## Planning and Preparing to Provide Support

### ✓ **Establishing and Communicating Clear Goals for Supporting Services**

**Focus Statement:** Instructional support member establishes and communicates clearly stated goals, based on area of professional responsibility, to indicate the support and services provided to the school/district.

**Desired Effect:** School/district knows the supporting services provided by the instructional support member.

**Evidences:**

## Example Instructional Support Member

### Evidence:

(Check all that apply)

- Establishes a set of written goals or a defined work plan indicating the scope of services provided to the school
- Establishes a set of written goals or a defined work plan with timelines aligned with school and district goals
- Communicates goals to appropriate school or district personnel
- References and updates goals and plan for support throughout the year
- Goals confirm knowledge consistent with professional area of responsibility
- Supporting services demonstrate knowledge of human growth and development
  
- Data are used in the planning and goal setting process
- Elicits input from school regarding needed services and support
- Updates records (e.g. data bases, data notebook, etc.) to track progress towards implementation of goals and services

## Example Implementation Evidence:

(Check all that apply)

- Students, colleagues, and/or administrators can explain how the instructional support member goals support the school or district
- Explains how goals support and align with school and/or district goals
- Explains how data were used to establish goals
- Explains how their actions and/or activities relate to the goals
- Artifacts support clear communication of goals

## ✓ Helping the School/District Achieve Goals

**Focus Statement:** Instructional support member uses expert knowledge of established standards and procedures from his/her area of expertise to support the school/district in achieving goals.

**Desired Effect:** Instructional support member helps the school/district achieve goals.

**Evidences:**

## Example Instructional Support Member Evidence:

(Check all that apply)

- Demonstrates knowledge of school/district goals
- Goals to provide services align with and support the school/district goals
- Activities confirm support of school/district goals consistent with professional area of responsibility (i.e. participating in committees, working with student groups, advising, etc.)
- Maintains accurate records of support provided that help the school/district achieve goals
- Provides accurate and relevant input to support the school/district

## Example Implementation Evidence:

(Check all that apply)

- Artifacts reveal the instructional support member helped individual or groups of students achieve goals
- Artifacts reveal the instructional support member achieved goals to provide supporting services
- Artifacts confirm the instructional support member helped the school/district achieve goals
- Feedback from school/district confirms the instructional support member demonstrates knowledge of processes and protocols associated with professional area of expertise that helped the school/district achieve goals

## ✓ Using Available Resources

**Focused Statement:** Instructional support member identifies and uses available resources (to include traditional materials, technology, school, community, and district sources) to provide supporting services to the school/district.

**Desired Effect:** The use of available resources provides supporting services to the school/district.

### Evidences:

## Example Instructional Support Member

### Evidence:

(Check all that apply)

- Resources are identified and reflected in planning documents
- Resources are used to enhance the implementation of goals for supporting services
- Technology resources are identified within plans, as appropriate, to support implementation of supporting services
- Plans reflect use of specific resources from the community and how they enhanced support of the school/district goals
- Data are used as a resource when planning support

- Resources are used appropriately to support the school/district
- Elicits input to determine if additional resources would enhance supporting services (e.g. surveys, checklist, notes, etc.)

## Example Implementation Evidence:

(Check all that apply)

- Identifies resources implemented within the school community that enhance supporting services
- Artifacts show the use of available resources provided support for the school
- Data substantiates the use of resources in implementing goals for support services and/or instructional activities
- Describes how use of resources within the school/community enhanced implementation of supporting services and/or instructional activities
- Artifacts demonstrate the use of technology enhanced supporting services

## Supporting Student Achievement

### ✓ Demonstrating Knowledge of Students

**Focus Statement:** Instructional support member demonstrates knowledge of the unique needs of students in the school/district.

**Desired Effect:** Instructional support member provides appropriate services to support the unique needs of students in the school/district.

**Evidences:**

## Example Instructional Support Member

### Evidence:

(Check all that apply)

- Identifies students with unique needs
- Communicates expectation for each student to be successful
- Advocates for students who need accommodations and/or modifications to the curriculum
- Seeks appropriate services to help students with unique needs
- Identifies families to assist with learning how to plan and advocate for their student
- Collaborates with other school personnel to help students with unique needs to meet achievement goals
- Behaviors indicate value and respect for students with unique needs, interests, and/or backgrounds
- Extinguishes negative comments about students with unique needs, interests, and/or backgrounds
- Demonstrates knowledge of human growth and development
- Recognizes and addresses student needs and interests during interactions
- Identifies equity issues for students (when appropriate)

- Helps students learn how to become self-advocates

## Example Implementation Evidence:

(Check all that apply)

- Provides appropriate services to help students with unique needs
- Assists families in learning to plan and advocate for their student
- Provides plans and/or artifacts to support collaboration with other school personnel to help students with unique needs
- Artifacts support identification of students who need special assistance
- Explains how accommodations and/or modifications help address the unique needs of students
- Artifacts demonstrate support of individual students to meet achievement goals
- Artifacts reveal that students receive appropriate modifications or accommodations
- Actively addresses equity issues for students (when appropriate)
- Students identify the instructional support member as one who advocates for them
- Artifacts demonstrate students act as self-advocates
- Explains how knowledge of the unique needs of students helps support students in achievement of their goals

### ✓ Helping Students Meet Achievement Goals

**Focus Statement:** Instructional support member helps ensure equal access to critical curriculum by helping to remove barriers that impede student achievement.

**Desired Effect:** Barriers are removed to help students meet achievement goals.

**Evidences:**

### Example Instructional Support Member

#### Evidence:

(Check all that apply)

- Identifies students who need help meeting achievement goals
- Advocates for students who need assistance gaining access to critical curriculum
- Provides plans and/or artifacts of helping remove barriers for the benefit of students
- Assists families in learning how to plan and advocate for their student
- Assists families in learning to identify the barriers
- Collaborates with other school personnel to help students meet achievement goals
- Behaviors indicate value and respect for students who may have barriers to achieving goals

- Extinguishes negative comments about students who have barriers to achieving goals
- Sets high expectations for each student
- Communicates with families about how to help their students remove barriers

## Example Implementation Evidence:

(Check all that apply)

- Provides plans and/or artifacts to document collaboration with other school personnel to help remove barriers
- Artifacts support identification of students who received help meeting their achievement goals
- Explains how removing barriers helped students meet achievement goals
- Explains how removing barriers helped individual students gain equal access to critical curriculum
- Artifacts reveal students have equal access to critical curriculum
- Students identify the instructional support member as one who advocates for them by helping remove barriers

### ✓ A. Planning Standards-Based Lessons/Units

**Focus Statement:** Using established content standards, the instructional support member/teacher plans rigorous units with learning targets embedded within a performance scale that demonstrates a progression of learning.

**Desired Effect:** Instructional support member provides evidence of implementing lessons/units plans aligned to grade level standard(s) using learning targets embedded in a performance scale.

#### Evidences:

### Planning Evidence:

(Check all that apply)

- Plans exhibit a focus on the essential standards
- Plans include a scale that builds a progression of knowledge from simple to complex
- Plans identify learning targets aligned to the rigor of required standards
- Plans identify specific instructional strategies appropriate for the learning target
- Plans illustrate how learning will scaffold from an understanding of foundational content to application of information in authentic ways
- Lessons are planned with teachable chunks of content
- When appropriate, lessons/units are integrated with other content areas

- When appropriate, learning targets and unit plans include district scope and sequence
- Plans illustrate how equity is addressed in the classroom
- When appropriate, plans illustrate how Individualized Education Plans (IEPs)/personal learning plans are addressed in the classroom
- When appropriate, plans illustrate how EL strategies are addressed in the classroom
- When appropriate, plans integrate cultural competencies and/or standards

## Example Implementation Evidence:

(Check all that apply)

- Lesson plans align to grade level standard(s) with targets and use a performance scale
- Planned and completed student assignments/work demonstrate that lessons are aligned to grade level standards/targets at the appropriate taxonomy level
- Planned and completed student assignments/work require practice with complex text and its academic language
- Planned and completed student assignments/work demonstrate development of applicable mathematical practices
- Planned and completed student assignments/work demonstrate grounding in real-world application
- Planned and completed student assignments/work demonstrate how equity has been addressed in the lesson/unit
- Planned and completed student assignments/work demonstrate how Individualized Education Plans (IEPs)/personal learning plans have been addressed in the lesson/unit

- Planned and completed student assignments/work demonstrate how EL strategies have been addressed in the lesson/unit
- Planned and completed student assignments/work indicate opportunities for students to insert content specific to their cultures
- Artifacts demonstrate the teacher helps others by sharing evidence of planning and implementing lesson/unit plans aligned to grade level standards (e.g. PLC notes, emails, blogs, sample units, discussion group)

## ✓ B. Identifying Critical Content

**Focus Statement:** Instructional support member/teacher identifies critical content in a lesson or activity to which participants should pay particular attention.

**Desired Effect:** Students can identify critical versus non-critical content.

## Evidences:

### Example Instructional Support

### Member/Teacher Instructional Techniques:

(Check all that apply)

- Begins the lesson or activity by explaining why upcoming content is important
- Accurately identifies critical content
- Identifies content or information critical to their area of responsibility (i.e. media, technology, guidance)
- Cues the importance of upcoming content in some direct and/or indirect fashion
  - Tone of voice
  - Body position
  - Level of excitement
  - Marker technique

## Example Student Evidence of Desired Effect:

(Check all that apply)

Student evidence is obtained as the instructional support member/teacher uses a monitoring technique.

Percent of students who demonstrate achievement of the desired effect.

%

- Describe the level of importance of the content addressed in the lesson or activity
- Explain why it is important to pay attention to the content
- Body language and other visible behaviors indicate students pay attention to the critical content

## ✓ C. Using Questioning Strategies

**Focus Statement:** Instructional support member/teacher uses a sequence of increasingly complex questions that require students to critically think about the content.

**Desired Effect:** Students accurately elaborate on content.

**Evidences:**

### Example Instructional Support Member/Teacher Instructional Techniques:

(Check all that apply)

- Uses a sequence of increasingly complex questions as it relates to the content (text) with appropriate wait time
- Asks detail questions
- Asks category questions
- Asks elaboration questions (e.g. inferences, predictions, projections, definitions, generalizations, etc.)
- Asks students to provide evidence (e.g. prior knowledge, textual evidence, etc.) for their elaborations

- Presents situations or problems that involve students analyzing how one idea relates to ideas that were not explicitly taught
- Models the process of using evidence to support elaboration
- Models processes and proficiencies to support mathematical elaboration
- Models implementation of appropriate wait time when questioning

## Example Student Evidence of Desired Effect:

(Check all that apply)

Student evidence is obtained as the instructional support member/teacher uses a monitoring technique.

Percent of students who demonstrate achievement of the desired effect.

%

- Answer detail questions about the content
- Identify characteristics of content-related categories
- Make general elaborations about the content
- Provide evidence and support for elaborations
- Identify basic relationships between ideas and how one idea relates to another
- Artifacts/student work demonstrate students can make well-supported elaborative inferences
- Discussions demonstrate students can make well-supported elaborative inferences

- Discussions are grounded in evidence from text, both literary and informational
- Discussions and student work provide evidence of mathematical elaboration

## ✓ D. Facilitating Groups

**Focus Statement:** Instructional support member/teacher organizes students into appropriate groups to facilitate the learning of content.

**Desired Effect:** Students process content (i.e. new, going deeper, cognitively complex) as a result of group organization.

## Evidences:

### Example Instructional Support

### Member/Teacher Instructional Techniques:

(Check all that apply)

- Establishes routines for student grouping and interaction for the expressed purpose of processing content
- Provides guidance regarding group interactions and critiquing the reasoning of others
- Provides guidance on one or more cognitive skills appropriate for the lesson

- Utilizes assignments or tasks at the appropriate taxonomy level of content
- Provides guidance on one or more conative skills
  - Becoming aware of the power of interpretations
  - Avoiding negative thinking
  - Taking various perspectives
  - Interacting responsibly
  - Handling controversy and conflict resolution
- Organizes students into ad hoc groups during individual lessons (i.e. use techniques to ensure equity)
- Uses various group processes and activities to reflect the taxonomy level of the learning targets

## Example Student Evidence of Desired Effect:

(Check all that apply)

Student evidence is obtained during group activities and/or student work.

Percent of students that demonstrate achievement of the desired effect.

%

- Work within groups with an organized purpose
- Exhibit awareness of the power of interpretations
- Avoid negative thinking
- Take various perspectives

- Interact responsibly and respectfully critique the reasoning of others
- Appear to know how to handle controversy and conflict resolution
- Actively ask and answer questions about the content (i.e. assignments or tasks)
- Add their perspectives to discussions
- Generate clarifying questions about the content
- Explain individual student and/or group thinking about the content
- Take responsibility for the learning of peers

## ✓ E. Managing Student Behavior

**Focus Statement:** Instructional support member/teacher establishes classroom rules and procedures that facilitate students working cooperatively and acknowledge students who adhere to rules and procedures.

**Desired Effect:** Students know and follow classroom rules and procedures (to facilitate learning) as a result of teacher acknowledgment.

**Evidences:**

## Example Instructional Support

# Member/Teacher Instructional Techniques:

(Check all that apply)

- Involves students in designing classroom routines and procedures to develop a culturally responsive classroom
- Actively teaches student self-regulation strategies
- Uses classroom meetings to review and process rules and procedures to ensure equity
- Reminds students of rules and procedures
- Asks students to restate or explain rules and procedures
- Provides cues or signals when a rule or procedure should be used
- Physically occupies all quadrants of the room
- Scans the entire room, making eye contact with each student
- Recognizes potential sources of disruption and deal with them immediately
- Proactively addresses inflammatory situations
- Consistently exhibits “withitness” behaviors
- Recognizes and/or acknowledge students or groups who follow rules and procedures
- Organizes physical layout of the classroom to facilitate work in groups and easy access to materials

## Example Student Evidence of Desired Effect:

(Check all that apply)

# Student evidence is obtained during group activities and/or student work.

Percent of students that demonstrate achievement of the desired effect.

%

- Follow clear routines during class
- Explain classroom rules and procedures
- Describe the classroom as an orderly and safe environment
- Recognize cues and signals by the teacher
- Self-regulate behavior while working individually
- Self-regulate behavior while working in groups
- Recognize that the teacher is aware of their behavior
- Interact responsibly with teacher and other students
- Explain how the individuality of each student is honored in the classroom
- Describe the teacher as fair and responsive to individual students
- Describe the teacher as “aware of what is going on” or “has eyes on the back of his/her head”
- Respond appropriately to teacher direction and/or guidance regarding rules and procedures

## ✓ F. Using Engagement Strategies

**Focus Statement:** Instructional support member/teacher uses engagement strategies to engage or re-engage students with the content.

**Desired Effect:** Students engage or re-engage with content as a result of teacher action.

**Evidences:**

### Example Instructional Support Member/Teacher Instructional Techniques:

(Check all that apply)

- Takes action or uses specific strategies to re-engage students
- Uses academic games
- Manages response rates
- Uses physical movement
- Maintains a lively pace
- Uses crisp transitions from one activity to another
- Demonstrates intensity and enthusiasm for the content
- Uses friendly controversy
- Provides opportunities for students to talk about themselves as it relates to the content (i.e. incorporate cultural connections)

- Presents unusual or intriguing information about the content

## Example Student Evidence of Desired Effect:

(Check all that apply)

Student evidence is obtained during group activities and/or student work.

Percent of students that demonstrate achievement of the desired effect.

%

- Behaviors show awareness that the teacher is noticing students' level of engagement
- Behaviors show the engagement strategy increases engagement
- Student-centered tasks and processes produce high levels of engagement
- Talk with groups or in response to questions is focused on critical content
- Engage in the critical content with enthusiasm
- Self-regulate engagement and engagement of peers
- Actions show students are motivated by the teacher
- Behaviors show students are inspired by the teacher
- Multiple students or the entire class respond to questions posed by the teacher
- Artifacts/student work indicate students are engaged in the critical content
