

## Three-Term Afternoon Arts Distinction

A student is granted permission to participate in the Afternoon Arts program by demonstrating a consistent passion, dedication and talent within the visual or performing arts. For returning 5th and 6th students, the planning for this distinction begins in the spring prior to the year of intensive study. Planning includes a discussion among the student, his/her Academic adviser and the Afternoon Arts adviser. Planning continues through the summer to define goals for the coming year. The Three-Term Afternoon Arts Distinction in one discipline application is submitted to the Afternoon Arts coordinator and is **due by August 15**.
