

**Minooka Community Consolidated School District 201**  
**Minooka Elementary School**  
**Minooka Primary Center**

October 5, 2016

Dear Parent:

In our continuing efforts to keep children and staff safe and to avoid traffic congestion, Minooka Primary Center and Minooka Elementary School will be implementing a traffic pattern change beginning Tuesday, October 11, 2016. The administration at both schools have met with the Minooka Police Department to collaborate on the design of a map that will help ensure student safety and alleviate the traffic back-ups that have occurred in the past.

Please find a map with the traffic pattern change on the back of this letter. Please use the map to route yourself for arrival and dismissal at both schools. We are asking that you follow the arrows and adhere to the streets assigned for safe travel to each school. The map text boxes provided should also help explain the new pattern.

If you have further questions after reviewing the map of the new traffic pattern, please direct them to your designated school. Thank you for your patience and your support as we continue our efforts in keeping our children and staff safe.

Sincerely,

Mrs. Natalie Baxter, Minooka Elementary School Principal  
Mrs. Gina Ruggeri, Minooka Elementary School Assistant Principal  
Ms. Teresa Miller, Minooka Primary Center Principal

# Traffic Pattern Change

## MES & MPC

**Starting on Tuesday, October 11<sup>th</sup>,** the traffic patterns will be slightly altered for the safety of students and staff at Minooka Elementary School as well as at Minooka Primary Center. Please use this map to help you route yourself for arrivals and dismissals at both schools. Please do not come into the car rider lines from any other directions.

**Minooka Elementary School**  
Traffic head only left (east) out of the MES driveway.

MES-ALL buses and cars head east on Coady to Wabena after drop off and pick up.

MES Pattern-Coady Drive →

Please know, while waiting in car rider lines (School Zone), talking on cell phones is against the law. Please also refrain from blocking any driveways. Please also be aware of children and staff using crosswalks. Thank you for helping us keep the students and staff safe.

MES Pattern- Wabena →

Minooka Primary Center traffic will head north on Osceola and turn left onto Coady and head south on Massasoit.

MPC Car Rider Pattern-Osceola ↖

MPC traffic cannot come straight through on Church, the traffic must go around the block for car rider arrival and dismissal. Turn right on Osceola only.
