

OAK HILLS EAGLEGRAM

May 3, 2019

From the Administration

Hello Oak Hills Eagles!

In two weeks, May 20th-24th, is career week organized by Ms. Shannon, our school counselor. I know she has been working hard to organize this event. It won't be successful without parental involvement. If you are willing to participate in this event, please call or email her at sstruebing@dsdmail.net. This is a worthwhile activity to teach kids about careers. Thanks for being willing to help.

Testing is continuing this week as well. We have experienced some difficulties with the new program which has caused us to reschedule testing for many teachers. I can't emphasize enough how important it is that your student is on time to school and ready to do their best. Thank you for helping with this.

Have a great weekend!

Mike Page, Principal

Looking Ahead...

May 6th – Principal Day (wear blue)

May 17th – Spirit Friday

May 20th – 24th – Career Week

May 24th – Happy Day

May 27th – NO SCHOOL – Memorial Day

May 28th – 6th Grade Graduation

May 30th – Field Day

May 31st – Kickball 6th vs. Faculty and Staff

Did you know?

Do you have a 4th, 3rd, 2nd, 1st or Kindergartener? They have been getting Take Home Reading Library books - the nonfiction books that come home in the large Ziploc bag. It is time to return them. If you have lost the book, you will need to pay \$10. Money can be turned in at the office anytime. Reminders will be sent home to specific students with outstanding books the week of May 13. **If a student does not return or pay for their missing book, they will not be able to attend field day.**

M – Rib Patty

T – Little Smokies

W – Taco/Burrito

Th – Chicken Patty

F – Chili

5th Grade Geological Field Trip

Our fifth grade students had the opportunity to spend the day exploring the remarkable geological landforms of Big and Little Cottonwood Canyons. Because of a generous grant provided through the Stem Action Center, we were able to charter two “fun buses”, and travel in style. We are lucky to live in one of the most geologically rich areas of the world; glaciers, rivers, earthquakes, paleo oceans, tectonic collisions, tectonic pulling, and faulting have all combined to create our magnificently varied topography! Students spent the day collecting samples, documenting evidence, and understanding the destructive and constructive power of nature. One student’s statement summed up the day when he said, “I will never look at the world in the same way ever again.” Mission accomplished!

***More photos will be available on the student-shared drive next week.

Counselor's Corner – Career Week!

For the month of May, we will be focusing on College and Career awareness. It is never too early to start preparing and learning about the choices students can make after they graduate from high school. Some of the choices we will be encouraging students to be thinking about are: college, vocational schools, and the military. Students are currently preparing themselves for their future by attending school, completing assignments, learning responsibility, and learning how to work and interact with others in a positive manner. The habits they create today, will follow them throughout their life. By making and working on personal goals, students can prepare themselves for their future. We know that the more education and skills a person has, the more opportunities they have when it comes time to compete for a career and job. We encourage all students to be curious about the various jobs and careers available to them, and to seek what training and education is needed for those jobs. Then get excited about the future and soak in their current learning and experiences to shape them into becoming the best version of them they can be.

We will be having an exciting college and career week during May 20 -24, please refer to the flyer coming home on Monday for more info. Learning about college and careers is exciting and we are happy to be exploring these things with your students.

Shannon Struebing, Counselor

PTA News

Our last PTA meeting of the school year will be May 8th at 11:30 in the library. Please come and have a treat with us and sign up to help next year! Did you read the email sent out by Laura? We need your help!

Thank you,

Terra Lechtenberg, PTA President.
