COFFEE DELIVERY TAKES FLIGHT

FUTURES PLUS students successfully completed their first delivery for their newest venture, FUTURES PLUS ~ Coffee Connection. The Coffee Connection made their first delivery to DaVinci School. The transition students did a fantastic job filling the orders, delivering and collecting payment. The teachers were very excited to be getting their drinks delivered and made positive comments on the service and quality of the coffee and tea drinks. We thank DaVinci for partnering with us and helping our students develop their job skills.

FUTURES PLUS GOALS

Goals of the FUTURES Plus Adult Program:

Understanding the local community and community resources through ecological analysis and community-based assessment, instruction and integration;

Continually determining student preference and interests and parental needs through person-centered planning;

Formally collaborating with persons and agencies outside the school systems who may support the student;

Teaching academic, social, and vocational skills that lead to competitive or supported employment; and

Balancing vocational training with inclusion in age-appropriate social and academic programs.

FUTURES PLUS SUPPORTS COMMUNITY BASED INSTRUCTION

In the FUTURES PLUS program the students and staff take weekly trips into the community. Students learn how to navigate their community and participate in transition activities that will help to increase their daily living skills. These trips prepare adults with varying ability levels to function safely, effectively, and meaningfully in their community.
