

# GAME CHANGER

.....

OES AT 150

This changes  
everything.

A new facility.  
An expanded vision.  
And a whole new era for OES.

**Oregon Episcopal School** has given students room to grow—intellectually, spiritually, socially, and physically—since its founding as St. Helen's Hall in 1869. This game-changing campaign will support that mission by helping us realize our vision of an athletic center, one that energizes our athletes and programs *and* creates a community hub, connecting all three school divisions in meaningful ways.

Just as important, in celebration of OES's 150th anniversary in 2019–20, the campaign will strengthen the endowment to support future Aardvarks. With your help, our students will continue to exercise their power for good—for the next 150 years. 🦔

# Changing the game on the field and off

## THE RENOVATED AND EXPANDED ATHLETIC CENTER WILL

- **Give our students and programs room to grow.** The OES student body has more than doubled since the original gym was built in 1964. We take our no-cut policy seriously—and as a result, we need more space!
- **Provide a homecourt advantage.** OES has earned nearly 40 state titles in just the last decade. Our student-athletes deserve a place they can be proud of—one that reflects their commitment and the excellence of our program.
- **Inspire future generations of athletes.** Past upgrades to our turf field and track allowed those programs to soar. Now it's time to provide the same advantage to basketball and volleyball. The goal? To become one of the top scholastic-athletic programs in the country.
- **Build leaders from the ground up.** It's always been a strength at OES, and in recent years, our Student-Athlete Leadership class has been a key part of that commitment. The new facility will support extracurricular leadership development for even more students in years to come.

Whether it's for P.E., a competitive sport, or just hanging out, the new **Athletic Center** will be the campus hub.

"At OES, every kid is an athlete and every kid needs the opportunity to develop long-term wellness and leadership skills. This space will encourage that."

— DENNIS SULLIVAN

*Director of Athletics*

## WHAT HAPPENS WHEN BASKETBALL AND MINDFULNESS COME TOGETHER?

A little bit of Lower School magic. The Basketball and Mindfulness program (BAM!) integrates OES's mindfulness curriculum with the building of coordinated basketball skills. The new facility will help this hugely successful program continue to grow.

# 76

OES FIELDS 76  
ATHLETIC TEAMS—  
UP FROM 35 IN 2005!

**SUPPORT OUR MISSION OF FOSTERING SPIRITUAL, EMOTIONAL, AND PHYSICAL GROWTH.** Our expanded athletic facility will provide a central hub for all-school gatherings—and a place where Aardvarks big and small can learn, play, and grow.

## The new Athletic Center will include

- Competition basketball/volleyball court plus two practice courts
- Team rooms for OES and visiting teams
- Expanded space for P.E. and wellness
- Ample seating for all-school and family events
- Hang-out and activity spaces for students and families
- Athletic Department offices
- Concessions area
- Outdoor play/gathering areas

"I envision the new Athletic Center as a key campus gathering spot, as well as a place where athletes create strong bonds with their teammates and coaches."

— **MISSY SMITH**

*Associate Director  
of Athletics*

# Join the team.

**The Bell Society** at Oregon Episcopal School honors people who make gifts to the endowment during their lifetime and/or provide for OES through their estate plans.

In honor of our 150th birthday, we're aiming to grow the Bell Society to 150 members. Help us change the game for future generations. 🦔

**BE A  
GAME CHANGER.**
