

April 22 Strategic Plan Update

About the Strategic Plan Objectives and Action Teams

Superintendent Dr. Mike Fulton and Shawnee Mission high school students recently shared details about the strategic planning process and the objectives that will guide work moving forward. [Click here to see the video.](#)

A Strategic Planning Steering Committee created a draft mission, beliefs, objectives, and strategies. The students featured in the video, Brenda Garcia from Shawnee Mission West, Beau Barnes from Shawnee Mission South, and Glory Obi from Shawnee Mission North all serve on the Steering Committee.

Each strategy is linked to three objectives:

Every student will achieve academic success through a challenging, relevant, **personalized learning** plan.

Every student will develop and utilize personal resilience while mastering essential competencies that lead to **college and career readiness.**

Every student will develop **interpersonal skills** to be an engaged, empathetic member of the local and global community.

Action Teams

As the district Strategic Planning Process continues, Action Teams are meeting to form action plans that will address the strategies outlined in the Strategic Planning overview draft document.

Here are outlines of the steps taken by Action Teams at their first and second meetings:

[Action Team Meeting 2](#)

The action Teams will continue to meet before sharing their plans to the Steering Committee on June 5, 2019.

Collectively and collaboratively, we are designing our schools in ways that are customized to our learners and will take us into the future. For more information on the Shawnee Mission School District Strategic Plan, [click here](#).
