, parents, and the Madison community, will develop as motivated, self-reliant, creative, and ethical individuals who respect differences in others” is what I read every day as I walk through the front doors of Daniel Hand High School. The mission statement that is read by anyone who enters says all that is needed to know about our school. The main reason I have helped the Class of 2022, despite not technically being an officer, is to help others while also bringing the mission statement to life in my own personality. I believe that my people skills, creativity, and experience with others from all over the world are traits that I can bring to the table to help the Class of 2022 succeed.

Angela Zhang Class of 2022

For starters, I was part of class council this year, and I worked with my fellow students in class council to raise money. I participated in bake sales as well as selling magnets and lanyards. If elected again, I plan to raise more money to make out prom as amazing as possible. If you know me, I am a responsible person that wants the best for everyone. I want to represent our class and make the best of our remaining time in high school.
