**AES** |  
EXTRA  
CURRICULAR  
ACTIVITIES

**SAUSALITO CAMPUS | SEPTEMBER 9TH TO JANUARY 17TH**

## GOALS OF THE AES DEPARTMENT & PROGRAM

Dear all, we wish our entire Sausalito community a safe and enjoyable summer vacation. If you have not already done so, we would like to take this opportunity to invite you to our summer camp programs offered over 9 weeks from June 24th to August 18th. Registrations can be made here: [www.lelycee.org/summercamp](http://www.lelycee.org/summercamp). Our team is pleased to present another exciting round of activities for semester One 2019|20. Please note that registrations will open at 12 pm on Wednesday, 5th June. The enrollment period will run through the summer and close on Friday 30th August. Changes and refunds can be made during the first two weeks and will close officially on Friday 20th September.

We have also changed the Semester Schedule by adding in more weeks into Semester One. This will allow our families a smoother transition in the Semester Two registration period. Semester One will now run through the Winter break up until the end of January.

Please be sure to check and refer regularly to your Secured Parent Portal Website account. Here we have uploaded and updated the AES 2019|20 Parent Guidelines for your reference. We highly recommend for you to download and read carefully through this document.

We believe that participation in our activities will provide students a significant opportunity to become involved with other students and their coaches in an educational experience that takes place outside of the classroom while respecting traditional French/American traditions and customs.

As always, our door is always open and we will endeavor to answer any of your questions or concerns in a timely manner. We wish you and your family an enjoyable 2019|20 school year!

### **New Exciting APC's semester one**

**Tiny Techies for K-1st**

**Minecraft**

**Typo A**

**Introduction to Microsoft Basics**

ENROLLMENT STARTS  
WEDNESDAY JUNE 5th!  
ON ACTIVENET!

Extracurricular Activities

## IMPORTANT INFORMATION

### SESSION DATES

Session One: September 9th to January 17th 2020  
Make up week is scheduled between January 21st-30th

### PAYMENT

**REGISTRATION IS ON-LINE ON ACTIVENET**

[www.lelycee.org/inscriptions](http://www.lelycee.org/inscriptions)

You can only enroll your own child. Once enrolled you will not be able to make any changes. For any changes, please contact us.

### PAYMENT OPTIONS ARE:

- A. A one time payment at no additional charge
- B. A payment plan with 3 installments is available:
  - Initial payment is 50% of the activity fee, then 25% on October 1st and 25% on November 1st.
  - A one time additional credit card fee of \$12 is charged by the system for each payment plan (no refund).

### ENROLLMENT MODIFICATIONS

Changes, transfers, refunds are possible within 2 weeks of registration deadline:

#### **Session ONE Enrollment Deadline : Friday, 20th SEPTEMBER (NO REFUNDS GIVEN AFTER THIS DATE Friday, 20th September)**

A \$10 processing fee will be charged for any change, withdrawal or refund made after enrollment. After these deadlines, no new registrations, transfers and refunds will be accepted, even for a withdrawal. Only in certain circumstance can a refund be given. For example due to a medical condition accompanied by a medical professional certificate.

ACTIVITIES OR PROGRAMS MAY BE SUBJECT TO CHANGE AT ANY GIVEN TIME. WE WILL DO OUR BEST TO COMMUNICATE ANY CHANGES OR CANCELLATIONS WHERE & WHEN POSSIBLE.

Please note that due to unforeseen circumstances, activities may be cancelled during the semester that are out of our or the school's control. If this occurs, a refund will be given for any remaining classes.

**Note: Activities and programs require a minimum of six (6) students required for that activity/program to run unless communicated otherwise.**

Total sessions per day for Semester Two:

Monday - 15

Tuesday- 16

Wednesday/Thursday- 15

Friday - 15

PLEASE NOTE: THIS AES SCHEDULE IS SUBJECT TO CHANGE AT ANY TIME DUE TO CIRCUMSTANCES OUTSIDE OF OUR CONTROL. WE HAVE DONE OUR VERY BEST TO WORK WITH THE ADMINISTRATION TO MAKE IT AS ACCURATE AS POSSIBLE. WHEN POSSIBLE, WE WILL DO OUR BEST TO NOTIFY YOU OF ANY CHANGES AS SOON AS POSSIBLE.

**NOTE: STUDENTS ENROLLED IN AND OUT OF CAMPUS DO NOT RETURN BACK TO THE CAMPUS AT THE END OF THE ACTIVITY OR PROGRAM.**

**AES IS NOT RESPONSIBLE FOR DAYCARE OR ETUDE REGISTRATIONS**

**NOTE: WE HIGHLY RECOMMEND THAT IF YOU ENROLL YOUR CHILD IN ANY ACTIVITY AFTER 4PM THAT YOU TAKE AND ENROLL IN "THE YEARLY DAYCARE" OPTION. THE DAILY DROP IN OPTION IS ALSO AVAILABLE #4058**  
**ANY QUESTIONS PLEASE CONTACT: [ESTORME@LELYCEE.ORG](mailto:ESTORME@LELYCEE.ORG)**

# CULTURE

**FRENCH DRAMA (2ND-5TH) | MONDAY \$315**

Enter onto the stage and in the French culture with Gregory! Be a member of a troupe, learn to feel comfortable in front of an audience, work your memory and your speech enunciation while playing sketches or improvisations! Present your production at the end of the session!

*Instructor:* Gregory Galin

**CHESS (K-5th) | MONDAY \$330  
ALL LEVELS**

Learn chess in a fun, engaging, and dynamic environment. Our philosophy is to instill the love of the game. As a result, we're able to witness firsthand our students developing patience, strategic planning ability, and critical thinking skills. They also come to understand that decisions, both on and off the chess board, result in consequences. Class caters to all levels and all participants receive our exclusive workbooks. If you have any questions regarding the program, please feel free to call (888)44-CHESS or go to [www.academicchess.com](http://www.academicchess.com)

*Instructor:* Academic Chess

**DEBATE/MOCK TRIAL (3rd-5th) | TUESDAY \$300**

Debate is one of the oldest forms of human communication. Perfected by the Greeks over 2,000 years ago, debate continues to play an important part in our country's democracy. This fun, engaging class gives a forum for each student to express themselves fully and confidently, regardless of their position. They will learn how to express themselves freely through language and learn how to be effective communicators through various time-tested, age-appropriate activities. Additionally, this class learns about the basic functions of the U.S. court system through 'Mock Trials' where students will role-play as lawyers, judges, jury members, and defendants. Always a big hit! Come learn all the tools of effective debate and public speaking by joining us in weekly 'symposiums' where ALL opinions matter!

*Instructor:* Parker-Anderson Enrichment

## CULTURE

### ELEMENTARY COOKING (3RD - 5TH) | FRIDAY \$465 (INCLUDING MATERIALS & INGREDIENTS)

Hello! My name is Lamia Spohn and I'm a Pastry Chef Manager at Choux Bakery in San Francisco. I have taught at SFBA, EFBA, and the SF unified school district. I love to teach and my passion for food also involves the science part, preparation, safety and the importance to eat healthy. Together, I will introduce you to new flavors, and an appreciation for each ingredient. I will introduce you to the basics and French cooking techniques as well as sharing a few secret recipes. For this class, healthy eating is teaching our kids about what is in their refrigerator and pantry at home.

**Requirements for students:** Each student will need to wear an apron and gloves. Respecting and following the rules of the Head Chef is non negotiable.

*Instructor:* Lamia Spohn

### DANCE & BALLET PrK 1 & 2| WEDNESDAY \$330 DANCE & BALLET K-2nd | WEDNESDAY \$330

4-5-6 Year old class:

Igniting the Joy of Classical Ballet Class: This class is designed to give your young child a wonderful introduction in the basic principles of classical ballet/modern dance. The focus for the 4- 6 year olds will be on beginning to develop dance technique with an emphasis on creativity musicality, rhythm, and placement. In this class, students will refine their skills in marching, skipping and leaping, and learn short ballet combinations and choreography. This class is appropriate for girls and boys new to dance and those with previous dance experience.

7-8 Year old class:

This class is designed to give children a solid foundation in the principles of classical ballet/modern dance focusing on technique with an emphasis on musicality, rhythm, and placement. The children will learn creative, beautiful, fun choreography and will be encouraged to reach her or his highest potential.

Instructor Jacqueline Low believes that classical ballet should be taught with discipline, focus, creativity, and FUN to sustain a child's natural "Joy of Dance. This class is appropriate for boys and girls new to dance as well as those with previous dance experience. Parents will be notified of observation days and performances. For more information about Jacqueline please visit her website [www.joyofdanceballet.com](http://www.joyofdanceballet.com).

*Instructor:* Jacqueline school of Ballet

### ART & CRAFT (PrK) | FRIDAY \$315

This activity is designed for the development of our PreK's fine motor skills. They will take part in various activities using sets of beads, paint, manual construction. They will also discover a few different forms of art practiced throughout the world and civilizations.

*Instructor:* Kathy Von Nagel

## ATHLETICS

### CAPOEIRA (K-5TH) | MONDAY \$315 BEGINNERS ADVANCED

Come try this class and learn the basic positions and movements. Students will be taught the “ginga” and how to play with each other in the “roda” (Capoeira performance circle) and will also learn songs in Brazilian Portuguese. For those students who participated in last years beginner class, please register into the advanced session.

*Instructor:* Ivan de Silva

### YOGA 1 (PrK 1& PrK 2) TUESDAY \$320 YOGA 2 (K - 5TH) TUESDAY \$320

With the fast pace of today’s world, Yoga for Kids helps children cultivate peace and calmness by balancing the mind and body all while having fun! Yoga for Kids takes a silly to calm approach allowing students to be involved in the creative and imaginative classes that always end in relaxation. Teaching children the benefits of yoga and mindfulness so they know how to take care of themselves and each other from a young age helps develop life long healthy habits and balanced individuals.

This class will help children cultivate a calm mind and balanced body while having fun and being creative! Classes promote physical, emotional and social development for all children and leave kids feeling happy, focused and relaxed! Alexandra Rossi has been teaching yoga and mindfulness for the past 10 years . She is currently training adults to become kids and teen Yoga teachers .... You can contact her with any question at [yogalexssi@gmail.com](mailto:yogalexssi@gmail.com)

*Instructor:* Alexandra Rossi

### AIKIDO (K-5TH) | TUESDAY \$432

Aikido is a Japanese Martial art founded in the 20th century by Morihei Ueshiba. The main focus of the art is to learn to harmonize and blend with an attacker’s incoming energy. The art puts as much emphasis on the moral and spiritual aspects of the training as the applicable self defense techniques. John LaGatta has been studying martial arts from Japan for over 25 years, and holds the rank of 4th Dan in Aikido. This program will be taught from a curriculum standpoint developed over years of working with children in a school setting. Children will have lessons in English, French, and Japanese. There will also be examinations for rank at the end of every term. Note: This is a one year commitment, students will be rolled over from Semester One.

*Instructor:* John LaGatta

# ATHLETICS

**KUNG FU - ANIMAL POWER (K-5TH) | FRIDAY \$390**

**\*Note Year Long Commitment Automatic Rollover For Semester Two**

**If you are interested in enrolling for this program.**

**Grades K | Grades 1st - 5th**

**For New Students \$92 for K-1st Uniform+Books | \$102 for 2nd-5th Uniform+Books (TO BE PAID VIA CHECK)**

Kung Fu Animal Power (Grades K) builds virtue and good character, strong athletes with proper body mechanics, whole body strength, flexibility, and coordination. Master the lessons of the Kung Fu Animal Power, each Animal includes 4 parts; the Virtue Lesson, Body Mechanics Lesson, Animal Drills to master the body mechanic, and Animal Moves that are the self-defense techniques. After we study each animal, then you'll earn a cool animal patch for your uniform.

In addition to systematic physical training in class, each animal also has a "Fu" or "Lucky Fun" Book. Each of these activity books contains: a Biology Lesson, Virtue Lesson, Discussion Questions, Chinese Lessons, Games, Mazes, Coloring, Folk Stories, Wise Sayings and Idioms, a Fable, and Pictures of all Drills and Moves. A Student Guide introduces all 18 animals and explains what Kung Fu is and why we practice it. We read from the books, and discuss them, every class to teach the lessons of each animal.

Animal Power (Grades 1-5) Apart from the awesome Kung Fu Animal Power physical training, and Classic Moral Virtue instructions, kids G1+ and above will learn practical self defense moves and theories. Our Child will learn practical defense skills suited to a child's body and mind. Dodging, Break Grabs and Escape Skills, Blocking and Covering Up, Falling and Rolling to prevent injury, Defense on the ground against a standing opponent. In addition to systematic physical training in class, each animal also has a "Fu" or "Lucky Fun" Book. Each of these activity books contains: a Biology Lesson, Virtue Lesson, Discussion Questions, Chinese Lessons, Games, Mazes, Coloring, Folk Stories, Wise Sayings and Idioms, a Fable, and Pictures of all Drills and Moves. A Student Guide introduces all 18 animals and explains what Kung Fu is and why we practice it. We read from the books, and discuss them, every class to teach the lessons of each animal.

*Instructors:* Kung Fu Animal Power School - Noah Tartarsky Omarzu

**BASKETBALL \$336**

**(K-1st) | (2nd-5th) TUESDAY**

Let's work on building the fundamental skills of the game while learning the value of team work, communication, and exercise. Practice your handling skills, including dribbling skills, as well as passing techniques, proper shooting form, conditioning, good offensive and defensive stances. From practicing proper techniques to fun games (like steal the bacon, stop and go, keep away, bump ball, triple shot, etc), enjoy a non-competitive atmosphere in the gym. Learn fundamental movement skills and build overall motor skills. Group skill fun competitions to help reinforce the technical learnings of past lessons (e.g. dribble, footwork, passing, receiving, shooting). Introduction to team principles/concepts but avoiding actual 5x5 competition until fundamentals are further developed.

*Instructor:* Mt Tam Adventures

**MINI TENNIS**  
**(K-2ND) | WEDNESDAY \$405**  
**TENNIS**  
**(3RD-5TH) | WEDNESDAY \$405**

Learn tennis with Higgins Tennis on the perfect sized mini-tennis court that is just the right size for learning how to play! They provide the racket, softer and larger low-bouncing balls and teach children all the stroke fundamentals including: forehands, backhands, and the basics of rallying. Then children incorporate what they have learned into games like “Catch the Mice”, “Feed the Monkeys”, “Skyball”, and “Castle”.

If it rains, they have a indoor curriculum. The curriculum is age appropriate, engaging, and will continue to use the same games-based learning that we use in our outdoor class.

At the end of each session children earn a medal!

All classes taught by Higgins Tennis certified pros. Over 600 children a week participate in their programs at schools and tennis facilities all over the Bay Area. Company owner, William Higgins, ran the largest junior tennis center in the world, the Barnes Tennis Center in San Diego and played on the ATP professional tour.

*Instructors:* Higgins Tennis

**JUDO BEGINNER & ADVANCED (K-5TH) | WEDNESDAY \$696**  
**\*Note Year Long Commitment Automatic Rollover for Semester Two**  
**BEGINNERS 3:45-4:45 pm**  
**ADVANCED 4:45 - 5:45 pm**

As created by Jigoro Kano, Judo (literally ‘Gentle Way’) is an intellectual, physical and moral method of education. It includes throwing, pinning and submission techniques. Judo is also educational and has fundamental values which are part of the Judo Moral Code: Friendship, Courage, Sincerity, Honor, Modesty, Respect, Control of Oneself, and Politeness. Be ready to share those values with William a black belt, through regular practices, and participating in clinics, local, state or abroad tournaments, and group training with other schools. Every year you could reach a new level rewarded by a colored belt!

Note: This is a one year commitment, students will be rolled over for Semester Two.

*Instructors:* William Desmole

## ATHLETICS

## S.T.E.A.M

### **MINECRAFT (1st-5TH) | MONDAY \$315 & WEDNESDAY \$315**

Come play the most popular computer game on the planet! Create individual worlds using specific building techniques and learn the basics of 'command blocks,' as well as how to change the look of the game in an infinite number of ways. This class will be especially fun for those students interested in ARCHITECTURE and/or ENGINEERING but first-timers are encouraged to join as we explore the world of Minecraft by learning strategy, team building, and cooperation skills. Hope to see you in this exciting class in the Fall!

*Instructor:* Parker Anderson Enrichment

### **INVENTOR TEAM JUNIOR (2nd-5TH) | THURSDAY \$315**

A team of teachers collaborating with Anton Ritzu, our Technology and Innovation Coordinator will help our students to grow fantastic STEAM-centric content all wrapped inside our core vision to inspire creative, compassionate leaders of tomorrow. Our project-based curriculum will get our students excited about research, problem solving and communication. Through the innovation lab we will create fun inventions combining mechanical, electronic circuitry, 3D printed material but also use artsy Tinkercad design, emotional intelligence and environmental sensitivity. We will also program robots and develop computational thinking skills in an informal, out-of-school setting but still linked to the French Maths, Science and Technology.

*Instructor:* Serge Djemboula

### **TYPO A (3rd-5TH) | MONDAY \$315**

Type A+ has successfully taught students grade 2 through 12 how to touch type for 7 years. Students learn the proper techniques for developing muscle memory needed for accurate computer keyboarding. Trained and experienced teachers will also work on speed development.

Significantly reduce time on computer- related homework. Improve Standardized Test scores. Students can advance to the number-key pad for mathematical assignments. Give your student the Advantage of Touch Typing -a life long needed skill.

*Instructor:* Typo A

### **INTRO TO MICROSOFT BASICS (3rd-5TH) | MONDAY \$315**

Word is a powerful processing program used to create, edit and save new documents. In this class students will learn to create and format documents, insert and edit images, charts, and more! Using quick tips, shortcuts and time-saving tricks, students will be able to zip through homework and make well-formatted and attractive papers!

*Instructor:* Typo A

S.T.E.A.M

CODEFU (K-5th) | FRIDAY \$390

Code Fu: Mini Coding Dojo

Using iPad/Asus Tablet applications like Scratch Jr, Kodable, Light bot, and Bloxels coupled with hands on board games that promote social problem-solving, Code fu's K-2 Dojo teaches students the computational logic of Computer Science/ coding as well as provides them with an introduction into a number of block based coding languages. The second session will focus on tangible coding and will be introducing robotic coding using a number of Coding Robots such as Cubetto!

Instructor: Code fu

TINY TECHIES (PreK) & (PreS) | TUESDAY \$352 & THURSDAY \$330

Tiny Techies for preschool students introduces hands on robotics and interfacing that combines interactive technology and art! We make solar generated art, build robots, cars, and paint bots, make wearable gadgets, and explore the power of magnets! Our designs and engineering come alive when we add motors, lights and conductive materials. We will make a technological marine harbor with robot fish, boats and barges! Let's dream up the machines of the future! The classes are designed by Diva Helmy, a preschool teacher and graduate of the Parsons Paris Art, Media and Technology BFA program in France and the MFA program at the University of Bergen in Norway. New projects are offered each term for returning techies!

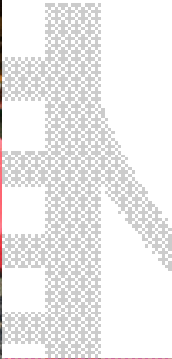

Instructor: Diva Helmy

TINY TECHIES (K-1st) | TUESDAY \$352 & THURSDAY \$330

Tiny Techies for kindergarten and first grade students is an interactive art and technology experience. We provide tools to design and engineer robots, vehicles, and robotic cities; make solar and wearable art and experiment with the mechanics of gears, motors, lights and conductive materials. We will develop our problem-solving skills through exploring the coding process: how can we program robots to reach targets? Our teaching style supports inquisitive learning as we experiment with themes such as: solar/wind energy, e-waste, architecture, physical computing, circuits and biology. Examples of our technological materials include: vibration motors, copper tape, generators and tilt sensors. The classes are designed by Diva Helmy, a preschool teacher and graduate of the Parsons Paris Art, Media and Technology BFA program in France and the MFA program at the University of Bergen in Norway.

Instructor: Diva Helmy

# MUSIC

**PRIVATE MUSIC CLASSES (K-5th)**  
**PRICE: \$44 / HALF HOUR LESSON**

Private music Lessons: provide the most individual attention and accelerated learning on the piano. Private lessons focus on the individual student and his/her needs and goals, and help to nurture the growth of natural musical talent. These lessons focus intensely on all aspects of music-making: technique, musicality, talent, discipline, and passion. Beginning students will learn music note-reading as well. [www.vibomusic.com](http://www.vibomusic.com)

**PIANO | TUESDAY**

*Instructors: Vibo Music*

For more information please contact Victor at [vibomusic@sbcglobal.net](mailto:vibomusic@sbcglobal.net)

**PRIVATE BALLET CLASSES (K-5th) | MONDAY ONLY**  
**PRICE: \$120/ 45 Minute Private Class**

Correcting my first position.  
Private dance work is designed to fit the specific needs of children. One-on-one sessions are designed to enhance flexibility, strengthen correct alignment, nurture artistic expression, and promote “wholeness” in one’s body-mind connection. Some of the reasons that children study privately with Jacqueline are:

1. To help a child “catch up” with their ballet peer group and strengthen their understanding of correct ballet placement, alignment, and technique so they can be placed in a proper class for their age group.
2. To get a child “ready” for an audition.
3. To help a child choreograph “their solo” ( their “personal story”) that is transformational in content and to be performed.
4. To address special needs of children who require strengthening in certain muscle groups; to correct feet that turn inward severely (pigeon toe); to help correct a child’s gait; to aide a child in feeling more physically self-confident; and to bring a child a heightened awareness of their body in space. This work also helps a child feel “more at home,” more graceful, and more in control of their body. Children who are nonverbal have found great joy, creative self-expression, and fun through one-on-one movement work.

How does this work differ from physical therapy or emotional therapy work? Jacqueline’s unique background as a dancer, choreographer, transformative movement specialist, healer, and intuitive helps make her work with children very focused, fun, playful, highly creative and directly addresses what each child really needs.. She believes that a “spoonful of creative sugar” helps the medicine go down even in the most challenging of situations. There is a profound connection between the body, mind, spirit, and emotions. Her deepest desire is to help integrate these aspects so a child experiences greater harmony within her or his body uncovering a life-enriching natural spontaneity. It is Jacqueline’s passion to support every child to their fullest potential.

## NON AES - STUDY HALL & SHUTTLE STUDENTS

### FROM MONDAY TO THURSDAY | \$15 PER STUDY HALL

45 minutes of homework assistance with LFSF teachers and assistants in French.

- 5 students max 1st

- 8 students max 2nd, 4th, 5th grades

Children are helped, advised and little by little are taught to become autonomous. If there is any time left at the end of the session, the children are encouraged to do silent reading.

### YEAR ROUND CAMPS

We conduct highly-valued French Immersion camps during school scheduled vacation time across all 3 of our campus locations. Our camps are conducted in a safe and fun environment with experienced and well trained LFSF staff. For each specific camp, our aims are to organize and structure each one with impeccable quality adding in a fun and exciting educational theme for our campers! We offer extended day care services from 8 am to 5:30 pm daily and provide a shuttle service between campus locations when needed. For LFSF parents, more detailed information can be found by visiting your parent portal accounts regarding LFSF camps only.
