*... as a stand alone course or  
prior to Intern or TDMP*

### Talent Development Mentor Program

*... for students with a fairly  
clear career plan looking for  
real world career experience*

### Business & Marketing Intern Program

*... for highly motivated seniors  
who want to get a head start  
on college & career planning*

### Careers 9/10 or 11/12

*Spend time exploring your future including careers, post-secondary options and the soft skills needed in all careers.*

Careers 9/10 or Careers 11/12 may be taken as a stand-alone course or prior to TDMP or the Business & Marketing Intern Program.

- Complete career inventories and explore many careers
- Explore post-secondary options
- Learn professional skills supporting your success in high school classes and any career
- Meet in small groups with 15+ professionals to learn first-hand about their careers at weekly Career Roundtables

### Talent Development Mentor Program (TDMP)

*If you have a fairly clear career plan, TDMP allows you to have a concentration with a professional in a career area of your interest.*

TDMP is an individualized advanced learning opportunity to connect with industry professionals in a blended course combining *independent* learning with classroom instruction & 75 hours of mentoring. *Students with a spring sport need to have period 3 open to allow time to complete the required 75 hours of mentoring.*
