

McKay Parking Lot Safety - After School Pick Up

For the safety of all in the parking lot, please follow the diagram and be careful!...

- **Enter the school parking lot from Marjorie Lane.** It is okay to turn directly into the school if there is no traffic or wait line. Children learn from us... *please do no cut in line and be courteous to others.*
- **Stay in your vehicle.** McKay staff will ask your child's name and bring them safely to your vehicle.
- **When entering the lot, stay on the left side of the lot, and keep pulling forward** all the way to the exit driveway as cars in front of you depart.
- **Keep the "center aisle" free** for cars to turn out and exit the driveway with their student. As soon as your child is loaded, use this center aisle to turn out and depart the lot.
- **Do not block the driveway or crosswalk or traffic on Scholls Ferry or Marjorie Lane.** This prevents busses from entering and walkers from safely leaving.
- **If the parking lot is full of waiting cars,** proceed down Marjorie Lane, turn around and **form a line to enter the school** lot as directed by a staff member. Please *do not use the bus loading area for a U-turn.*
- **Park ONLY in designated parking spots** if you need to get out of your vehicle and go into school for any reason - There is no parking in unmarked areas.
