The students are in grades 3 and 4. Ms. Bisson addressed the Board advising of the success of the new Program, and introduced student participants, who shared their experiences. Students advised that they are finding the program beneficial in helping getting their energy out and that they are learning and improving their skills in the areas of cooking, crafting (quilt making), and sports. Students find the new skills beneficial and advised that participating in the program has allowed them to be more active, interact with other students, and that participation in the program has lessened the amount of sedentary time they spend using tablets at home. Ms. Bisson distributed a copy of the flyer advertising the classes being offered in Session 2 (04/29/19 – 05/31/19). Students and program coordinators were thanked for presenting to the Board.

An automatic two week extension is granted to any teacher who submits a written request for an extension. By the May meeting, there will be a good sense of who is returning and who is not coming back. Administrator contracts will be going out this week. Para-educators will receive letters of intent by 05/01/19. Non-contracted employees will receive letters between now and 05/01/19.

The Superintendent’s recommendation is to award the contract to Evergreen Roofing at a cost of $281,300. Mr. Evans provided an overview of what the project involves, advising that the current roof is problematic due to the fact that it is ballasted. The roof repair/replacement is covered by a twenty year warranty. The project will be funded by three sources; the Long Term Maintenance Fund (approximately $150,000), available surplus funds, and funds budgeted for maintenance/construction in the 2019/2020 budget.
