

Good luck to all our Year 6 pupils for next week as they sit their SATs. The hard work has all been done. It is time to rest, get lots of sleep, eat healthy food and drink lots of water to ensure your brain is alert and ready to help you do your best. We are sending out a flyer via email on tips for children that may help them next week and beyond.

As parents and carers, you play a very important role in your child's health. Here are a few simple ways you can encourage them to look after their body and mind:

- **Chat with your child about what you do to look after your body and mind**, from walking the dog to turning your phone off before bed. Sharing the steps you've taken to stay healthy can set a good example for them – but don't be afraid to admit it if you've struggled! It's important for children to keep trying, even when things are difficult.
- **Praise your child and other family members for what they do to look after their body and mind** – even if it's small. If your child sees healthy living in a positive light, they're more likely to carry on doing these things throughout life.
- **Remind them that there's no such thing as a perfect body or mind – and no one is perfectly healthy!** Your child might be tempted to compare themselves to other children, especially on social media, but it's important to remember that everyone's bodies and minds are different – and that's something to celebrate.
- **Do something regularly with your child to be Healthy: Inside and Out.** Family life can be very busy and stressful at times. Cooking a meal, sitting down for a family dinner, or going for a walk together can be a great way to stay connected and have fun.

Parenting workshop

The parenting workshop was a huge success and we had a great turn out. Everyone was really open and supportive of each other. This week Dr Helen Cox has done a session on the use of social stories and managing aggression. We hope to provide some

practical advice and ongoing support to the families of our pupils. Next week there is no session due to SATs but the week after we have a Speech Therapist coming to offer support and advice. If you would like to attend, please let us know in advance by e-mailing office@lhspa.org.uk

Speech and Language

Earlier this year we wrote to some parents regarding the lack of Speech and Language Therapy in Slough. While the school has some (very) limited funds to pay for private speech therapists to assess some of our pupils, parents may wish to pay themselves for their child's speech assessment which will move things along for them much faster. We have some contact information available from the office should you want to explore this option.

Cough cough

We have had a case of whooping cough reported in school. If your child is not vaccinated and develops a persistent cough, please get them checked out by a doctor. According to Public Health, incidents of whooping cough are on the rise as the childhood vaccination only lasts for a limited time.

Nursery News

Again we would like to ask parents not to leave bikes or scooters behind in the nursery garden. Instead, please lock them up in the bike sheds. Thank you.

Attendance

Congratulations to all the children in **6D, 3A, NAM Blue and NAM Red** for having 100% attendance last week.

Remember – there will be a **bike raffle** for all those children with 100% attendance at the end of the school year. One name from each key stage is drawn out of a hat and the winners get a brand new bike!

TESCO Every Little Helps

Local Tesco stores have our school as one of their 'bags of help' charities until the end of June. We are hoping to raise a significant amount of money to 'landscape' the Year 1 garden and provide some outdoor equipment. If you can, please pop your token in our collection pot - it will make all the difference!
