## WELCOME TO ORANGE UNIFIED SCHOOL DISTRICT!

It is an exciting time within the District as we begin modernization of current facilities and construction of state-of-the-art science centers at each comprehensive high school.

We are also excited to be launching new programs and services, continuing to prepare students for successful college, career and Science, Technology, Engineering, Art and Math (STEAM) experiences. Orange Unified Schools provide a balanced instructional experience with continual innovation to ensure our students are able to compete in the global marketplace. The District's teachers and principals are providing a rigorous instructional program that engages all students in deeper levels of collaboration, critical thinking and creativity. We believe that *"what's best for our students comes first and foremost,"* and we continue to push for greater levels of success within our organization.
