Welcome to AP Physics C! I'm looking forward to our journey together towards growth in the next year. While no prior knowledge is expected for AP Physics C, outside of what you learned in Physics I or AP Physics I, it is expected that you have a proficient understanding and application of material previously covered so we can hit the ground running.

**Instructions**

- Google** • Go to [classroom.google.com](https://classroom.google.com).
- Classroom** • Log in with your "@mail.strakejesuit.org" email account.
- At the top, click Add+ > Join class.
- Enter the class code: mjtwnr
- Go to the AP Physics C Google Classroom website
- At the top, click Coursework->Unit 0: Summer Assignment->AP Physics C Summer Assignment.pdf
- This document will guide you through all the steps you need to complete the necessary steps to complete the AP Physics C Summer Assignment and prepare for AP Physics C in the fall.
- Completing the 1D & 2D Kinematics Practice Tests is **mandatory** in advance of beginning the class; after reviewing and practicing the material in class, there will be an exam shortly into the school year.
- Please keep in mind that there is **no new material** in this Summer Assignment; it is simply Kinematics review to prepare you for Forces in the fall.
- If you have any questions or are having problems accessing the material, please email the instructor at sberger@strakejesuit.org
