Principal's Message

To the families of McKinley Elementary School,

I have had the pleasure of being the principal for the past nine years. During my time here at McKinley, I have enjoyed the relationships I have built with our students and families.

At McKinley, the teachers and staff focus on instructional strategies that meet the students' diverse learning needs to achieve academic excellence. The teachers work collaboratively to establish student goals and identify appropriate strategies. We provide a nurturing atmosphere for our students and welcome parents and the community to partner with us to support our students.

Follow McKinley Elementary on Facebook at www.facebook.com/MckinleyElementarySchoolTUSD for school updates, events around campus and special announcements.

Sincerely,

Carla Washington

Principal

School Mission Statement

The success and achievement of our students are a priority at McKinley School. We believe that all students can learn. We are committed to educating all students so that they have the knowledge, skills and frame of mind to be effective communicators and complex thinkers. We are also committed to addressing their physical and social-emotional wellbeing. Our students will ultimately become college and career ready.

Collective agreements:

- Teach the basic skills of reading, writing, listening, speaking and solving mathematical problems.
- Differentiate our instruction to provide students more opportunities to demonstrate and apply the basic skills to think critically, communicate effectively and produce quality work.
- Use research and standards-based curriculum that enhances our instruction and is more connected to real-life situations.
- Integrate technology, science, engineering and other subjects to increase their academic knowledge.
- Assess how well our students are doing and use the results to facilitate learning and improve achievement.
- Maintain a safe and positive learning environment where students, staff, parents and community members are respected, appreciated, encouraged and supported.

About Our School

McKinley Elementary School is a neighborhood school that has been part of the community for more than 60 years. The teachers and staff focus on instructional strategies that meet the students' diverse learning needs to achieve academic excellence.

The teachers work collaboratively to establish student goals and identify appropriate strategies. We provide a nurturing atmosphere for our students and welcome parents and the community to partner with us to support our students. Teachers and staff encourage students to grow personally by teaching and emphasizing the pillars of character in the classroom and around the campus.

At McKinley Elementary School, our motto is "Excellence in Education." We will achieve this by implementing programs to meet the needs of all our students.

Parental Involvement

We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our students' homes. Our school provides a variety of opportunities for parents to be involved in activities supporting our school. Our school engages parents in the following types of activities to increase their involvement and support for student learning: family science night, parent education workshops, book-fair helpers and many other opportunities. We also have a Parent Volunteer Committee (MPV) that meets several times during the school year.

We believe teachers have a responsibility to provide the needed framework for parents to nurture their child's formal instruction at home. We provide materials that can successfully be used at home to reinforce the academic success for children.

For more information on how to become involved at the school, please contact Principal Carla Washington at (209) 830-3319.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Tracy Unified School District prepares our diverse student population to be college and career ready for the 21st century by providing a quality-learning environment in safe, modern facilities equipped with the latest technological tools. Our culturally proficient world-class staff empowers students to reach their fullest potential and prepares students to solve real-world problems by utilizing best instructional practices and collaborating with the community, businesses and institutions of higher learning.

District Vision Statement

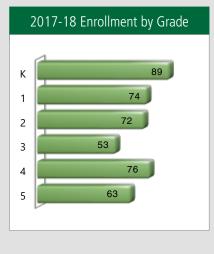

All students in Tracy Unified School District will become lifelong learners, responsible citizens, and leaders in the 21st century.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2017-18 school year.

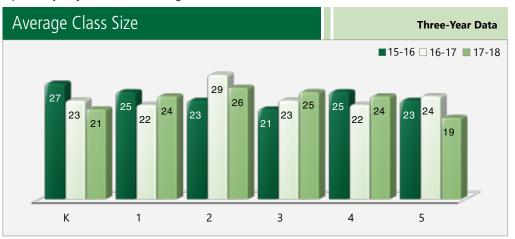

Enrollment by Student Group

The total enrollment at the school was 427 students for the 2017-18 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

The 2016–17 and 2017–18 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

- 1. Aerobic Capacity
- 4. Abdominal Strength and Endurance
- 2. Body Composition

3. Flexibility

- 5. Upper Body Strength and Endurance
- 6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2017-18 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA)

test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments

include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www. cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/ Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3-5.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and including some site administrators, reviews the recommendation and then recommends a textbook to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2018.

The district chose its most recently adopted textbooks (English language arts) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). The district is in the process of evaluating and selecting history-social studies instructional materials for grades 6-8 using the state-approved list for grades 6-8.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents. 7

School Safety

At McKinley Elementary School, our aim is to provide a nurturing, positive, safe and healthy environment that honors diversity. We provide clear expectations for student behavior and distribute the district safety handbook. The principal conducts classroom and grade-level meetings to emphasize school rules in a positive, respectful way. We have student-conflict managers visible during all recesses to help students resolve minor conflicts they may have with their peers.

We encourage parents to report concerns. Parents are contacted for most disciplinary issues and feel safe, in part, because incidents are investigated and addressed. Supervision staff meets regularly with the principal to discuss issues and the best ways to monitor student safety. McKinley has a comprehensive safety plan that includes annual preparation and planning. Teachers are updated on the school plan annually, and it is revisited throughout the school year. Each year, the school is inspected by the fire marshal, and monthly safety drills prepare students and staff in the event of a fire, earthquake, etc.

The safety plan addresses fire drills; shelter-in-place, lockdown and earthquake procedures; student evacuation; emergency student release; and emergency communication.

The school safety plan was last reviewed, updated and discussed with the school faculty in August 2018.

Types of Services Funded

About 58 percent of the district's income is spent on employee salaries, and 23 percent is spent on employee benefits. Books and supplies account for 10 percent of the district's spending, an additional 10 percent is dedicated to services and operating costs, three percent is used for capital outlay, and two percent is spent on other district outgo. Expenditures are expected to exceed revenues by approximately five percent.

All of our Kindergarten through third grade classes comply with the California Class Size Reduction program limits. We offer a Bilingual Education and a GATE program at South/West Park Elementary School. We provide special programs at our high schools that include Agricultural Career Technical Education, a Space and Engineering Academy, a Medical And Health Services Academy.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facilities

General

The Tracy Unified School District takes great efforts to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility-survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of McKinley Elementary School for the 2018-19 school year and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Age of School/Buildings

This school has 20 classrooms, a multipurpose room, kitchen and administration building. The main campus was built in 1954 and underwent major renovations in 2011-12. Additions were constructed in 1959 (two new classrooms), 1970 (three relocatable classrooms, which were removed in 2011-12), 1982 (one relocatable classroom, which was removed in 2011-12), 1986 (six relocatable classrooms, which were also removed in 2011-12), 1993-94 (modernization on eight classrooms, the multipurpose room and a workroom) and 2011-12 (11 relocatable classrooms were replaced as part of modernization and modernization of all remaining classrooms).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state-deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Teachers without a full credential include teachers with district and university internships, pre-internships, emergency or other permits, and waivers. For more information on teacher credentials, visit www.ctc.ca.gov.

Professional Development

New teachers to the Tracy Unified School District are required to participate in the Tracy Teacher Induction Program (TTIP). This involves six full days of pre-service and four days of follow-up during the year. At this time, teachers are introduced to the district and their site and receive training on classroom management, content organization and lesson design. All activities are based on the California Standards for the Teaching Profession (CSTP).

Throughout the year in the TTIP, teachers are additionally supported in the classroom on a regular basis by a staff-development specialist. New teachers who qualify for the Beginning Teacher Support and Assessment (BTSA) program to clear their preliminary credentials will be assigned a BTSA support provider and will work through the modules of the Formative Assessment of California Teachers (FACT).

The district offers professional development opportunities for all staff members throughout the school year. This includes (two pre-service days plus three buyback days) each year.

Every Monday, students are released early from school at 1:30 p.m. to allow teachers to participate in professional-development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.
