Computer Camp
Instructor: Aaron Roberts
Phone # 601-1641

The Computer Camp is open to those students going in to grades 5-8. Computer experience is helpful but not required.

The camp will include teaching students to use computer software to compose, arrange, and manipulate music.

Students will be able to print their compositions and arrangements so that live musicians could perform them.

Basic Music Theory is also taught in the process.

Please remember to bring plug in headphones to each class.
