

PRESCHOOL OBSERVATION PERMISSION FORM

While we make every effort to get to know your child during the developmental assessment and the group observation, we recognize that children often react in unexpected ways to new situations and environments. In some cases, we find it beneficial to also observe a child in a setting that is familiar to them and where they feel safe and comfortable with the classroom routine.

We may visit your child's preschool in January or February. We will contact your child's preschool and teacher directly to schedule an observation time that is convenient for the school and Crane's admission committee. For out of town applicants and preschools that do not accommodate such visits, we will communicate directly with your child's teacher.

I, hereby, give permission for my child to be observed at their current preschool by a member of Crane's admission committee.

Child Name

Parent Name

Parent Signature

Date

Please provide contact information for your child's preschool.

Name of Preschool
