

Notice for Employer-Sponsored Wellness Programs

New rules published on May 17, 2016, under the Americans with Disabilities Act (ADA) require employers that offer wellness programs that collect employee health information to provide a notice to employees informing them what information will be collected, how it will be used, who will receive it, and what will be done to keep it confidential. The EEOC has published the sample notice below to help employers comply with the ADA:

NOTICE REGARDING WELLNESS PROGRAM

SMSD Wellness is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the SMSD wellness program Option A, you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a blood test for cholesterol and glucose levels. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will be eligible for a \$600 (\$50 per month) wellbeing incentive toward monthly medical insurance premiums. For eligible staff members who have selected the Health Savings Account (HSA) or Qualified High Deductible Health Plan (QHDHP) this benefit will contribute \$600 to those plans.

Additional incentives are available for employees who participate in SMSD Wellness program Option B (complete a total of four Marathon on-site educational seminars or online workshops) and Option C (complete two health coaching sessions with a PriorityOne provider). If you are unable to participate in any of the health-related activities, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Tammie McCoy at tammiemccoy@smsd.org or 913-993-6494.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Shawnee Mission School District may use aggregate information it collects to design a program based on identified health risks in the workplace, SMSD Wellness will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is (are) a doctor, a registered nurse or a health coach in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Tammie McCoy at tammiemccoy@smsd.org or 913-993-6494.
