In the Beginning

As a child we took our first steps, beginning a thirteen year journey of excitement, joy, and, sometimes, sadness. The time has come for all of us to take our first steps alone and in a world full of possibilities. Always remember the valuable lessons your friends, teachers and parents have left for you to take and use. Being young and vibrant is a valuable resource that only comes once in a lifetime.

When one door closes
Another door will open
The door opened at the hospital when we
brought you home with us.
Then the first day of Kindergarten the door
opened to many years of learning.
Jr. High and Sr. High many doors have swung
open and closed.
And now the day has come for the door to
open to the future of your dreams,
Just never forget though that our door will
always be open for you!

With all our Love,
Mom & Dad

To our daughter who brings sunshine into our lives! We are proud of you and all that you have accomplished. You will go far in the world with your faith and determination. Our love will be with you where ever God leads you. Always keep your beautiful smile!

Love,
Dad & Mom

Do what you love, do what you believe in
and success will come naturally. We're
proud of you

Love,
Mom, Dad, Jess and Katie

"Close your eyes and I'll kiss you, Tommrow I'll
miss you, Remember I'll always be true..." J.L.
& P.M.

Love,
Mom, Dad and Sarah

Amelia,

We love you very much and are so
proud of you. Remember, we'll always
be there for you.

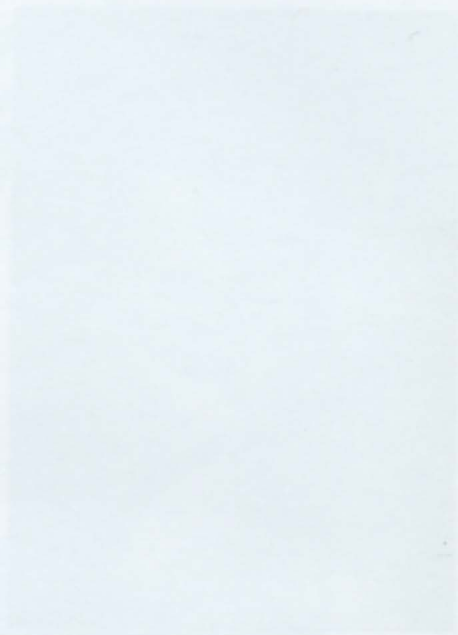

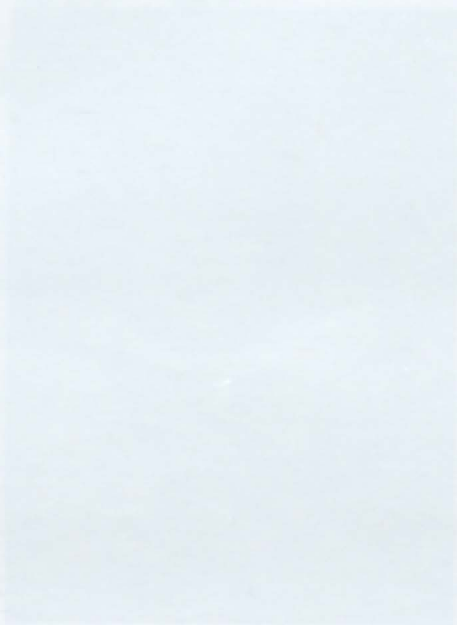

Love, Mom & Dad

"I'll like you forever,
I'll love you for always,
As long as I'm living,
my baby you'll be."
Good luck at college Talia!
We Love You! Love, Mom and Dad

I must say, I find this yearbook class rather engaging - to the extent that I could be engaged in anything. You see, we upholstered bears, though quite an exceptional species, have the unfortunate shortcoming of immobility; thus, I am compelled only to observe this process, and am unable to take part therein. This notwithstanding, I can appreciate the considerable service this dynamic team do the school, and indeed, the community. Moreover, I owe them my name - not to mention the very solidification of my gender.

As Time Goes By

Lyrics and music by Herman Hupfeld

This day and age we're living in
Gives cause for apprehension
With speed and new invention
And things like fourth dimension
Yet we get a trifle weary
With Mr. Einstein's theory
So we must get down to earth at times
Relax relieve the tension
And no matter what the progress
Or what may yet be proved
The simple facts of life are such
They cannot be removed
You must remember this
A kiss is still a kiss, a sigh is just a sigh
The fundamental things apply
As time goes by
And when two lovers woo
They still say, "I love you"
On that you can rely
No matter what the future brings
As time goes by
Moonlight and love songs
Never out of date
Hearts full of passion
Jealousy and hate
Woman needs man
And man must have his mate
That no one can deny
Well, it's still the same old story
A fight for love and glory
A case of do or die
The world will always welcome lovers
As time goes by.
