York High School Presents "Vaping and Marijuana: Info You Probably Won't Find On Social Media"

Presenter: Dr. Aaron Weiner

Date: April 17, 2019

Time: 6:30 p.m. to 7:30 p.m.

Location: York High School Commons

Aaron Weiner, PhD, ABPP is a board-certified Psychologist and the Director of Addiction Services at Linden Oaks Behavioral Health. He earned his doctorate from the University of Illinois at Urbana-Champaign and completed his fellowship in Addiction Psychology at the VA Ann Arbor Healthcare System. He is a strong advocate for evidence-based care in treating chemical dependency and behavioral addictions, as well as a proponent of integrating behavioral health services into medical settings. Dr. Weiner is passionate about educating both healthcare providers and the general public about the nature and treatment of addiction — helping medical teams provide compassionate, competent care, and empowering patients to be informed consumers about their addiction treatment options. Dr. Weiner is a member of the Board for the Society of Addiction Psychology, and on the Science Advisory Board for Smart Approaches to Marijuana.

STEM Career Expo at Fermilab on April 17

STEM Career EXPO will take place at Fermilab, April 17th 5:30-8:30pm

This event is targeted to high school students and their parents.

Seeking Volunteers for York's New Business Incubator

Are you a business owner or entrepreneur? We need you! York High School will be hosting an information session for individuals interested in volunteering with York High Schools New Business Incubator on Monday, April 29, at 6:30 p.m. in the Learning Commons (2nd Floor). To RSVP or ask questions, please contact Carrie Ricchetti at cricchetti@elmhurst205.org or call (630) 617-2307

Beginning this fall, students at York will have the opportunity to participate in a business incubator through curriculum from INCubatoredu. INCubatoredu offers an authentic entrepreneurship experience as students build a business in this year-long course. Throughout this hands-on course, students ideate, develop, and iterate their own product or service startup in an attempt to gain investment funds in a final pitch event.

Real entrepreneurs and business experts will serve as volunteer coaches and mentors, guiding student teams through the processes of developing hypotheses about a business concept, testing those hypotheses, adapting, and continually learning and improving. We need individuals with business experience that are willing to work with students and share their knowledge and expertise as they create their own business and minimum viable product.
