The student officers reported that sophomore orientation went extremely well with an estimated 500 attending. It was reported that PTA Friendship Week will be held the same time as Hope Week.

Mr. Wilkey reviewed the Trust Land expenditures as of 6 February. He also shared that he received an email from the School Trust Land Program directing schools to only carryover 10% from one year's budget to the next. With that in mind, the Council discussed plans for 2019-2020 goals and expenditures, and reviewed staff requests for 2019-2020. The Council discussed using this year's carryover to pay for some of next year's request, particularly equipment items.

For next month, the Council was asked to review next year's requests to see which ones can be funded with excess 2018-2019 funds. The Council requested more information on the STS Technology request for laptops and other technology items.

The next meeting is scheduled for March 6 at 6:30 am. Gregg Laub motioned that the meeting be adjourned. Lance Thaxton seconded the motion, and the meeting was adjourned.
