

## Senior Spotlight: Cameron W.

I was born in Cayman and have lived here my whole life. I am a first generation Caymanian. My family comes from England and the United States. I am 17 years old and have been attending CIS since freshman year. If you were to ask someone what I was like they would probably say stubborn, genuine, and funny. I enjoy spending time with my family and friends as well as using my boat or doing something that revolves around the ocean. One interesting thing about me is that I have snowboarded down the highest ski lift accessible slope in North America. If I could have one superpower, it would be telepathy because you can see what someone is thinking about before they do it. Last, my favorite movie is John Wick 2 because of the level of production and the effort that went into every aspect of the movie.
