

# Girls Who Code Summit

Hosted by Workday  
Saturday, June 1 9am - 3pm

Girls Who Code is a non-profit, nationwide organization that supports young girls to learn about coding. Our club is a free program that aims to support and increase the number of women in computer science by focusing on teaching 6-12th grade girls how to code.

## Event Overview

Workday, an enterprise software solution company, is partnering with Girls Who Code of Monterey to host a day full of computer science fun! **The event is open to 6th-12th grade girls.** Participants will participate in workshops hosted by women currently working within the tech industry, as well as gain hands on experience in a robotics workshop. No programming experience required!

## When?

June 1, 2019. Check in starts at 9am sharp. Event will finish at 3pm

## Where?

Monterey Peninsula College, 980 Fremont St, Monterey, CA
