State/Federal Funds

Each year, when it is believed that the school district is eligible for federal and/or state assistance under the provisions of public laws, application for said assistances may be submitted so long as acceptance of the funds does not include conditions contrary to the policies of the Milford Board of Education (Board). The Superintendent shall inform the Board about specific assurances that may be required in addition to those addressed in this policy, and will provide the required language for Board adoption.

When the law requires the development and implementation of administrative procedures for submitting state and federal financial reports, with specified time schedules, the Superintendent or his/her designee shall ensure that the staff has properly completed the reports and that in each instance the reports have been submitted within the specified time.

The operating budget must include amounts anticipated to be received from state and/or federal sources.

Control of Equipment

Title to and control over equipment and/or property purchased with federal funds shall be maintained in accordance with the pertinent federal regulations.
