Step 1: Create a profile. Click on the "Create new profile" link and enter a Username and Password that you will use to login to mymealtime.com. The Username and Password must each be at least 6 characters. (Example, Username: jsmith Password: abc123) Type in the other required information. Click on "Meal Account Deposits", then click "Add New Student" to link your student to your account using their first name and Student ID Number. Repeat this process for multiple students.

Step 3: Make a Deposit. Click on the "Make Deposit" link next to your student's name, to make a deposit into their lunch account. There is a small convenience fee for making deposits. The fee will be clearly displayed before you complete your transaction. If you have multiple students linked to your account, you can deposit separate amounts into each of their accounts in one transaction. Deposits are reflected in the student's lunch account after a brief, periodic synchronization. You can also click on the "View Details" link to view their account balance and purchase history.

Congratulations! You can now login anytime, anywhere to securely and conveniently monitor you student's lunch account and make payments.
