A Message to Pingry Families,

Fostering a love of reading is one of the greatest gifts we can give our children.

The Lower School Library Summer Reading Lists have been developed to encourage reading and to guide our students with their book choices during the summer. Reading for pleasure helps to build reading skills and instills a love of reading that will last a lifetime.

We recommend that students read a variety of books from their reading list. Many different books, from challenging to easier choices, are listed. While specific book titles are suggested, students may choose any book by the authors listed. Titles are annotated to help in the selection process.

Children are not expected to read all the books on the list; these suggestions are intended to provide many possible choices.

We hope every child will find something on the list which will spark their interest in reading.

The following information and resources can be found in this booklet:

- **Postcards to the Library Program** Students send picture postcards to the Library and share information about the books they are reading. See directions for participation on the next page.
- **Reading Log** Set a reading goal, and record all the books read during the summer.

Browse the <u>Lower School Library Website</u> for subscription databases and other online resources for research and related activities. (These resources require a username and password for login.)

Have a Wonderful Summer and Happy Reading!

Sincerely,

Mrs. D'Innocenzo Lower School Librarian

I am having fun this summer.

I go to soccer camp during the day, go swimming with my friends, and read every night before dinner.

I read <u>Charlie and the Chocolate</u> <u>Factory</u> by Roald Dahl. It was a great book and I loved it!
