

Hub of Hope Mental Health Database

The Hub of Hope is the world's first of its kind mental health database bringing grassroots and national mental health services together in one place for the first time ever. Using the location of web browser or mobile devices, the cloud-based web application allows anyone, anywhere to find the nearest source of support for any mental health issue, from depression and anxiety to PTSD and suicidal thoughts, as well as providing a 'talk now' button connecting users directly to the Samaritans.

It is currently the biggest and most comprehensive resource of its kind, with more than 1,200 validated support networks already registered on the web app and this number increasing each day. It has been endorsed by the Samaritans and 25 other national mental health support organisations and trusts.

Find Mental Health support in your area here: <https://hubofhope.co.uk/>

Becoming a Cashless School

A reminder that **Breakfast club** can only be paid for by pre-purchasing a 'card' on the SchoolMoney website: <https://login.eduspot.co.uk/public/portal/parent/?app=schoolmoney> The card is valid for 5 sessions and these do not have to be taken all in one week. You can purchase as many cards as you like in one go. **After the Easter holiday, Breakfast Club will be a COMPLETELY CASHLESS SYSTEM.** The office staff are always available to help you with your logon details and will be able to 'show you the ropes' on Parent Interview day. Thank you all for your co-operation.

Bottle top collection

Thanks to all those parents who are collecting milk bottle tops for Shooting Star Chase. We have had a lovely letter from the organisation, thanking the children and parents for 'such a marvellous effort in

collecting so many milk bottle tops'. The letter goes on: "The money raised in recycling these tops goes towards providing vital services for the hospice in Guildford".

The box for putting the bottle tops in is in our reception 'kiosk' area.

Nursery Numbers

Due to a fall in nursery aged children, governors would like to consult parents on reducing our Nursery pupil admission number from 120 to 90 from September 2019. We have sent a separate letter along with this newsletter which gives more information.

Maths Masters by Kabinesh (Year 6)

Thought for the Week:

"Working together with parents and children's services – together our children will have a better future"
