

Antelope Elementary School Community Council Meeting
April 11, 2019 – 4:00pm
Antelope Elementary Library

Attendance: Jeannie DeFriez, Jen Zeigler, Ashleigh Davis, Monica Perez, Wendy Byington, Riley Thomson, Liz Hansen, Cassidy Mellor, Crystal Peterson

Excused: April Tobler

Welcome:

Approval of March Minutes: Unanimous approval

SIP Update/Financial Report: SIP is submitted and will now go to the School Board for approval. Our current SIP will be compared with data coming in from testing that will start in the next few weeks and continue through May. We are still progressing and applying the money to purchases approved.

Report from Learning First Day: Riley Thomson reported back that she went to the Learning First Day. The plan was done and it was engaging to be with other schools doing the same thing and helping each other complete the plans and submit them to the district. All the areas we scored low in, on the survey, were in community involvement. Those are areas we are focusing on, and trying to keep opportunities available for those interested. Looking into getting volunteers, donations and working with the city to have the police department come back in to do D.A.R.E.

Elections: We have the positions available for nominations. Those will go out the end of April and voting will take place in May.

Other Topics: Faculty parking in the south lot is encouraged, but won't be required. There is plenty of parking around and at the school that visitors and parents can park in.

Future Agenda Items:

SB 149 funding

Spring elections

Safety digital citizenship with district presentation (Fall meeting)?
