The Wilton Public Schools does not determine the admission of a student based on the student's disability status. After admission, if the superintendent of schools, or his/her designee, determines that a non-resident student is in need of special education and/or related services, and provision of those services exceeds the per pupil expenditures of the Wilton Public Schools, the non-resident student's receipt of such services will be conditioned upon payment of that portion of the tuition over and above the per pupil cost. For tuition non-resident students, payment for special education and/or related services will be in addition to the tuition cost.
