PURPOSE

- Our goal is to provide the best athletic opportunities possible for our kids.
 - **It is NOT our intention to consolidate programs to save money or to limit opportunities.**
- PIAA reclassifies schools and renews cooperative agreements every 2 years for 2 years
- In September 2019, we will submit enrollment numbers to PIAA
 - In January 2020, PIAA will reclassify programs for the 2020-2022 school years
- **We want community input regarding our athletic direction, and how to increase participation and improve programs.**

- *The Influence of Pay-To-Play Fees on Participation in Interscholastic Sports* <https://journals.humankinetics.com/doi/pdf/10.1123/jpah.2016-0099>
 - Upward trend in the number of schools that have dropped sports programs
 - 1999 to 2009 number of schools dropping sports almost doubled from 8.2% to 15.1%
 - 2009 to 2020 estimated to almost double again
 - Increasing numbers of pay-to-play schools and districts in the last two(2) decades
 - Decreasing sports may be attributed to economic reasons

• **Designation of Enrollment Classifications**

- Each school shall be placed in a class for each sport in which there is more than one class, based upon its enrollment as reported pursuant to ARTICLE IV, DUES AND ENROLLMENT REPORT, Section 1, Annual Dues and Enrollment Report, of the PIAA Constitution, for each odd-numbered year. Multi-class boys' sports shall be classified according to total male enrollment in grades 9, 10, and 11 and multi-class girls' sports shall be classified according to total female enrollment in grades 9, 10, and 11. Enrollment figures shall include all Cyber Charter School and Home-Schooled Students; all students attending an Alternative School, a Magnet School, or a Vocational-Technical school; and all students attending a Charter School who are eligible at a school in the school district of their residences. 10% of the total number of these students will be added to those students who are regularly enrolled and in attendance to complete each schools classification numbers.

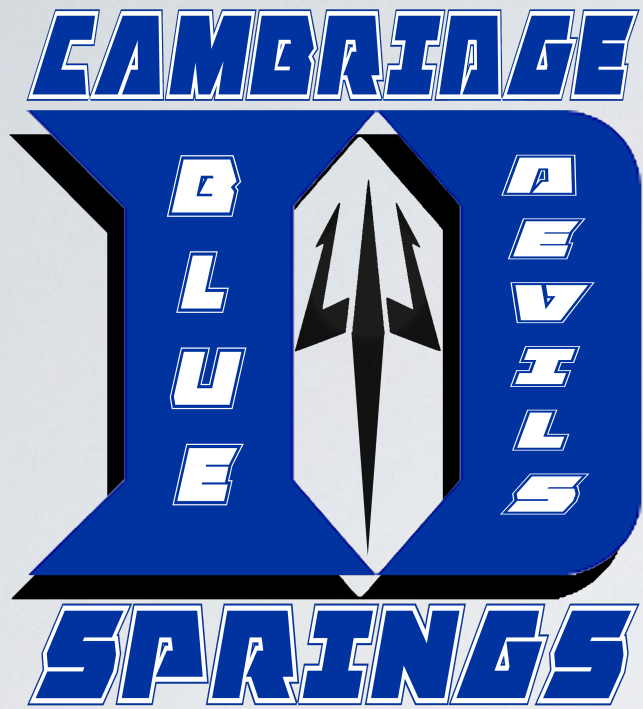

Section 10. Cooperative Sponsorship of a Sport.

A. Philosophy.

The philosophy that guides the PIAA Board of Directors in reviewing and approving applications for Cooperative Sponsorship of a Sport between two or more PIAA member schools is as follows:

1. The Board supports opportunities for greater student participation.
2. The Board encourages projects that combine smaller PIAA member schools for sponsorship of an activity rather than a small PIAA member school combining with a larger PIAA member school when the smaller PIAA member school cannot support the activity alone.
3. The Board will not approve agreements where an intent of the agreement is to improve the quality of a Team (i.e., obtain a better win/loss record).
4. The Board will not approve agreements whereby:
 - (a) any students enrolled at any of the PIAA member schools entering into the agreement would be prohibited from participation in the sports governed by the agreement because of the location of their residence;
 - (b) one of the PIAA member schools is a public school and the agreement would bar any Home- Schooled Students who are otherwise eligible at that school from participating on the Team(s) covered by the agreement; and/or
 - (c) more than one school to the agreement is to host the same sport.
5. The Board will neither consider nor approve agreements with non-PIAA member schools.
6. The public school districts of the participating PIAA member schools must be contiguous and/or overlap.
