**Purpose of Meeting:**

- 1. The team will discuss current data.**
- 2. The team will determine if goals and action steps are appropriate based on current data.**
- 3. The team will determine next steps.**

**Discussion/Decisions:**

**5th Grade:** Question raised-Determining the difference between proficiency and growth.

**1st Grade:** Discussed Tide time not benefiting the core also how high kids did not make the growth  
Different interpretation of levels so groups are not always on level

**3rd Grade:** Shared how they are doing their model. Self-contained in each room but however still leaves 1 classroom with only a TA as Baysden leaves for level 3

**Group Discussed:** The need of having a position for a certified teacher to focus on level 2 and 3's to allow for teachers to work with the core and above.

**Questions Raised:**

- 1. Does Tier 3 interventions have to be provided by a certified teacher**
- 2. Does Tier 3 interventions have to be provided by an identified grade level teacher (one teacher per grade level)?**
- 3. Can we have the flexibility to change the MTSS structure to help us grow the core to meet growth?**
- 4. Are all of our tier 3 kids truly 2 years behind with data to prove it?**

**The Team looked at the Strategies for our School Improvement Plan**

Strategy 1: Strategic Content Planning

Strategy 2: Purposeful Planned Training

Strategy 3: Community Building
