The Action Teams for the Strategic Planning process met Wednesday, May 8 to continue work on their action plans.

Each team has developed a solid draft for their Action Plan. [Click here](#) to see the template Action Teams are using to document their plans. The drafts will be reviewed by Cabinet members on May 14. The Cabinet is working to ensure that there is consistency across the action plans and no unnecessary redundancy.

Work on the action plans will continue through the end May in preparation for the June 5 meeting of the Strategic Plan Steering Committee.

The goal is for each strategy to have a specific number of action steps that are both doable and measurable, along with a clear and specific cost analysis. [Click here](#) for more information about the Strategic Planning Process.
