

IT ISN'T ALWAYS EASY... WE KNOW!

When it comes to providing us with safe schools, outstanding (and challenging) academic programs, and everything else our schools have to offer, we know you don't always agree on everything. But we also know that every discussion on Main Street...every letter to the editor...and every vote (or re-vote) you take is done with our future success in mind. And for that we are very grateful.

When it comes to building strong communities, attracting families and businesses to our area, and keeping us safe, town and city boundaries become less important and less visible. So thank you for everything you do...one way or another, you've always come through!

Gratefully,

The students, faculty, and staff at Spaulding High School, Barre Town Middle and Elementary School, Barre City Elementary and Middle School, and the Central Vermont Career Center.

TO THE TAXPAYERS, BUSINESS PEOPLE, AND COMMUNITIES OF BARRE CITY AND BARRE TOWN

Thank You!

Thank you...

for providing us with the tools we'll need to become the next generation of successful business owners, professionals, tradespeople, soldiers, firefighters, athletes, farmers, and families... right here in Barre, or wherever the road of life takes us.

Year after year, you have always come through for us...and our futures are brighter because of it.

Thanks to you, we enjoy:

Clean & safe facilities that allow for and encourage learning.

Innovative and advanced academic programs

State of the Art Technology

Caring Mentors and Volunteers who share their time, experience, and expertise with us.

Dedicated and engaged teachers who care, and who motivate and inspire us to do our best work.

Coaches who keep us healthy, focused, and strong.

Nurses and Counselors who are always looking out for our best interests.

Athletics, Drama, Music, the Arts, and numerous clubs and activities.

Librarians, Para-professionals, and other Professional staff.

Not to mention administrators who help keep us on the right track - every day.

By giving us all this, you give us the opportunity to thrive and succeed.

KEEPING A LID ON COSTS

At Barre Town, Barre City, and Spaulding High School, we do so much more... with less!

Keeping a lid on costs, without compromising the educational, social, athletic, and vocational opportunities we offer our students, has long been a proud Barre tradition.

From our administrators to our teachers to our coaches to our volunteers - we all understand how hard it can be for families here in Central Vermont to make ends meet.

To give you an idea of how hard we work to provide your children - our students - with a first-class education at a significantly lower cost than most of our surrounding communities, take a look at the following comparison.

We're doing everything we can to prepare the children of Barre for success in college, in the trades,

in business, and in life - and we're doing everything we can to keep a lid on costs.

We hope you'll remember to get out and vote on May 14, on the Barre Unified Union School District budget.

Thank you.
