

## ORDERING BOOKS MKA Middle School

This is a reminder that for the upcoming school year MKA will once again be working with MBS Direct. With a few exceptions, books must be ordered online and will be shipped directly to your home. You are, of course, free to write down the book information (look under “Show Details”) and purchase the books elsewhere (e.g., amazon.com, Barnes and Noble, etc.) but be sure to purchase the same edition that MBS is selling so your student can follow along in class or on homework assignments. The MBS Virtual Bookstore will open August 1. **NEW THIS YEAR**, we have negotiated a flat \$5.99 shipping fee with MBS regardless of how many books you may buy. This will be the shipping cost throughout the year and there will **not** be a two week free shipping option.

There are classes that are not listed on the MBS site. These classes may have an online version, which students will get access to in class, or they may receive their books in class and will be charged through their bookstore account, or finally, they may use classroom copies, for which they are not charged (eg., 6<sup>th</sup>, 7<sup>th</sup> & 8<sup>th</sup> grades science and math).

I have the list of foreign language assignments for 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade, so please feel free to contact me during the summer if you do not remember which foreign language course your student is signed up for. **If there is no class listed on the MBS site, then there are no books to purchase at this time.** The bookstore will carry extra copies of workbooks that may get lost during the school year, but limited quantities will be available.

Here are the instructions for ordering books. I recommend you go to the MBS site while reading these instructions as it may help you through the process.
