# Welcome to Your Summer at HMS!

Hello Future HMS Summer Friends and Families!

We are excited to have you joining us for Summer 2019. We look forward to meeting each and every one of you in the months and weeks ahead as we aim to provide you with the most enriching and positive summer experience yet! To those returning families, welcome back!

In our **Enrichment Camps**, you can pick individual sessions to explore new possibilities and broaden your child's horizons. In the **Create-Your-Day** program, you can design your daily or weekly schedule with as much flexibility and creativity as you need for your family. We also offer **Activity and Movement Camps** that help build athletic and physical skills in a fun, supportive environment.

Again this summer, **Snapology** will continue to send their talented, experienced staff to teach various camp offerings! In addition, we are excited to bring **TechCorps** and **Grow with Code** to campus! Both will teach cutting-edge technology and computer programming throughout the summer. **Akron Fossils & Science** will again bring their educational scientific programming for all ages to our campus. Also new to Summer at HMS, we will be hosting **MAPS Air Museum**, providing programming in aviation physics and technology, followed by a visit to their museum and hangar at the Akron-Canton Airport. We believe these camps will prepare our children for the world of tomorrow by encouraging them to soar to the highest altitudes of their creative potential.

Summer is a time for children to explore, create and discover; a time for them to make new friends and to reconnect with old ones. We realize that there is a wide selection of summer opportunities for your child, and we are honored that you are considering our programs.

Best,  
Tim McQuait  
Auxiliary Programs Coordinator

# Summer Adventure Awaits at HMS!

## About HMS

Thinking critically, acting globally and making connections across disciplines. Persisting through problem solving. Working on teams and independently. Hudson Montessori students practice these skills at a young age. In our close-knit community, students are known and learn at their own pace. Challenged to achieve their personal best, students leave well-prepared for meaningful lives and responsible global citizenship.

## Campus

Our campus just north of Hudson, Ohio is designed to be child-friendly and to inspire young minds to discover the world around them firsthand. Our school is situated on 12-acres, equipped with an indoor gymnasium and a contained playground area with age-appropriate equipment. Our enclosed back woods feature additional outdoor enrichment opportunities.

## Schedule Flexibility

We pride our ourselves on providing flexible summer options that cater to busy families. Programming is available from 7:30am to 5:45pm daily. Many campers attend one of the *Enrichment Camps* in the morning, then transition to *Create-Your-Day* until later in the afternoon; you can also add Before-Care and After-Care. With our many options, the possibilities to enjoy your summer are endless.

## HMS Summer Staff

All of our programs are staffed by talented and dedicated camp counselors who are passionate about working with children -- many of whom are also HMS faculty, staff, or alumni.

Some programs are staffed independently by leaders in their respective fields that inspire children to create, discover, and explore the world around them.

# Create-Your-Day Opportunities

## Welcome to *Create-Your-Day*

*Create-Your-Day* offers the opportunity to learn new ideas and interact with your fellow campers on a daily basis. Each week has its own transformative theme designed with an emphasis on encouraging campers to step outside their comfort zone. Campers will be guided by our experienced staff through a Montessori-inspired curriculum. With the many scheduling offerings available, campers can also structure *Create-Your-Day* camp around other camps at HMS like *Enrichment* or *Activity Camps*. Full-day campers should bring a lunch, 1-2 snacks, and a water bottle. **For Ages 3 and Above!**

# TECH CORP Camps

## About TECH CORPS Camps

This summer, send your child to an all-day camp that will fuel your child's quest for more information on the exciting world of computer technology. Your child will be inspired to leave their own mark in the exciting field of computer programming and design while making new friends in our comfortable camp setting at HMS.

TECH CORPS develops technology programs and deploys tech-savvy talent to assist K-12 students and teachers. TECH CORPS programs empower students to become active creators that ultimately prepare them for college, credential or career. Visit [TECHCORPS.org](http://TECHCORPS.org)

## 3D Printing

**Dates: July 29 - August 2**

**Levels: 6th - 8th Grade**

Students will learn how to use 3D modeling software to design, create, and print various 3D models. The camp will encourage students to think about the real-world implications of 3D printers while also fostering their creativity.

# Akron Fossils & Science Center at HMS

## About Akron Fossils & Science Center

Akron Fossils & Science Center exists to provide children with balanced, affordable, and hands-on educational opportunities to explore the science of the world past, present, and future. Through a diverse range of educational programming, we strive to inspire critical thought and instill a strong foundational love of science at an early age.

We are more than a science center; we are a community of people dedicated to making learning fun and meaningful. We believe the best way to learn science is to experience it and this philosophy guides everything we do.

Through Akron Fossils & Science Center, campers become more than observers; they become researchers, experimenters, and even educators. Our programs let you experience science first-hand and encourage understanding and deep, critical thought.

Our camps will ignite a passion for learning and exploration that last a lifetime.

# Engaging Camps to Explore Your Passions

## Creature Feature Camp

June 10 - 14

Learn all about creatures big and small at Creature Feature Camp! Participants will have the opportunity to interact with real, live creatures as they learn about the animals' anatomy and physiology and how to hold, care for, and love our furry (and some not-so-furry!) friends!

The day will include fun hands-on activities and a craft to take home. Other topics that will be explored include: biomes, cell structures, ecosystems, speciation, symbiotic relationships, and more!

## C.S.I. Camp

July 8 - 12

Something strange is afoot and it's your job to figure out what! In this week-long camp, children will learn all about the amazing ways that science is used to investigate and solve crimes.

Each camp day will include fun, hands-on activities and a craft to take home. Topics covered will include: fingerprint lifting, how to test unknown substances, footprint casting, understanding DNA, and more!

## Space Camp

August 5 - 9

Travel up, up and away at Space Camp! Children will blast off into a week of hands-on exploration of space travel and the basics of the amazing astronomy world.

Each camp day will include engaging activities and a craft to take home. At camp, we will discover: the history of explorers before us, technology advances, the physics of space, planetary order, the different types of galaxies and stars, the conditions needed to survive in space, Hubble's discoveries, and so much more!

# Snapology - S.T.E.A.M. Camps

## About Snapology

Come explore the world of Science, Technology, Engineering, Art, and Math firsthand by enrolling in all-day camp with Snapology of Kent. Snapology's mission is to provide children with the opportunity to engage in "playful learning" activities that will stimulate their creativity and spark an interest in learning. Snapology's activities offer campers an environment where they are encouraged to create and interact with technology and explore the world around them through a hands-on approach that promotes playful learning. Snapology personalizes the learning through lessons based on themes and topics that are of interest to campers. We use familiar objects in unfamiliar ways by incorporating the use of LEGO® bricks.

Staff are experienced and trained educators who passionately create a positive environment for all students. All camps take place on the campus of Hudson Montessori School.

# Snapology Junior - S.T.E.A.M. Day Camps

## About Snapology Junior

New to Hudson Montessori School in 2019, Snapology will offer "Junior" camps to the younger campers. Geared for Ages 3 - 5, Snapology Junior's programming is designed to introduce younger students to age-appropriate principles via the wonderful teaching vehicle of LEGOs®. Snapology Junior features all of the great instructors and curriculum that fuels the other Snapology programs offered during the year and summer at Hudson Montessori School.

One week will be offered initially for the younger students in your family with the potential to add more weeks should there be strong interest in this program later in the summer.

# Cuyahoga Community College Camps

## About Cuyahoga Community College

New for 2019, HMS will be partnering with Cuyahoga Community College Manufacturing Technology division to offer expanded fabrication and STEAM offerings for our campers. We are excited to have Cuyahoga Community College programming on our campus at HMS, allowing greater access to their programming in your own backyard.

Cuyahoga Community College camps expose students to manufacturing and engineering through innovative, hands-on STEAM (science, technology, engineering, art and math) activities. Like all fab labs, the Ideation Station provides a springboard for entrepreneurship within the community and serves as a portal for project-based, hands-on STEM education.

All programming is supervised and led by experienced college-level staff, many of whom also lead clubs during the regular school year at HMS.

## Program Information

Levels: See Individual Camp Descriptions for Age Ranges

Session Dates:

July 29 - August 2

August 5 - 9

Session Times:

9:00am - 3:00pm

Format: Campers may attend one or both weeks. A lunch/recess break will take place at approximately 11:30am each day.

## Additional Information

All campers must bring a packed lunch (for all-day camp), 1-2 snacks, and a water bottle. Hudson Montessori School also offers Before- and After-Care (from 7:30 - 8:30am or 3:30 - 5:45pm) for \$35/week in the mornings and \$45/week in the afternoons. # Manufacturing Technology and STEAM

## Rock the Fab Lab

Instructor: Tri-C Staff

Levels: Ages 11 - 14 Years Old

Dates: July 29 - August 2

Time: 9:00am - 3:00pm

Cost: \$600

Min. 8 Max. 12

Are you creative and interested in music? If you answered yes, then this is the camp for you! This camp is for campers at all levels interested in making their own guitar. Campers will learn how to customize and mill a block of wood to build your own electric guitar and it is yours to keep! Campers do not need to know how to play the guitar to register for camp.

## BIZWhiz Academy

Instructor: Tri-C Staff

Levels: Ages 10 - 13 Years Old

Dates: August 5 - 9

Time: 9:00am - 3:00pm

Cost: \$450

Min. 8 Max. 12

Are you a young teen inventor? Do you have a great idea that you would like to make a model of it? If so, this is the camp for you. This one-week camp will teach campers how to brainstorm ideas and make them to life. Campers will learn about entrepreneurship and develop their own product. Once campers have designed and created their own ideas, they will be able to pitch their ideas in a mock Shark Tank. Campers keep the models that they make.

# Grow with Code at HMS

## GROW WITH CODE

### About Grow with Code

Grow With Code provides a foundational approach to computer science education that builds strong roots for kids to branch into the many careers technology is involved with. The lessons learned here can help give your child a head start on being able to take advantage of the powerful tools we already use every day.

Classes are based on a level system that allow students to advance into more complex projects and have them building real software and younger ages. Growing from Scratch into Python, and then using the Raspberry Pi for electrical engineer and robotics projects, our classes will build your student into a fully capable programmer.

# Discover Computer Programming and Coding

## Scratch Game Design

Dates: June 17 - 21

Levels: 5th - 8th Grade

Start your journey into computer coding with learning how to design your own game! Students will be introduced to core coding concepts such as loops, variables and conditionals with fun projects that can be built on in the future. Projects will change and evolve each sessions to challenge students in different ways to develop as a coder and will allow students to progress to more advanced courses in just one to two sessions.

## Scratch Animation

Dates: July 15 - 19

Levels: 5th - 8th Grade

Being able to bring a story to life is a skill that is needed more and more in the coding world. Not only is animation being used more in movies and shows, but every game has a story, and every website has content that needs a skilled hand to write. We will cover basic coding skills with a heavier focus on the creative process. By creating interactive stories and designing our own characters and backgrounds, students are able to tell any story in a fun and engaging way.

## Building Logical Thinking

Dates: August 5 - 9

Levels: Kindergarten - 3rd Grade

No typing needed! Using hands-on activities and games, students will develop their logical and computational thinking to build a foundation that benefits their future in coding. Coding puzzles, board games, and interactive activities will keep students engaged and working together in fun and thought provoking ways. Designed for younger students and new readers, this allows your student to build their logical thinking to understand how computers process their commands; no computers are used in this camp.

## Animation & Character Design

Dates: August 12 - 16

Levels: Kindergarten - 3rd Grade

Let your creative side shine while learning how to tell stories and create animations in the Scratch programming environment. We will focus more on the creative aspects of program design to allow students to explore the infinite possibilities of programming. Character design, set and setting, as well as creating a narrative together, helps make each session unique and new as the story evolves with those that are telling it. This is the perfect pre-cursor for Scratch Animation

# Kayaking with Breakaway Excursions

## About Breakaway Excursions

New to HMS this summer, we are excited to announce our partnership with Breakaway Excursions! Breakaway Excursions is a provider of adventure-based recreation activities located in Northeast, Ohio. They are just east of Aurora, and they customize excursions for individuals, families, groups and co-workers looking to share a positive experience together. They offer equipment rental and instruction in archery, kayaking, biking, snowshoeing and traditional team building events. For Breakaway Excursions, life is about having experiences and making memories. Doug Hershman is a co-owner and lead instructors at Breakaway Excursions and understands the importance of safety on the water. He is an ACA Certified instructor and has been teaching youth and adult kayaking for 20 years. For more information check out [www.breakawayexcursions.com](http://www.breakawayexcursions.com) or give him a call directly at 440 773-2465.

Our exciting camps with Breakaway Excursions will begin and end on-campus. HMS Transportation is provided to and from the kayaking site.

Date: Thursday, August 8

Time: 5:30 - 9:00pm

Cost: \$65 per person

Min. 15 Max. 30

Okay HMS Summer families! This fun event is for everyone. Get up off the couch and join us for a 1 ½ hour guided river paddle with a 30 minute introductory skills development class. Afterwards we will relax and eat pizza down by the river. This is a great class to learn and improve your kayaking skills and techniques while having fun with your family.

# Enrichment Camps for all Ages!

## Enrichment Camps at HMS

Students of all ages have the opportunity to create, discover, and explore the world around them while enriching current interests and finding new ones! We pride ourselves on the diversity of our offerings as we have programs for all interests and age levels. Enrichment Camps at HMS typically are offered as morning or afternoon half-day options and are taught by professionals in the field.

### Book Cooks

**Instructor:** Laurie Householder

**Levels:** All Ages

**Dates:** June 3 - 7

**Time:** 9:00 - 11:30am

**Cost:** \$235

**Min. 4, Max. 12**

A new adventure in the kitchen! Our dishes will be based on popular well-known children's books. We will learn about the importance of math and chemistry in cooking with HMS Teacher Laurie Householder. Campers will practice math skills by measuring, doubling recipes, and working with fractions. We will explore kitchen chemistry and conduct chemistry experiments each day with dishes that we will mix up, cook, and EAT! For the child who loves art and making crafts, a bit of writing, and crafting will be integrated into the curriculum as we make beverage coasters, and a recipe book...all to take home! Participants will decide together which recipes to make for lunch each day. All activities and lessons are differentiated based on age and developmental level. Lunch and snacks are all prepared during club. No need to pack a lunch this week!

### Horse Camp

**Instructor:** Brassline Stable Staff

**Levels:** Kindergarten - 4th Grade (Fall 2019)

**Dates:** June 3 - 7

**Time:** 9:00 - 11:00am

**Cost:** \$235

**Min. 5, Max. 8**

Campers get to spend a week at a working horse barn. The week will include: grooming the horse, time in the saddle, and horse related educational segments. It will be a week full of fun with our equine partners. Transportation to and from HMS to Brassline Stables is included. The HMS Shuttle will depart promptly from Hudson Montessori School at the beginning time (listed above) each day.

For more information on Brassline Stables, please visit [www.brasslinestables.com](http://www.brasslinestables.com).

# New for 2019 - Aviation Camp with MAPS!

# Activity and Movement Camps

## Activity & Movement Camps

Students of all ages have the opportunity to pursue their own passions and explore new ones through our many *Activity and Movement Camps*. We pride ourselves on the diversity of our offerings, as we have programs for a wide range of interests and age levels. Many of the *Activity and Movement Camps* can supplement other camp programs at HMS.

### BumblyBee Soccer

Levels: 3 - 5 Years Old

Dates: June 10, 17, 24 (Mondays)

July 1, 8, 15, 22, 29 (Mondays)

Time: 9:30 - 10:00am

Cost: \$105

Min. 6, Max. 15

This Stretch-n-Grow Soccer Program is designed to give children their first soccer experience. BumblyBee Soccer is designed as a fun way for children to be introduced to the basic ball skills involved in the game. It is not just pure soccer instruction skills and drills but provides a combination of Stretch-n-Grow fitness. Children will play a variety of movement and skill games, work on eye-foot coordination and balance and learn soccer fundamentals such as dribbling, passing, and trapping. In addition, the concepts of teamwork and cooperation will be introduced in a non-competitive environment. This camp will be led by Tom Duff of Stretch-n-Grow. Come dressed in comfortable clothing, ready for fun! No cleats or advanced equipment needed.

### Yoga Camp

Instructor: Susan Riffle

Time: 9:00am - 10:15am

Cost: \$205

Min. 6, Max. 10

Skill Level: All Golf Abilities Welcome!

Golf is a fun game that can be played throughout your life. To help you learn the key fundamentals of the game, U.S. Kids has developed an instruction program that takes these key fundamentals and makes it easy to understand and fun to play. The program is led by Jeff Camp Jr., a PGA Professional at the Country Club of Hudson.

Each week, your child will be put through a three station wheel working on various skills and games to help them progress in golf. It is a fun and highly interactive environment, with practice games and challenges to test their abilities.

HMS Summer Clinic includes: nine-60 minute classes, Ben Curtis Academy golf gift and balls, practice challenges, and prizes. Students will meet at HMS and then walk over as a group (supervised by a HMS staff member) to the golf course at the Country Club of Hudson, located next door to HMS. Youth clubs are available for use.

# Activity and Movement Camps

## HMS Ballet Camps

Instructor: Jennifer Black

Levels: See Below

Dates: June 10 - 14

Cost: \$175 per Session

Min. 5, Max. 12

## A Fairy Tale Ballet

Session 1: 9:30 - 11:30am

Ages: 3 - 5 Years Old

A Fairy Tale Ballet is a weeklong camp that will teach the fundamentals of ballet while inspiring your child's sense of creativity and self-expression. Everyday we will explore a different fairy tale: hear the story, make props, create movement, and learn a dance while gaining the knowledge of ballet steps and terminology. The end of the week will include a fun, informal performance to show family and friends the routines that they have learned. The magical journey begins here!

## Dance Kraze

Session 2: 12:30 - 3:00pm

Ages: 5 - 9 Years Old

Dance Kraze will excite a child that loves to move! We will be covering the styles of jazz, ballet, hip-hop, lyrical jazz, and musical theater. This five-day camp consists of warm-ups, basic technique, terminology, dance games, and improvisation of each style of dance. The student will also create props, learn a routine in a different style and work together or choreograph their own routine. Parents will be invited to see the routine they have created on the last day of class. This fun camp will give your child an introduction to a dance style they may not have tried before!

---

## Further Information

Camp requirements: Shorts and t-shirts are fine. If you have leotards and tights, that is great. Jazz or ballet shoes would be preferable but socks are fine. Camps are led by Jennifer Black of Fitness Fun For All who has overseen ballet at HMS for over 10 years. She has experience on Broadway and in multiple styles.

# Always be in Motion!

## Flip Flop Gymnastics Camp

Instructor: Jennifer Kontur

Cost: \$205

Min. 3, Max. 10

Get active and have fun with your child this summer in our Parent & Tot Gymnastics Class! The class is designed for children to learn how to be in a class setting and move their bodies in ways that will improve their balance, coordination, gross, and fine motor skills. Each week there will be a new theme that will go along with the activities for the day. Class will start with songs and movement followed by gymnastics instruction and exploration on the gymnastics equipment. We will end each class with a short story and a fun ending activity such as parachute play and bubbles. Parents will have the opportunity to share in the fun and connect with one another.

The camp is led by lead instructor and owner of Learning Ladder Gymnastics, Ms. Jen. Jen has been coaching gymnastics since 2003 and has several years of classroom experience teaching. She also recently served as Physical Education instructor for HMS' Childrens' House.

# Additional Information for Summer at HMS

## Registration

Registration is on a first-come and first-served basis. Early registration is encouraged. All programs are subject to a minimum enrollment and cancellation if not met. In the event that a class is full or cancelled, parents will be notified as soon as possible. Printable registration forms, medical release forms, and waivers are available on our website. Hard copies can be picked up and returned at our main office. Registration and payment is also online at [HudsonMontessori.org/Summer](http://HudsonMontessori.org/Summer).

## Lunch and Snack Time

All-day campers are to bring a healthy and nutritious lunch, beverage, and a snack.

Unless otherwise noted in a camp's description, lunch is not provided by the Hudson Montessori School. If a camper's programming extends beyond 11:30am, please plan to bring a packed lunch.

## Deposit & Refund Policy

A deposit of 50% of total camp fees is due at time of registration. You will be invoiced for the remaining balance. Final payment is due by May 31.

A refund must be requested prior to May 15. There is a \$30 non-refundable processing fee for each cancellation. If HMS cancels a camp, a full refund will be given. No refunds are given for a child who arrives late, leaves early, or comes to a part of a session.

## Arrival & Dismissal

All campers should use the southwest entrance of HMS to check-in with campus staff daily. Signs will be posted to help direct campers to their destination.

At dismissal, each camper should be picked up by a parent or adult listed as approved for pick-up. If a counselor is not familiar with the person picking up the camper, they may be asked to provide a photo ID before the child is released.

## Transportation Available to/from HMS

Again this summer, we will offer camp transportation within the Greater Hudson Area, including nearby towns in Summit, Portage, Cuyahoga, and Geauga counties. We hope this transportation gives families more flexibility by providing to/from travel to HMS. All campers who register for transportation receive free Before- and After-Care. Please contact Auxiliary Programs at [camp@hudsonmontessori.org](mailto:camp@hudsonmontessori.org) or by calling 330.650.0424, ext. 108 to register. The standard rate is \$100 per week for each family.

# Welcome to Hudson Montessori School

HUDSON | MONTESSORI  
SCHOOL

## *A Letter from our Head of School*

Thinking critically, globally and making connections across disciplines. Persisting through problem solving. Learning to work in teams as well as independently. Hudson Montessori School believes in these skills. In fact, they have been our foundation since a group of parents established our school in 1962. As a Montessori school, we approach education in a way that's distinctly different—one developed by pioneering Italian educator Maria Montessori over 120 years ago.

Hudson Montessori School students stand out in how they learn to explore, think, persist, and connect. In our close-knit community, *students from infancy through 8th Grade Level* are deeply-known. They learn at their own pace, using individualized lesson plans. Challenged to achieve their personal best, students leave well prepared for fruitful lives, meaningful careers and responsible global citizenship. And, they love coming to school!

Are you considering your child's first school? Or, has the light in your child's eyes gone out when they go to school in the morning? Please call me at 330-342-7236 or email me at [mvirgil@hudsonmontessori.org](mailto:mvirgil@hudsonmontessori.org). I would welcome the opportunity to show you our school.
