- B. PUBLIC FORUM** - Erin Florin and Lyn Haselmann spoke on behalf of provision of specific training for dyslexia remediation strategies. They request prompt implementation of the Wilson Language Training program this school year. The Wilson program has been successfully implemented in many districts and can give dyslexic students the tools to succeed. They

recommend this training for literacy coaches, reading teachers and classroom teachers and suggest District 624 could open the training to other districts to share the cost. October is Dyslexia Awareness month and Florin and Haselmann point out that the time for action is now, before students lose another year when they could flourish with appropriate strategies.

C. INFORMATION ITEMS

1. Update on Strategic Planning Process – Associate Principal Angie Nelson and Teacher Lindsay Lamwers presented an update to our strategic planning process providing the timeline, draft statement of beliefs, draft mission statement, and draft objectives and strategies that were developed in September by the thirty-member team of volunteers from District 624, community members, and community leaders that make up our district. Paul and Superintendent Kazmierczak encouraged volunteers to join the Action Teams that will create the action plans which will allow us to reach our goals. A PowerPoint of the presentation is in the Board Packet on the website.
2. Levy Renewal Presentation - Superintendent Kazmierczak presented the PowerPoint **Strong Schools Strong Communities and Strong Tomorrows** which details ISD 624's community profile, strong programs for learners of all ages, growing enrollment, excellence in financial stewardship and strong community support. The full PowerPoint is included in the Board packet on the district website. It is hoped that all district citizens will remember to vote on November 7th. Early voting starts October 31st
3. Superintendent's Report - Superintendent Kazmierczak recognized our high school Advanced Placement scholars who were honored, National Merit and National Spanish Merit successes. Homecoming events were highlighted and the fall musical *Footloose* was promoted. Dyslexic Awareness Month and Hispanic American Month were acknowledged. A short video on Strong Schools was played to highlight ISD 624 programs and community. Ashley Rensted, student representative, outlined Homecoming events, presented a sports report and featured student service projects including Walk for Water and the upcoming Food Drive. Information is available on the District website.

D. DISCUSSION ITEMS

1. 2016-17 World's Best Workforce Report Summary - Assistant Superintendent for Teaching and Learning Sara Paul presented a PowerPoint review of ISD 624 participation in the World's Best Workforce plan and the actions and recommendations of the WBWF advisory committee. The focus is on closing achievement and opportunity gaps. The WBWF PowerPoint presentation is in the Board Packet
2. First Reading of School Board Policies
 - a. Policy 201, Legal Status of the School Board
 - b. Policy 203, Operation of the School Board – Governing Rules
Policy 203, Addendum A – Rules of Order
 - c. Policy 303, Superintendent Selection
 - d. Policy 533, Wellness
 - e. Policy 701, Establishment and Adoption of School District Budget

The policies listed above had a first reading and will be placed on the Board agenda for November for action. Board member Kimball provided brief explanation of changes and to the policies. Chapman suggested brief comments be included on cover sheet so Board members know if it is a MSBA recommended change, statute change, or grammar change.

E. OPERATIONAL ITEMS

B. PUBLIC FORUM

During the Public Forum any person may address the School Board on a topic of interest or concern. Listed below are the procedures.

1. Public Forum will follow the Procedural Items on the agenda.
2. Public Forum will be open up to 30 minutes (3 minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic as a general rule). Comments should be brief, and repetition of public comments already expressed at the same meeting should be avoided.
3. Those wishing to address the Board should fill out the Public Forum Speaker Card and submit the card to the School Board clerk or other district officials at the meeting.
4. Questions may be asked on any topic, including those on the agenda.
5. School District policy and data privacy laws preclude the Board from publicly discussing personnel matters or data, including information, which, if discussed in a public meeting could violate law or policy. Under School Board Policy 206, complaints or concerns regarding individual school district employees should be presented in writing to school administration and signed by the person submitting the complaint or concern.
6. An attempt will be made to answer questions addressed to the Board. In those cases where an answer is not provided, a phone call from an appropriate school district official will be made as a follow-up.
7. A handout on the purpose of School Board meetings and the meeting process is available at each School Board meeting.
8. Citizens may be asked to address the School Board on a particular subject during the discussion of that item.
9. The School Board chairperson will attempt to reasonably honor requests to speak, but shall also exercise discretion with regard to time constraints and therefore may limit the number of requests to speak accordingly.

C. INFORMATION ITEMS

AGENDA ITEM: **Community Forum on Senior Award from MCEA**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Information Item**

CONTACT PERSON(S): **Tim Maurer, Director of Community Service and Recreation**

BACKGROUND:

The Community Services & Recreation Department initiated and facilitated a community engagement project in 2015. This initiative grew to be the Community Forum on Seniors. It included over 100 stakeholders representing businesses, elected officials, faith communities, non-profit organizations, service providers, and senior community members. After a commissioned phone survey was done we learned more about our senior population, the challenges and opportunities they face, resources and services available to them, and identified further areas of exploration. The Forum developed action teams that began projects in the areas of transportation, housing, in-home services, healthcare, and recreation. The Forum concluded in February of 2017 but the work continues. The Community Forum on Seniors plans to connect annually to review progress and plan for future projects if the need is there.

The Minnesota Community Education Association (MCEA) awarded WBL and the Community Forum on Seniors with a 2017 Outstanding Project Award at their annual conference this past October. MCEA Region 6 Representative, Brett Carlson, Director of Community Education for North Branch, will formally present the Forum with the award at the Board meeting.

AGENDA ITEM: **Superintendent's Report**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Information Item**

CONTACT PERSON(S): **Dr. Wayne Kazmierczak, Superintendent**

BACKGROUND:

Dr. Kazmierczak will provide information on current issues and events pertaining to the White Bear Lake Area Schools.

D. DISCUSSION ITEMS

AGENDA ITEM: **Presentation on 2016-17 Audit Report**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Discussion Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent of Finance and Operations**
Tom Wieczorek, Director of Finance

BACKGROUND:

Mr. Jim Eichten from the District's auditing firm of Malloy, Montague, Karnowski, Radosevich and Co., P.A. (MMKR), will be in attendance at the November 13, 2017 School Board meeting to present the fiscal year 2016-2017 audit report.

Management Report

for

Independent School District No. 624
White Bear Lake, Minnesota

June 30, 2017

To the Board of Education and Management of
Independent School District No. 624
White Bear Lake, Minnesota

We have prepared this management report in conjunction with our audit of Independent School District No. 624's (the District) financial statements for the year ended June 30, 2017. We have organized this report into the following sections:

- Audit Summary
- Funding Public Education in Minnesota
- Financial Trends of Your District
- Legislative Summary
- Accounting and Auditing Updates

We would be pleased to further discuss any of the information contained in this report or any other concerns that you would like us to address. We would also like to express our thanks for the courtesy and assistance extended to us during the course of our audit.

The purpose of this report is solely to provide those charged with governance of the District, management, and those who have responsibility for oversight of the financial reporting process comments resulting from our audit process and information relevant to school district financing in Minnesota. Accordingly, this report is not suitable for any other purpose.

Minneapolis, Minnesota
INSERT DATE

AUDIT SUMMARY

The following is a summary of our audit work, key conclusions, and other information that we consider important or that is required to be communicated to the Board of Education, administration, or those charged with governance of the District.

OUR RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA, GOVERNMENT AUDITING STANDARDS, AND TITLE 2 U.S. CODE OF FEDERAL REGULATIONS (CFR) PART 200, UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS (UNIFORM GUIDANCE)

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2017, and the related notes to the financial statements. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you verbally and in our audit engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

PLANNED SCOPE AND TIMING OF THE AUDIT

We performed the audit according to the planned scope and timing previously discussed and coordinated with you in order to obtain sufficient audit evidence and complete an effective audit.

AUDIT OPINIONS AND FINDINGS

Based on our audit of the District's financial statements for the year ended June 30, 2017:

- We have issued an unmodified opinion on the District's annual financial statements. The opinion included a paragraph emphasizing the District's implementation of new Governmental Accounting Standards Board (GASB) guidance for reporting other post-employment benefits (OPEB), which reduced the District's beginning government-wide net position by \$20,430,914. Our opinion was not modified with respect to this matter.
- We reported no deficiencies in the District's internal control over financial reporting that we considered to be material weaknesses. It should be understood that internal controls are never perfect, and those controls which protect the District's funds from such things as fraud and accounting errors need to be continually reviewed by your management and modified as necessary.
- The results of our testing disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.
- We reported that the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements.
- We reported one area of noncompliance with the types of compliance requirements that could have a direct and material effect on each major federal program.
 - The District did not comply with requirements regarding eligibility within the Title I program. We noted during our testing that one student had received Title I services that did not reside within the boundaries of the Title I-served school.

- We reported two matters involving the internal control over compliance and its operation that we consider to be significant deficiencies in our testing of major federal programs:
 - During our audit, we noted that the District did not maintain documentation which provided notice to all private schools within its boundaries of Title I funding.
 - During our audit, we noted that the District did not have sufficient controls in place to ensure Title I expenditures were for students who reside within the boundaries of a Title I-served school.
- We reported one finding based on our testing of the District's compliance with Minnesota laws and regulations.
 - The District did not obtain a withholding affidavit certificate for one contract completed during fiscal 2017, as required by state statutes.

GENERAL COMMENTS AND RECOMMENDATIONS

Written Procurement Procedures for Uniform Guidance

When your district initially adopted the new Uniform Guidance (UG) requirements for federal programs, it exercised an option to delay implementation of the general procurement standards portion of the UG for a two-year grace period which effectively ended on June 30, 2017. On May 17, 2017, the U.S. Office of Management and Budget (OMB) amended the UG to extend the available grace period for an additional year, which would potentially exempt the District through the fiscal year ending June 30, 2018. Districts are required to document their decision to use the previous OMB procurement standards during the extension period. We recommend this decision be documented by School Board resolution.

If not already completed, we recommend the District begin the process of documenting its UG-compliant procurement procedures, including a clear timeline of when the UG procurement standards will be effective for the District. The UG requires the District to have written procurement procedures which reflect applicable state and local laws and regulations, provided that the procurements conform to applicable federal law and the standards identified in 2 CFR 200.318. Districts are also required to have written standards of conduct that cover conflicts of interest and govern the performance of their employees engaged in the selection, award, and administration of contracts. The District should review the UG to obtain a better understanding of the procurement standards and identify any needed policy and procedure changes, as well as provide employee training in preparation for implementation, which is July 1, 2018 if the full grace period is elected.

FOLLOW-UP ON PRIOR YEAR FINDINGS AND RECOMMENDATIONS

As a part of our audit of the District's financial statements for the year ended June 30, 2017, we performed procedures to follow-up on any findings and recommendations that resulted from our prior year audit. We reported the following finding that was corrected by the District in the current year:

- During our audit of the year ended June 30, 2016, we noted that the District did not have documented written controls to ensure compliance with the OMB's UG cash management, allowable costs, subrecipient monitoring, and financial management standards. Based on our testing in the current year, the District implemented adequate procedures to correct this prior year finding.

SIGNIFICANT ACCOUNTING POLICIES

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 of the notes to basic financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended June 30, 2017. However, the District implemented the following governmental accounting standards during the fiscal year ending June 30, 2017:

- GASB Statement No. 74, *Financial Reporting for Post-Employment Benefit Plans Other Than Pension Benefits*, which established new accounting and financial reporting requirements for OPEB plans.
- GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*, which established new accounting and financial reporting requirements for governments whose employees are provided with OPEB.
- GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which enhanced disclosures regarding investments.
- GASB Statement No. 82, *Pension Issues, an amendment of GASB Statements, No. 67, No. 68, and No. 73*, which addressed certain issues related to pension reporting and disclosures.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Where applicable, management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management, when applicable, were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

ACCOUNTING ESTIMATES AND MANAGEMENT JUDGMENTS

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

General education revenue and certain other revenues are computed by applying an allowance per student to the number of students served by the District. Student attendance is accumulated in a state-wide database—MARSS. Because of the complexity of student accounting and because of certain enrollment options, student information is input by other school districts and the MARSS data for the current fiscal year is not finalized until after the District has closed its financial records. General education revenue and certain other revenues are computed using preliminary information on the number of students served in the resident district and also utilizing some estimates, particularly in the area of enrollment options.

Special education state aid includes an adjustment related to tuition billings to and from other school districts for special education services which are computed using formulas derived by the Minnesota Department of Education (MDE). Because of the timing of the calculations, this adjustment for the current fiscal year is not finalized until after the District has closed its financial records. The impact of this adjustment on the receivable and revenue recorded for state special education aid is calculated using preliminary information available to the District.

The District has recorded a liability in the Statement of Net Position for severance benefits payable for which it is probable employees will be compensated. The “vesting method” used by the District to calculate this liability is based on assumptions involving the probability of employees becoming eligible to receive the benefits (vesting), the potential use of accumulated sick leave prior to termination, and the age at which such employees are likely to retire.

The District has recorded activity for OPEB and pension benefits. These obligations are calculated using actuarial methodologies described in GASB Statement Nos. 75 and 68. These actuarial calculations include significant assumptions, including projected changes, healthcare insurance costs, investment returns, retirement ages, and employee turnover.

The depreciation of capital assets involves estimates pertaining to useful lives.

The District’s self-insured activities require recording a liability for claims incurred, but not yet reported, which are based on estimates.

We evaluated the key factors and assumptions used by management to develop the estimates discussed above in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

We encountered no significant difficulties in dealing with management in performing and completing our audit.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter dated INSERT DATE.

MANAGEMENT CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the District’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

OTHER AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

We applied certain limited procedures to the management's discussion and analysis and the remaining pension and OPEB-related required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplemental information accompanying the financial statements and the separately issued Schedule of Expenditures of Federal Awards and the Uniform Financial Accounting and Reporting Standards (UFARS) Compliance Table, which are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory section and statistical section which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

FUNDING PUBLIC EDUCATION IN MINNESOTA

Due to its complexity, it would be impossible to fully explain the funding of public education in Minnesota within this report. A summary of legislative changes affecting school districts and charter schools included later in this report gives an indication of how complicated the funding system is. This section provides some state-wide funding and financial trend information.

BASIC GENERAL EDUCATION REVENUE

The largest single funding source for Minnesota school districts is basic general education aid. Each year, the Legislature sets a basic formula allowance. Total basic general education revenue is calculated by multiplying the formula allowance by the number of pupil units for which a district is entitled to aid. Pupil units are calculated using a legislatively determined weighting system applied to average daily membership (ADM). Over the years, various modifications have been made to this calculation, including changes in weighting and special consideration for declining enrollment districts.

The table below presents a summary of the formula allowance for the past decade and as approved for the 2018 and 2019 fiscal years. The amount of the formula allowance and the percentage change from year to year excludes temporary funding changes, the “roll-in” of aids that were previously funded separately, and changes that may vary dependent on actions taken by individual districts. The \$529 increase in 2015 was offset by changes to pupil weightings and the general education aid formula that resulted in an increase equivalent to approximately \$105, or 2.0 percent, state-wide.

Fiscal Year Ended June 30,	Formula Allowance

STATE-WIDE SCHOOL DISTRICT FINANCIAL HEALTH

One of the most common and comparable statistics used to evaluate school district financial health is the unrestricted operating fund balance as a percentage of operating expenditures.

Note: State-wide information is not available for fiscal 2017.

The calculation above reflects only the unrestricted fund balance of the General Fund, and the corresponding expenditures, which is the same method the state uses for the calculation of statutory operating debt. We have also included the comparable percentages for your district.

During the economic downturn that began in 2008, the average unrestricted fund balance as a percentage of operating expenditures maintained by Minnesota school districts increased, peaking at 22.9 percent at the end of fiscal 2012. This trend reflected districts' efforts to limit budget cuts, retain educational programs, and maintain adequate operating cash flow during a period of uncertain funding. As the state's economic condition improved in subsequent years, this ratio has gradually decreased, stabilizing at 20.7 percent for fiscal 2015 and fiscal 2016.

As of June 30, 2016, this ratio was 30.2 percent for the District, as compared to a state-wide average of 20.7 percent. The District's unrestricted operating fund balance as a percentage of operating expenditures was 25.0 percent at the end of the current year.

The table below shows a comparison of governmental fund revenue per ADM received by Minnesota school districts and your district. Revenues for all governmental funds are included, except for the Capital Projects – Building Construction Fund and Post-Employment Benefits Debt Service Fund. Other financing sources, such as proceeds from sales of capital assets, insurance recoveries, bond sales, loans, and interfund transfers, are also excluded.

ADM used in the table above is based on enrollments consistent with those used in the MDE School District Profiles Report, which include extended time ADM, and may differ from ADM reported in other tables.

The mix of local and state revenues vary from year to year primarily based on funding formulas and the state's financial condition. The mix of revenue components from district to district varies due to factors such as the strength of property values, mix of property types, operating and bond referendums, enrollment trends, density of population, types of programs offered, and countless other criteria.

The District had revenue of \$118,883,576 in governmental funds reflected above in fiscal 2017, an increase of about \$3,189,849 from the prior year. This increase is related to the increase in the general education aid formula in fiscal 2017, and an increase in ADM served by the District in fiscal 2017. Community Service Fund revenues increased in extended day programs.

The following table reflects similar comparative data available from the MDE for all governmental fund expenditures, excluding the Capital Projects – Building Construction Fund and the Post-Employment Benefits Debt Service Fund. Other financing uses, such as bond refundings and transfers, are also excluded.

Expenditure patterns also vary from district to district for various reasons. Factors affecting the comparison include the growth cycle or maturity of the District, average employee experience, availability of funding, population density, and even methods of allocating costs.

The District's expenditures per ADM have been slightly below the metro area average in recent years.

The District spent approximately \$121,128,343 in the governmental funds reflected above in fiscal 2017, an increase of \$4,174,304 (3.5 percent) from the prior year. General Fund operating expenditures (excluding capital) increased \$386 per student; mainly in elementary and secondary regular instruction (\$90 per pupil) and pupil support services (\$124 per pupil).

SUMMARY

The funding for and financial position of Minnesota school districts has fluctuated significantly over the past several years due to a number of factors, including those discussed above. This situation continues to present a challenge for school boards, administrators, and management of these districts in providing the best education with the limited resources available in a climate of unknown future funding levels.

FINANCIAL TRENDS OF YOUR DISTRICT

GENERAL FUND FINANCIAL POSITION

The following graph displays the District's General Fund trends of financial position and changes in volume of financial activity. Unassigned fund balance and cash balance are typically used as indicators of financial health, while annual expenditures measure the size of the operation.

The District ended fiscal year 2017 with a General Fund cash balance of \$27,491,287 (net of borrowing and interfund receivables and payables), a decrease of \$2,944,801 from the previous year. Unrestricted fund balance at year-end was \$12,166,697, a decrease of \$3,612,874.

Changes in the metering of state aid payments to school districts and in the tax shift, as legislatively-approved, has significantly impacted cash and investment balances in the years presented in the above graph.

The following table presents the components of the General Fund's balance for the past five years:

	Year Ended June 30,				
	2013	2014	2015	2016	2017
Nonspendable fund balances	\$ 1,255,743	\$ 188,940	\$ 156,537	\$ 97,470	\$ 315,203
Restricted fund balances (1)	1,022,955	(297,733)	(252,933)	1,133,918	2,098,896
Unrestricted fund balances					
Assigned	8,955,687	15,588,049	12,917,616	10,494,185	10,458,808
Unassigned	7,295,063	12,888,284	14,670,122	15,779,571	12,166,697
Total fund balance	<u>\$ 18,529,448</u>	<u>\$ 28,367,540</u>	<u>\$ 27,491,342</u>	<u>\$ 27,505,144</u>	<u>\$ 25,039,604</u>
Unassigned fund balances as a percentage of expenditures	<u>8.0%</u>	<u>13.1%</u>	<u>15.5%</u>	<u>15.5%</u>	<u>11.5%</u>
(1) Includes deficits in restricted fund balance accounts allowed to accumulate deficits under UFARS, which are part of unassigned fund balance on the accounting principles generally accepted in the United States of America-based financial statements.					

The table above reflects the total General Fund unrestricted fund balance and percentages, which differs from those used in the previous discussion of state-wide fund balances, which are based on a state formula.

The resources represented by this fund balance are critical to a district's ability to maintain adequate cash flow throughout the year, to retain its programs, and to cushion against the impact of unexpected costs or funding shortfalls.

The Board of Education has formally adopted a fund balance policy regarding the unassigned fund balance for the General Fund. The policy states that the District will strive to maintain a minimum unassigned General Fund balance of between 12.5 percent and 16.7 percent of the annual budget, which equates to a range of 1.5 to 2 months of operating expenditures. At June 30, 2017, the unassigned fund balance of the General Fund was 11.5 percent of total fiscal 2017 expenditures, or six weeks of operating expenditures.

AVERAGE DAILY MEMBERSHIP (ADM) AND PUPIL UNITS

The following graph presents the District's adjusted ADM and resulting pupil units served for the past 10 years:

The following graph shows the rate of change in ADM served by the District from year-to-year:

The change in pupil units for 2015 includes the effect of legislative reductions to pupil units.

ADM is a measure of students attending class, which is then converted to pupil units (the base for determining revenue) using a statutory formula. Not only is the original budget based on ADM estimates, the final audited financial statements are based on updated, but still estimated, ADM since the counts are not finalized until around January of the following year. When viewing revenue budget variances, one needs to consider these ADM changes, the impact of the prior year final adjustments which affect this year's revenue, and also the final adjustments caused by open enrollment gains and losses.

Adjusted ADM served by the District increased 166 ADM from the prior year to 8,386 served in the current year.

GENERAL FUND REVENUE

The following graph summarizes the District's General Fund revenue for 2017:

Total General Fund revenues for 2017 were \$103,701,389, an increase of \$3,023,850 from the prior year, and \$2,022,276 over budget.

Total revenue increases include state sources of about \$2,400,000, mainly due to the increase in students, and an increase in general education and special education aid from the funding formula.

Revenues were over budgeted amounts mainly in state sources, which exceeded budgeted amounts by \$1,619,932 as both general education and special education aid exceeded budgeted amounts.

GENERAL FUND EXPENDITURES

The following graph summarizes the District's General Fund expenditures for 2017:

Total General Fund expenditures for 2017 were \$106,169,316, an increase of \$4,138,733 (4.1 percent) from the prior year, and \$2,775,155 over budget.

District expenditures were over budgeted amounts mostly in salaries and purchased services by \$1,084,006 and \$942,777, respectively.

Expenditures increased from the prior year due to additional pupil units, causing increased expenditures in elementary and secondary regular instruction and pupil support services. The District also experienced increased costs for special education services.

Expenditures were over budgeted amounts mainly in purchased services within pupil support services for transportation and special education related salaries and benefits.

OTHER FUNDS OF THE DISTRICT

The following graph shows what is referred to as the other operating funds. The remaining nonoperating funds are only included in narrative form below, since their level of fund balance can fluctuate significantly due to such things as issuing and spending the proceeds of refunding or building bonds and, therefore, the trend of fund balance levels are not necessarily a key indicator of financial health. It does not mean that these funds cannot experience financial trouble or that their fund balances are unimportant.

Food Service Special Revenue Fund

The District's Food Service Special Revenue Fund experienced an \$180,898 increase in fund balance. The District budgeted for an \$8,584 increase in fund balance.

Community Service Special Revenue Fund

The District's Community Service Special Revenue Fund experienced an increase in fund balance of \$176,942 for the year ended June 30, 2017, which was more than the planned balanced budget.

Capital Projects – Building Construction Fund

At June 30, 2017, this fund has a year-end balance of \$1,683,588, which is primarily restricted for the long-term facilities maintenance program.

Debt Service Fund

The funding of debt service is controlled in accordance with each outstanding debt issue's financing plan.

Severance Obligations Internal Service Fund

The following table presents the activity reported for the past five fiscal years in this Internal Service Fund:

	2013	2014	2015	2016	2017
Operating revenue					
Contributions from governmental funds	\$ 699,593	\$ –	\$ –	\$ –	\$ –

The assets held in this fund at June 30, 2017 totaled \$1,755,932 and will be used to pay the District's liability for severance totaling \$1,853,411 as of June 30, 2017.

Self-Insured Health Benefits – Internal Service Fund

The Self-Insured Health Benefits Internal Service Fund is used to account for health insurance offered by the District to its employees as a self-insured plan. The fund ended the year with a deficit fund balance of (\$906,269).

Self-Insured Dental Benefits – Internal Service Fund

The Self-Insured Dental Benefits Internal Service Fund is used to account for dental insurance offered by the District to its employees as a self-insured plan. The fund ended the year with a fund balance of \$33,684.

Post-Employment Benefits Trust Fund – Fiduciary Fund

The District established a Post-Employment Benefits Trust Fund – Fiduciary Fund to finance post-employment health benefit liabilities. The District established this fund in fiscal 2009 through the issuance of \$40,085,000 in bonds. These funds are held in trust restricted for the payment of OPEB liabilities. The net position held in this fund at June 30, 2017 totaled \$30,294,627 and will be used by the District in future years to finance the OPEB obligations of the District.

ANALYSIS OF OPEB FUNDING

The District underwent an actuarial study dated July 1, 2015, which was rolled forward to June 30, 2017, to determine the District's post-employment health benefit liabilities based on current contracts and employees in place.

This pension plan is funded by the District's Post-Employment Benefits Irrevocable Trust Fund, which is reported in the District's financial report as a fiduciary fund. As of the most recent actuarial study, the plan was 178 percent funded, which is based on an actuarial accrued liability for benefits of \$17,009,754 and the actuarial value of assets within the irrevocable trust fund of \$30,294,627. The assets in the trust fund exceeded the OPEB accrued liability reported in the actuarial study by \$13,284,873 at June 30, 2017.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's financial statements include fund-based information that focuses on budgetary compliance, and the sufficiency of the District's current assets to finance its current liabilities. The governmental reporting model also requires the inclusion of two government-wide financial statements designed to present a clear picture of the District as a single, unified entity. These government-wide financial statements provide information on the total cost of delivering educational services, including capital assets and long-term liabilities.

Theoretically, net position represents district resources available for providing services after its debts are settled. However, those resources are not always in expendable form, or there may be restrictions on how some of those resources can be used. Therefore, this statement divides net position into three components: net investment in capital assets, restricted, and unrestricted. The following table presents a summarized reconciliation of the District's governmental fund balances to net position, and the separate components of net position for the last two years:

	June 30,		Increase (Decrease)
	2016	2017	
Net position – governmental activities			
Total fund balances – governmental funds	\$ 37,953,809	\$ 31,237,083	\$ (6,716,726)
Net OPEB plan related assets	34,275,497	13,816,591	(20,458,906)
Total capital assets, less accumulated depreciation	63,097,724	61,201,736	(1,895,988)
Total long-term liabilities, excluding net pension liabilities	(98,792,794)	(90,201,707)	8,591,087
Net pension related liabilities	(63,129,901)	(91,992,088)	(28,862,187)
Accrued interest payable	(1,585,657)	(1,428,490)	157,167
Other	1,112,702	(652,079)	(1,764,781)
Total net position – governmental activities	<u>\$ (27,068,620)</u>	<u>\$ (78,018,954)</u>	<u>\$ (50,950,334)</u>
Net position			
Net investment in capital assets	\$ 2,724,245	\$ 392,746	\$ (2,331,499)
Restricted	4,232,013	5,311,541	1,079,528
Unrestricted	<u>(34,024,878)</u>	<u>(83,723,241)</u>	<u>(49,698,363)</u>
Total net position	<u>\$ (27,068,620)</u>	<u>\$ (78,018,954)</u>	<u>\$ (50,950,334)</u>

Some of the District's fund balances translate into restricted net position by virtue of external restrictions (statutory restrictions) or by the nature of the fund they are in (e.g. Food Service Special Revenue Fund balance can only be spent for food service program costs). The unrestricted net position category consists mainly of the General Fund unrestricted fund balances, offset against noncapital long-term obligations such as vacation payable, severance payable, net pension, and net OPEB liabilities.

Total net position decreased by \$50,950,334 during fiscal 2017. As presented in the table above, this change was primarily in unrestricted net position. The District reported a \$20,430,914 change in accounting principle for the required change in how OPEB obligations are presented that reduced unrestricted net position when compared to the prior year. The change in the District's proportionate share of the Public Employees Retirement Association and the Teachers Retirement Association pension obligations also caused unrestricted net position to decrease in the current year.

The District's net investment in capital assets decreased \$2,331,499 this year. The change in this category of net position typically depends on the relationship between the rate at which the District is adding additional capital assets, the rate capital assets are being depreciated, and how that compares to the rate at which the District is repaying the debt issued to purchase or construct those assets.

LEGISLATIVE SUMMARY

The 2017 legislative session established public education funding appropriations for the 2018–2019 fiscal biennium totaling \$483.3 million. The following is a brief summary of specific legislative changes from the 2017 session or previous legislative sessions impacting Minnesota school districts in future years.

Basic General Education Revenue – The 2017 Legislature approved annual increases of 2 percent to the basic general education formula allowance for the 2018–2019 biennium. The per pupil allowance will increase \$121 to \$6,188 for fiscal year (FY) 2018, and another \$124 to \$6,312 for FY 2019.

Compensatory Revenue – The \$5 million allocation for compensatory pilot grants in FY 2017 was permanently added to the allocation for regular compensatory revenue beginning in FY 2018. Beginning in FY 2018, a portion of compensatory revenue will be required to be used for extended time activities. The requirement will be 1.7 percent of total compensatory revenue for FY 2018, and 3.5 percent in FY 2019 and beyond.

Transportation Sparsity Revenue – Beginning in FY 2018, transportation sparsity revenue increases annually by 18.20 percent of the difference between 1) the lessor of a district's actual regular and excess transportation costs for the previous fiscal year, or 105.00 percent, of those costs for the preceding year, and 2) the sum of 4.66 percent of the district's basic transportation revenue, transportation sparsity revenue, and charter school transportation adjustment for the previous year. For charter schools, the adjustment to transportation sparsity is equal to the applicable school district's per pupil adjustment.

Early Learning – The Legislature made a number of changes to early learning programs, including appropriating funding of \$71.75 million for the 2018–2019 biennium. Other changes include:

- The creation of a new School Readiness Plus (SR+) program for FY 2018 and FY 2019 only, with the following student eligibility requirements:
 - A child who is four years of age as of September 1 and who demonstrates one or more risk factors is eligible to participate in the program free of charge,
 - A child who is four years of age as of September 1 and who does not demonstrate any risk factors is eligible to participate on a fee-for-service basis, and
 - A district must adopt a sliding fee schedule for students not demonstrating risk factors, but must waive the fee for students unable to pay.
- Changing the Voluntary Pre-Kindergarten (VPK) cap from a limit on the total state aid entitlement to a limit on the number of participants, as follows:
 - A combined cap of 6,160 participants for VPK and SR+ for FY 2018,
 - A combined cap of 7,160 participants for VPK and SR+ for FY 2019, and
 - A cap of 3,160 participants for VPK for FY 2020 and later (SR+ program sunsets).
- All applications submitted in January to renew an existing FY 2017 VPK program will be funded first (3,160 slots). Applications for expanded VPK programs, and new VPK or SR+ programs will be ranked and approved based on various criteria. The number of new participants allowed in each new or expanded program will depend on how the programs are ranked.

Long-Term Facilities Maintenance Revenue – Beginning in FY 2017, deferred maintenance, health and safety, and alternative facilities programs were rolled into a new long-term facilities maintenance revenue program. Revenue for FY 2017 was \$193 per adjusted pupil unit (APU); multiplied by the lessor of one, or the ratio of the district's average building age to 35 years. Funding will increase to \$292 per APU for FY 2018 and \$380 per APU for FY 2019, multiplied by the same building age factor.

Home Visiting Revenue – For FY 2018 (Pay 17 tax levy), home visiting program revenue is increased from \$1.60 to \$3.00, multiplied by the population under age 5 residing in a district on September 1 of the last school year. The levy will be equalized using a factor of \$17,250 per APU.

Debt Service Equalization – Beginning in FY 2018, the equalizing factors for debt service levies are indexed at 1) Tier 1 – the greater of \$4,430, or 55.33 percent, of the state average adjusted net tax capacity per APU, or 2) Tier 2 – the greater of \$8,000, or 100 percent, of the state average adjusted net tax capacity per APU.

Procedural Changes or Clarifications Related to Funding –

- Operating referendum notices can be delivered by any type of mail, no longer required to be by first class mail.
- For nonpublic pupil aid the definition of “textbook” is modified to include an online book with an annual subscription cost and the definition of “software or other educational technology” is modified to include registration fees for online advanced placement courses.
- Charter schools are allowed to include students participating in postsecondary enrollment options in their pupil count for generating building lease aid.

Payments to Nonoperating Funds – Beginning in FY 2018, the payment schedule for state aids for nonoperating funds (e.g., debt service equalization) has been changed from 12 monthly installments throughout the fiscal year to six monthly installments from July through December.

Nutrition Contracts – The Legislature amended the law governing school district contracts to provide for an exception to the requirement limiting school district contracts to two years, with an option for an additional two years. A contract between a school board and a food service management company that complies with Code of Federal Regulations, Title 7, Section 210.16, may be renewed annually after its initial term for not more than four years.

School Building Bond Agricultural Tax Credit – Effective for taxes payable in 2018 (FY 2019), a property tax credit on all property classified as agricultural (excluding the house, garage, and one acre of an agricultural homestead) is provided equal to 40 percent of the tax on the property attributable to school district building bond levies.

Lead in School Drinking Water –

- Requires the commissioners of health and education to develop a model plan to test for lead in school drinking water.
- Requires school districts and charter schools to adopt the model plan or an alternative plan to test school water for lead at least every five years.
- A school district must begin testing by July 1, 2018 and complete testing for all schools within five years.
- Allows school districts to include lead testing and remediation in their 10-year facilities plans and to use long-term facilities maintenance revenue for lead testing and remediation.
- Requires school districts and charter schools to make lead testing results available to the public and to notify parents that this information is available.

Review and Comment – Directs the commissioner of education to include comments from district residents in the review and comment on capital project proposals. School boards are required to hold a public meeting to review the commissioner’s review and comment on a proposal before the bond election.

ACCOUNTING AND AUDITING UPDATES

GASB STATEMENT NO. 83, *CERTAIN ASSET RETIREMENT OBLIGATIONS*

At times, state and local governments are required to take specific actions to retire certain tangible capital assets, such as the decommissioning of nuclear reactors, removal and disposal of wind turbines in wind farms, dismantling and removal of sewage treatment plants, and removal and disposal of x-ray machines. Obligations to retire certain tangible capital assets also arise from contracts or court judgments. Accounting and financial reporting standards exist for costs of the closure and post-closure care of municipal solid waste landfills, but those standards do not address retirement obligations associated with other types of tangible capital assets.

This statement addresses accounting and financial reporting for certain asset retirement obligations (AROs) that were not addressed in GASB standards by establishing uniform accounting and financial reporting requirements for these obligations. An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this statement. The requirements of this statement are effective for reporting periods beginning after June 15, 2018.

GASB STATEMENT NO. 84, *FIDUCIARY ACTIVITIES*

This statement is intended to enhance consistency and comparability of fiduciary activity reporting by state and local governments. It is also meant to improve the usefulness of fiduciary activity information primarily for assessing the accountability of governments in their roles as fiduciaries.

This statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. This statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria. The requirements of this statement are effective for reporting periods beginning after December 15, 2018.

GASB STATEMENT NO. 85, *OMNIBUS 2017*

The objective of this statement is to address issues that have been identified during implementation and application of certain GASB statements. The statement addresses a variety of topics, including issues related to blending component units, goodwill, fair value measurement and application, and post-employment benefits (pensions and OPEB). The statement is meant to enhance consistency in the application of recent accounting and financial reporting standards. The requirements of this statement are effective for reporting periods beginning after June 15, 2017.

GASB STATEMENT NO. 86, *CERTAIN DEBT EXTINGUISHMENT ISSUES*

Current GASB guidance requires that debt be considered defeased in substance when the debtor irrevocably places cash or other monetary assets acquired with refunding debt proceeds in a trust to be used solely for satisfying scheduled payments of both principal and interest of the defeased debt. This new standard establishes essentially the same requirements for when a government places cash and other monetary assets acquired with only existing resources in an irrevocable trust to extinguish the debt.

The primary objective of this statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The requirements of this statement are effective for reporting periods beginning after June 15, 2017.

GASB STATEMENT NO. 87, *LEASES*

A lease is a contract that transfers control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. Examples of nonfinancial assets include buildings, land, vehicles, and equipment. Any contract that meets this definition should be accounted for under the leases guidance, unless specifically excluded in this statement.

Governments enter into leases for many types of assets. Under the previous guidance, leases were classified as either capital or operating depending on whether the lease met any of four tests. In many cases, the previous guidance resulted in reporting lease transactions differently than similar nonlease financing transactions.

The goal of this statement is to better meet the information needs of users by improving accounting and financial reporting for leases by governments. It establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. This statement increases the usefulness of financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract.

Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

To reduce the cost of implementation, this statement includes an exception for short-term leases, defined as a lease that, at the commencement of the lease term, has a maximum possible term under the lease contract of 12 months (or less), including any options to extend, regardless of their probability of being exercised. Lessees and lessors should recognize short-term lease payments as outflows of resources or inflows of resources, respectively, based on the payment provisions of the lease contract. The requirements of this statement are effective for reporting periods beginning after December 15, 2019.

AGENDA ITEM: **Action on Health Insurance Rates Effective
January 1, 2018**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for Finance &
Operations and Mitch Cooper, Director of Human
Resources**

BACKGROUND:

The District converted from a fully insured health benefit plan to a self-insured health benefit plan as of January 1, 2015. Prior to this date, District administration and its insurance agent (National Insurance Services) would negotiate with the District's insurance provider to establish renewal rates. Now, as a self-insured group, the School Board considers and ultimately takes action on a recommendation that is made by District administration in consultation with the District's insurance agent and the District's Insurance Advisory Committee (IAC) to establish renewal rates.

The District's IAC, which includes representatives from each employee bargaining unit and serves in an advisory capacity to the administration and School Board, regularly reviews the District aggregate claims data. After considerable discussion, the IAC fully supported a recommendation to increase the insurance rates by an aggregate amount of 6.6% effective January 1, 2018. Additionally, at its work-study session on October 23, 2017, the School Board reviewed data that supported the recommendation and had the opportunity to discuss this topic in depth with District's insurance representative.

Attached please find a copy of the 2018 insurance renewal summary that was provided at the October 23, 2017 IAC meeting and the October 23, 2017 School Board meeting. A framework and roster of the IAC are also included.

The recommended monthly premium structure effective January 1, 2018 is as follows:

Plan	Single	Family
\$25.00 Copay	\$799	\$2,079
\$2000/\$4000 HRA	\$672	\$1747
\$500 Deductible	\$706	\$1835

RECOMMENDATION: Move to approve the District's health insurance premium rates effective January 1, 2018 as presented.

WHITE BEAR LAKE AREA SCHOOLS INSURANCE ADVISORY COMMITTEE

Role of Committee

The Insurance Advisory Committee serves in an advisory capacity to the administration and School Board on issues related to health insurance and dental insurance. Committee members serve as a communication link between the committee and their respective employee groups.

Committee Structure

School District Representatives

Assistant Superintendent of Finance and Operations,, Facilitator
Director of Human Resources
Human Resources Coordinator

Employee Representatives

The following groups will be represented on the committee: Administrator, Bus Driver/Bus Aide, Cabinet, Clerical, Confidential, Custodial, Extended Day Program, Non-Affiliated, Nutrition Services, Paraprofessional, Principal, and Teacher employees. Each employee group will select its representative(s) to the Insurance Advisory Committee in accordance with the group's by-laws. The number of committee members from each group shall be determined in the following manner:

- Groups with between 1-50 employees shall have 1 committee member
- Groups with between 51-250 employees shall have 2 committee members
- Groups with over 250 employees may add an additional committee member for every 150 employees beyond 250

Ex-officio members of the committee shall include a representative of the retired teachers association. Union field representatives from each bargaining unit are allowed to participate in the discussions at committee meetings but will not be considered committee members.

Meetings

Insurance Advisory Committee meetings are public meetings and will be held at District Center. The committee will meet in the following months: September, October, November, January, February, March, April and once during July or August. Other meetings may be added on an as-needed basis.

AGENDA ITEM: **Secondary Course Proposals**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Sara Paul, Assistant Superintendent for Teaching and Learning**

BACKGROUND:

Annually the Teaching and Learning Department, coordinated by Jill Pearson, works closely with our secondary principals regarding proposed changes to academic programming for the following year. This process involves careful evaluation of our current course offerings and includes proposals for new course offerings, changes to existing courses such as title changes, content realignment and expansion of concurrent enrollment opportunities. The attached chart outlines the new course proposals and changes for the 2018-19 school year. They were discussed during the October 23, 2017 School Board Work Study session.

RECOMMENDATION:

Administration recommends that the School Board approve the course proposals, modifications and deletions as presented.

Secondary Course Proposals for 2018-19

BACKGROUND:

The following are new course proposals and proposed course changes for the 2018-19 school year.

New Courses			
Preliminary groundwork has been laid for consideration of the following course proposals. Action at the November School Board meeting is recommended in order to allow the changes to be reflected in the 2018-19 registration guide.			
Dept.	Course Title & Grades	Rationale	Course description
Physical Education & Adapted Physical Education	Unified PE Semester Grades 9-12 Prerequisite: none	Not all students thrive in a traditional physical education course, whether they have disabilities or not. Some students with disabilities may have the physical aptitude to participate in a PE course with mainstream peers but can become frustrated when the games move too quickly and their peers lack empathy. On the other hand, there are mainstream students who enjoy the opportunity to develop their own leadership skills and other essential skills such as compassion and communication as they learn how to meaningfully engage with peers who have differences. Sponsored by Special Olympics, the Unified Strategy has played a key role in creating a more inclusive climate in schools where it has been implemented and evaluated. Staff in schools with Unified PE programs have reported: reduced bullying, decreases in offensive language, increased participation of students with disabilities, increased awareness about students with disabilities, increased opportunities for students to work together, and a more socially inclusive school environment.	Unified P.E. is a physical education class which provides a unique environment for students with and without disabilities to come together through educational and physical activities. Through fitness, sports, leadership, and wellness activities, Unified P.E. classes help students with varying ability levels and backgrounds to foster important social relationships while building and maintaining fitness levels.
World Language	Heritage Spanish Semester Grades 9-12 Prerequisite: Native or near- native Spanish language skills, or instructor's approval Pursuing a concurrent enrollment and/or biliteracy seal opportunity	There is an increase in the population of native speakers of Spanish / heritage Spanish speakers in our school district. Heritage learners may be ahead of traditional students in speaking and vocabulary skills but behind in grammar, reading or writing skills. The traditional Spanish class for English speakers does not typically meet the needs of these students. Research has shown that support of students' heritage language supports their language development in English, which would increase students' success across all content areas.	Heritage Spanish is designed for students who use the Spanish language at home and who wish to improve reading and writing skills in Spanish (a Spanish Language Arts class). The class will be taught exclusively in Spanish. Students will connect with their rich and diverse cultural heritage and those of other Spanish speaking countries, read authentic literature and use it for learning language, building academic communication and critical thinking skills, practice various aspects of writing in Spanish, develop academic language, discuss and write in depth about topics pertinent to the Spanish-speaking world, and explore the benefits of bilingualism in the professional world.

Social Studies	AP Psychology Full year Grades 10-12 Prerequisite: None	This class is a way to increase access to AP courses, introduce students to success in an AP course, and provides an opportunity to earn college credit. In many schools around the country, AP Psychology is the first AP course a student will take. AP Psychology continues to have one of the highest pass rates of all AP courses offered in the United States. Students will develop critical thinking skills, writing skills, and practice higher-order thinking. Also, the College Board states there are more than 136 career areas and 60 college majors that pertain to Psychology.	The AP Psychology course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students are exposed to the psychological facts, principles, and phenomena associated with each of the major subfields within psychology. Major subject areas of this course include history, theoretical approaches, research methods, biological bases of behavior, sensation and perception, states of consciousness, learning, cognition, motivation and emotion, development, personality, testing and individual differences, abnormal behavior, treatment of psychological disorders, and social behavior. At completion of this course, students will be eligible to take the College Board test and students scoring well on the exam may earn college credit.
FACS	CIS: Exploring the Teaching Profession II Semester Grades 11-12 Prerequisite: CIS: Exploring the Teaching Profession I; Pending University of Minnesota approval for College in the Schools (concurrent enrollment) credit	This course provides an opportunity for students to explore teaching as a profession, to develop an understanding of multiculturalism, diversity, and the sociocultural/political realities of public schooling and teaching, and to reflect on what it means to be equity minded, reflective, and reflective teaching professionals. This course is part of the University of Minnesota's Entry Point Project and one of its aims is to open access to college-level courses to underserved populations such as multilingual/EL students, members of racial or ethnic minorities, first generation college-bound students and/or students from families of low to moderate income. Our district has an interest in increasing the diversity of its staff to more closely match the demographics of our community, and this course may help build a pipeline of students of color and multilingual students who are interested in returning as professionals to teach in the district.	This course is designed for students interested in the field of K-12 education. Exploring the Teaching Profession is a service learning based course. Students will spend several days per week assisting a classroom teacher. The central themes of this course are: (1) increasing cultural competence; (2) parent and community engagement; and (3) personal reflection and professional development. Students will focus on reflective teaching and the reciprocity of service learning.
World Language	Orientation to Interpreting Grades 11-12 Prerequisite: Advanced proficiency in English and another language; Pursuing approval as a concurrent enrollment opportunity	Interpreters work in variety of settings such as clinics, hospitals, schools, social services, courtrooms, and businesses. Employment of interpreters and translators is projected to grow 29 percent from 2014 to 2024, much faster than the average for all occupations. Employment growth will be driven by increasing globalization and by large increases in the number of non-English-speaking people in the United States. Job prospects are especially strong for those who have professional certification, which is offered through Century College. This course is the first in the series of courses required for a certificate. In addition, this course will complement and career preparation for students pursuing our career pathways, especially in the area of healthcare.	This course introduces students to interpreter codes of ethics and standards of practice. It also introduces basic concepts of interpreting and translating, interpreting modes and settings, and interpreting skills. Coursework includes an initial self-assessment, which helps students evaluate their readiness for pursuing further study in interpreting.

Health	<i>Certified Nursing Assistant</i> Semester Grades 11-12 Prerequisite: must be 16 or older. pursuing approval as a concurrent enrollment opportunity	According to the U.S. Bureau of Labor Statistics, the healthcare industry is set to grow tremendously, and the outlook for Certified Nursing Assistants (CNAs) is especially positive. The increase is projected to be as much as 20% by 2020, which is well above the national average. More than 300,000 jobs are expected to be created. CNAs do not require a post-secondary degree, but they are some of the highest paid in that category of people, and their salary is set to grow significantly. At the same time, many in the industry see the CNA as stepping stone to more advanced training and higher wage opportunities such as LPN, RN, physicians' assistants, physicians, community health experts, dental professionals, etc.	This course introduces concepts of basic human needs, health/illness continuum, and basic nursing skills in long-term care, acute care, and/or home care environments. Skills are taught in a simulated laboratory setting utilizing demonstration and role-playing. Upon successful completion of classroom studies, students will participate in a minimum of 16 hours of supervised clinical experience in a long-term care facility. This course meets the state and federal requirements as detailed for educating the nursing assistant. Upon completion of this course, students will be eligible to take the examination for placement on the Minnesota Department of Health Nursing Assistant Registry.

Name Changes and Content Re-Alignment

Preliminary groundwork has been laid for consideration of the following name changes. Action at the November School Board meeting is requested in order to allow the changes to be reflected in the 2018-19 registration guide.

Department	Current Course Title	Requested Change(s)	Term	Grade	Rationale
Technology Education	Wood Technology & Manufacturing 1	Title change and content re-alignment: <i>Woodworking and an Introduction to the Construction Industry</i> ; grade change from 9-10 to 9-12; also pursuing opportunity for concurrent enrollment	Semester	9-12	Construction was one of four career pathway areas our district and community identified for development due to the job and wage prospects, partnerships in our community, and interest expressed by students. The outlook for construction jobs is favorable. According to the U.S. Bureau of Labor Statistics, employment of construction laborers and helpers is projected to grow 13 percent from 2014 to 2024, faster than the average for all occupations. Laborers and helpers work in all fields of construction, and demand for these workers will mirror the level of overall construction activity. This course will continue to provide students with opportunities to learn in a hands-on environment and to build projects. In addition, it will include a survey of many of the different opportunities available to people interested in the field. This course aligns with the Multicraft Core Curriculum available to us through North America's Building Trades Union, as well as the Minnesota Summer Trades Academy, where students apply to participate in hands-on training in a variety of construction trades and earn wages during their apprenticeship. Course description: This course is designed to teach students basic woodworking practices. Areas related to these practices include safety, proper hand tool and machine use, measuring, joinery, project design and finishing. Students will build projects that they will take home upon completion. In addition, students explore many dimensions of the commercial, residential, and highway construction industry through interviews with practicing professionals, site tours, and exploratory reflections to illustrate the many opportunities

Technology Education	Wood Technology & Manufacturing 2	Title change and content re-alignment: Introduction to Construction Blueprint Reading, Carpentry, and Handtools ; Prerequisite: Woodworking and an Intro to the Construction Industry: Grade change from 9-10 to 9-12; also pursuing opportunity for concurrent enrollment	Semester	9-12	While the introduction to the construction industry course covers the breadth of opportunities in the construction industry, this course narrows in on some specific skill development. At the same time, these reading, drawing, and tool skills are still widely applicable to a variety of jobs in commercial and residential construction. Course description: This course covers reading and interpreting blueprints used in the construction industry as well provides students with the opportunity to advance their skills in using handtools and complete a carpentry project. Lines, abbreviations, symbols, parts of the blueprints, specifications and isometric drawings will be included in this class. In addition, students will learn to make drawings and sketches used in construction and learn to use carpentry hand tools.	available as a professional in a wide variety of construction-related fields. Students will also experience an introduction to welding using a high tech welding simulator.
Health	Introduction to Medical Careers	Title change and content re-alignment: Introduction to Healthcare Careers Grade change from 11-12 to 9-12; Also, pursuing approval as a concurrent enrollment opportunity	Semester	9-12	Over the next decade, Baby Boomers are expected to place an increasingly heavy burden on the healthcare system as they age. The demand for healthcare workers is rapidly increasing while a significant portion of today's workforce consists of boomers nearing retirement. Recognizing that addressing this shortfall will require collaboration between healthcare industry providers, educators, and the government, Minnesota State created HealthForce Minnesota as one of its eight Centers of Excellence in 2005. Minnesota State has an intense interest in furthering the work of HealthForce Minnesota is the largest education system of nurses and allied medical professional in the state. As we expand the current medical careers class into an offering for grades 9-12, we are seeking opportunities to align HealthForce Minnesota's Healthcare Core Curriculum (HCCC) with the content and rich experiences offered in our course, as well as offer this course for concurrent enrollment. This course will continue to develop skills needed to be successful in healthcare careers, support students in making informed career and educational choices, and be a launching point for pathways to multiple health careers.	

Visual Arts	Visual Media Design	Name change: <i>Visual Media Art & Design</i>	Semester	8	Students have expressed some confusion regarding this class, which is housed in the visual arts department and taught by visual art teachers. The teachers believe this change will better communicate that art and design principles form the foundation for this course and will help students make an informed decision in selecting their design elective in 8th grade.
FACS	CIS: Exploring Teaching	Name change: CIS: <i>Exploring the Teaching Profession I</i>	Semester	11-12	If the addition of the second CIS: Exploring the Teaching Profession is approved, this name change will signify that there are two separate CIS teaching courses: Exploring the Teaching Profession I and II.
Art	Drawing & Painting II	Add prerequisite: Drawing & Painting I	Semester	9-12	Teachers believe that they were better be able to differentiate the content and skills taught in Drawing and Painting I and II if the first class is a prerequisite for the second level. They will also be able to offer a more rigorous experience for students in the second level course.
Art	Sculpture II	Add prerequisite: Sculpture I	Semester	9-12	The same reasoning applies to Sculpture I and II as to Drawing and Painting, above.
Business Education	Accounting II	Change from full-year to one semester	Proposed change: Semester	11-12	There has not been sufficient enrollment to run Accounting II as a full year course for the last two years. By changing the course to a semester, this will open the opportunity for more students to continue their study of accounting.
Technology Education	Small Engines & Transportation Systems	Change from 9-10 to 11-12	Semester	11-12	There are facility constraints at North Campus which make it challenging to run this course, woods, and manufacturing classes in the classroom spaces currently available and with the current ventilation system.
Music	Wind Ensemble	Pursue concurrent enrollment option	Year	11-12	The advanced level of this course is on par with what is expected of college-level music, and post-secondary institutions have indicated willingness to consider this type of class as a concurrent enrollment option.
Math	Multivariable Calculus & AP Statistics	Pursue concurrent enrollment option	Year	11-12	This course is taught at a college level, using a college level text. This change will enable students to not only gain credits through the AP statistics portion of the class but also the multivariable calculus content.

AGENDA ITEM: **Action on Accepting the Ryan Grants**
MEETING DATE: **November 13, 2017**
SUGGESTED DISPOSITION: **Operational Item**
CONTACT PERSON(S): **Dr. Wayne Kazmierczak, Superintendent**

BACKGROUND:

The White Bear Lake Area Educational Foundation has approved four 2017-18 Ryan Art Grant proposals, with a request that these grants be formally accepted by the School District.

On the following page are the grants, amount received, and recipient.

RECOMMENDATION:

Accept the Ryan Art Grants totaling \$4,285 from the White Bear Lake Area Education Foundation.

2017 RYAN ART GRANT PROPOSALS

CHILDREN'S THEATER COMPANY

Jenn Misgen, Otter Lake Kindergarten

Deb Schmidt, Otter Lake Kindergarten

Jessica Hosmer, Otter Lake Kindergarten

Wenqian Laing, Otter Lake Kindergarten

Kristi Olness, Otter Lake Kindergarten

Emily Ascherman, Otter Lake Kindergarten

These are each separate grants applying for the same program. Each Grant applicant is asking for \$500. Each teacher will be bringing the Children's Theatre Company program "Building Bridges" into their kindergarten classrooms and benefit from the Ryan Family Art Grant. "Building Bridges" provides a professional teaching artist from CTC to work with students for 16 sessions. They use interactive storytelling & dramatic arts to bring out the creativity of each child. Following their own play presentation, students are provided tickets and bussing to the Children's Theatre to see one of their theatre productions. **\$3000**

PAINT YOUR STORY

Jane Briggs Hugo Grade 1 25 students

Colleen Kopp Oneka Grade 4 25 students

Ann Gerding Parent

Each student will participate in two Paint Your Story workshops using high quality art materials facilitated by Nycole Fry, owner of Paint Your Story Foundation. The workshop is based on a children's book for each grade level. Students learn everyone is an artist and everyone has a story to tell. Each student will engage in self-reflection and create two unique paintings. All students will participate in an Art Show to display and discuss their artwork and their painting process with family and friends. Ms. Fry's fees exceed the grant however she has graciously offered to volunteer her time and expertise to the children. The **\$500** request will go toward the art supplies for the 50 students.

COLORFUL ART=COLORFUL WRITING

Stephen Gravley Otter Lake Grade 2 25 students

The teacher plans to assemble a watercolor kit that will be used by the 25 students throughout the 2017-2018 school year. Students will not only paint but will learn the proper care of watercolor materials over an extended period of time as well. Using watercolor techniques learned during watercolor classes through the partnership with the WBL Center of the Arts, students will use the medium of watercolor to illustrate stories that they have written in class. **\$285.00**

FIDGETY FAIRY TALES...The Mental Health Musical

Kendall Rutherford, Kindergarten & Dawn Maple, Matoska Intl. School - Total 90 students

During a classroom unit of inquiry titled Tales We Tell, kindergarten students will experience art as an "expression of creative skill and imagination." An important aspect of the unit is to provide a theater experience to the kindergarteners. The goal is to utilize the Minnesota based performance group called Fidgety Fairy Tales. They use educational theater experiences to end the shame and the misunderstanding of mental health disorders and help create a loving community where all are valued and respected. Fidgety Fairy Tales will present three tale performances to the kindergarteners. It is a goal that the students will see that stories can be used as entertainment as well as teach a lesson or skill. Kindergarteners will have the opportunity to talk to the cast and ask questions after viewing the performance. Later students will be asked to choose one of the tales and draw or write about the characters, setting, and plot of the tale. Kindergarteners will also draw and write about the similarities and differences between the theater production and other versions they have seen. Lastly, they will be asked to share whether they preferred the story experience through theater or a picture book. **\$500**

TOTAL: \$4, 285

201 LEGAL STATUS OF THE SCHOOL BOARD

I. PURPOSE

The care, management and control of the schools is vested by statutory and constitutional authority in the school board. The school board shall carry out the mission of the school district with diligence, prudence, and dedication to the ideals of providing the finest public education. The purpose of this policy is to define the authority, duties and powers of the school board in carrying out its mission.

II. GENERAL STATEMENT OF POLICY

- A. The school board is the governing body of the school district. As such, the school board has responsibility for the care, management, and control over public schools in the school district.
- B. Generally, elected members of the school board have binding authority only when acting as a school board legally in session, except where specific authority is provided to school board members or officers individually. Generally, the school board is not bound by an action or statement on the part of an individual school board member unless the action is specifically directed or authorized by the school board.

III. DEFINITION

“School board” means the governing body of the school district.

III. ORGANIZATION AND MEMBERSHIP

- A. The membership of the school board consists of seven elected directors. The term of office is four years.
- B. There may be other ex officio members of the school board as provided by law. The superintendent is an ex officio member.
- C. A majority of voting members constitutes a quorum. The act of the majority of a quorum is the act of the school board.

V. POWERS AND DUTIES

- A. The school board has powers and duties specified by statute. The school board's authority includes implied powers in addition to specific powers granted by the legislature.
- B. The school board exercises administrative functions. It also has certain powers of a legislative character and other powers of a quasi-judicial character.
- C. The school board shall superintend and manage the schools of the school district; adopt rules for their organization, government, and instruction; prescribe textbooks and courses of study; and make and authorize contracts.
- D. The school board shall have the general charge of the business of the school district, its facilities and property, and of the interest of the schools.
- E. The school board, among other duties, shall perform the following in accordance with applicable law:
 - 1. provide by levy of tax, necessary funds for the conduct of schools, the payment of indebtedness, and all proper expenses of the school district;
 - 2. conduct the business of the schools and pay indebtedness and proper expenses;
 - 3. employ and contract with necessary qualified teachers and discharge the same for cause;
 - 4. provide services to promote the health of its pupils;
 - 5. provide school buildings and erect needed buildings;
 - 6. purchase, sell, lease and exchange school district property and equipment as deemed necessary by the school board for school purposes;
 - 7. provide for payment of claims against the school district, and prosecute and defend actions by or against the school district, in all proper cases;
 - 8. employ and discharge necessary employees and contract for other services;
 - 9. provide for transportation of pupils to and from school, as governed by statute; and

10. procure insurance against liability of the school district, its officers and employees.

F. The school board, at its discretion, may perform the following:

1. provide library facilities, public evening schools, adult and continuing education programs, summer school programs and intersession classes of flexible school year programs;
2. furnish school meals lunches for pupils and teachers on such terms as the school board determines;
3. enter into agreements with one or more other independent school districts to provide for agreed upon educational services;
4. lease rooms or buildings for school purposes;
5. authorize the use of school facilities for community purposes that will not interfere with their use for school purposes;
6. authorize co-curricular and extracurricular activities;
7. receive, for the benefit of the school district, bequests, donations, or gifts for any proper purpose; and
8. perform other acts as the school board shall deem to be reasonably necessary or required for the governance of the schools.

AGENDA ITEM: **Policy 203, Operation of the School Board**
MEETING DATE: **November 13, 2017**
SUGGESTED DISPOSITION: **Operation Item**
CONTACT PERSON(S): **Dr. Wayne Kazmierczak, Superintendent**

BACKGROUND:

School Board Policy 203, Operation of the School Board, was reviewed by the School Board Policy Committee and Cabinet, had a first reading in October, and is being recommended for a second reading. Two changes are on Policy 203-Addendum A.

The purpose of this policy is to provide governing rules for the conduct of meetings of the school board.

RECOMMENDATION:

Approve School Board Policy 203, Operation of the School Board, as recommended.

203 OPERATION OF THE SCHOOL BOARD — GOVERNING RULES

I. PURPOSE

The purpose of this policy is to provide governing rules for the conduct of meetings of the school board.

II. GENERAL STATEMENT OF POLICY

An orderly school board meeting allows school board members to participate in discussion and decision of school district issues. Rules of order allow school board members the opportunity to review school-related topics, discuss school business items, and bring matters to conclusion in a timely and consistent manner.

III. RULES OF ORDER

Rules of order for school board meetings shall be as follows:

- A. Minnesota statutes where specified;
- B. Specific rules of order as provided by the school board consistent with Minnesota statutes; and
- C. *Robert's Rules of Order*, Revised (latest edition) where not inconsistent with A and B above.

RULES OF ORDER

Roll call vote on all items with any financial impact, and on any items where dissent is noted on a voice vote and a division of the house is requested.

Roll call votes shall always proceed alphabetically with the first member to be called rotated alphabetically at successive Board meetings.

Any item may be changed on the agenda, either in placement or in status by consensus or by passage of a motion to suspend the rules for that purpose.

Any items, for which no written explanatory information is supplied in the Board packet, will be treated as items in the Public or Board Forum with no action unless the Board suspends the rules and places the item on the agenda for action.

The Chair and the Superintendent shall develop the meeting agenda. Board members may request items to be placed on an upcoming agenda by contacting the Chair, or in **the Chair's** ~~his~~ absence the Superintendent by the Tuesday prior to the Board meeting. All written material and appropriate explanatory material for agenda items must be provided to the Superintendent's office by noon on the Wednesday prior to the meeting for inclusion in the agenda packet. If such written material is required and not provided in a timely manner, the topic may be pulled from the agenda.

Members of the public may make requests to have items placed on a Board agenda by contacting the Chair in the same manner as Board members. If the Chair does not honor the request, the request shall be made known to the Board and the Board shall determine the disposition of the request.

Robert's Rules of order will be followed except that:

- a. Suspension of the rules and limitation of debate require only a simple majority of those voting rather than a 2/3 majority.
- b. If no motion is immediately forthcoming on an action item when requested by the Chair, a nominal period of time, not to exceed five minutes, is allowed for questions before a motion for action is required.
- c. Board business will automatically terminate at 9:30 p.m. and the Chair will declare the meeting adjourned unless there is a motion, supported by a majority vote, extending the meeting by a specific amount of time.

BOARD AGENDA

A.	PROCEDURAL ITEMS	Roll call, Pledge of Allegiance, approve agenda, approve consent agenda to include minutes, payment of invoices, correspondence, gifts, field trips and personnel items.
B.	PUBLIC FORUM <u>Public Forum Procedures</u> During the Public Forum any person may address the School Board on a topic of interest or concern. Listed below are the procedures for Public Forum. 1. Public Forum will follow the Procedural Items on the agenda. 2. Public Forum will be open for 30 minutes (43 minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic as a general rule). Comments should be brief, and repetition of other public comments should be avoided. 3. Those wishing to address the Board should fill out a card to be turned into the Clerk. 4. Questions may be asked on any topic, excluding those on the agenda. 5. An attempt will be made to answer questions. In those cases where an answer is not available or is not possible to give that evening, a phone call from someone in the administration will be made as a follow-up. 6. A handout on the purpose of School Board meetings and the meeting process is available. 7. Citizens may be asked to address the school board on a particular subject during the discussion of that item. 8. The Chair will attempt to reasonably honor requests to speak, but shall also exercise discretion to recognize time restraints and may limit the number of such presentations accordingly.	During the Public Forum any person may address the School Board on a topic of interest or concern.
C.	INFORMATION ITEMS	No discussion
D.	DISCUSSION ITEMS	An instructional report, first reading of new policies, etc.
E.	OPERATIONAL ITEMS	All non-personnel action items.
G.	BOARD FORUM	Board “news”; same rules as Public Forum
H.	ADJOURNMENT

2. As part of the school district's responsibility to operate a nutrition service program, the school district will provide continuing professional development for all nutrition service personnel in schools.

C. Competitive Foods and Beverages

1. All foods and beverages sold on school grounds during the school day to students, outside of reimbursable meals, are considered "competitive foods." Competitive foods include items sold a la carte in the cafeteria from vending machines, school stores and for in-school fundraisers.
2. All competitive foods will meet or exceed the USDA Smart Snacks in School (Smart Snacks) nutrition standards and any applicable state nutrition standards. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits.

3. Before and aftercare (child care) programs must also comply with the school district's nutrition standards unless they are reimbursable under the USDA school meals program, in which case they must comply with all applicable USDA standards.

D. Other Foods and Beverages Made Available to Students

1. Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus, including those foods provided through:
 - a. Celebrations and parties.
 - i. The school district will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.
 - b. Classroom snacks brought by parents.
 - i. The school district will provide to parents a list of suggested foods and beverages that meet Smart Snacks nutrition standards.
2. Rewards and incentives. If foods or beverages are used as rewards for academic performance or good behavior, schools will encourage those that meet USDA Smart Snacks nutrition standards and will not withhold foods or beverages as punishment unless this practice is allowed by a student's individual education plan or behavior intervention plan.
3. Caution will be exercised when offering foods and materials that may cause allergic reactions. The use of non-food rewards and celebrations is encouraged. Foods brought from outside sources that are to be provided to the entire class may only include fresh produce or pre-packaged and store-bought items. Food items must also include nutrition and ingredient information.
4. Fundraising. The school district will make available to parents and teachers a list of suggested healthy fundraising ideas.
5. The school district will support & encourage requirements that foods made available on campus outside of the school day (including, but not limited to, concessions, school stores, vending and other instances where food or beverages are provided or sold) meet USDA Child Nutrition Standards .
6. To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day and at every school campus.
 - a. The district will make drinking water available where school meals are served during meal times.

E. Food and Beverage Marketing in Schools

1. School-based marketing will be consistent with nutrition education and health promotion.
2. Schools will restrict food and beverages marketing to the promotion of only those foods and beverages that meet the Smart Snacks nutrition standards.

VI. WELLNESS LEADERSHIP AND COMMUNITY INVOLVEMENT

A. Wellness Coordinator

1. The superintendent will designate a school district official to serve as the wellness coordinator. The wellness coordinator will oversee the school district's wellness-related activities and ensure that each school implements the policy.
2. The principal or designee of each school district building will ensure compliance within the school and, upon request, will report to the wellness coordinator regarding Wellness Policy compliance.

B. Public Involvement

1. The wellness coordinator will permit parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation and periodic review and update of the wellness policy.
2. The wellness coordinator will hold meetings for the purpose of discussing the development, implementation, and periodic review and update of the wellness policy. All meeting dates and times will be posted on the school district's website and will be open to the public.

C. The assistant superintendent for finance and operations and the director of community services & recreation will convene and facilitate development of and updates to the wellness policy, and will ensure each school's compliance with the policy.

VII. POLICY IMPLEMENTATION AND MONITORING

A. Implementation and Publication

1. Upon approval by the school board, the Wellness Policy will be implemented throughout the school district.
2. The school district will post its Wellness Policy on its website.

B. Annual Reporting

1. The wellness coordinator will annually inform the public about the content and implementation of the Wellness Policy and make the policy and any updates to the policy available to the public

C. Triennial Assessment

1. At least once every three years, the school district will evaluate compliance with the Wellness Policy to assess the implementation of the policy and create a report that includes the following information:
 - a. The extent to which schools under the jurisdiction of the school district are in compliance with the Wellness Policy; and
 - b. The extent to which the school district's Wellness Policy compares to model local wellness policies; and

School District Budget**

MEETING DATE: **November 13, 2017**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for
Finance and Operations**
Tom Wieczorek, Director of Finance

BACKGROUND:

School Board Policy 701, Establishment and Adoption of School District Budget, was reviewed by the School Board Policy Committee and Cabinet, had a first reading in October, and is being recommended for a second reading. The only change is a deletion of a legal reference.

The purpose of this policy is to establish lines of authority and procedures for the establishment of the school district's revenue and expenditure budgets.

RECOMMENDATION:

Approve School Board Policy 701, Establishment and Adoption of School District Budget, as recommended.

Adopted: April 28, 1997

White Bear Lake Area School Board Policy 701

Revised: August 27, 2001

Revised: November 8, 2007

701 ESTABLISHMENT AND ADOPTION OF SCHOOL DISTRICT BUDGET

I. PURPOSE

The purpose of this policy is to establish lines of authority and procedures for the establishment of the school district's revenue and expenditure budgets.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to establish its revenue and expenditure budgets in accordance with the applicable provisions of law. Budget planning is an integral part of program planning so that the annual budget will effectively express and implement school board goals and the priorities of the school district.

III. REQUIREMENT

- A. The superintendent or appointed designee shall each year prepare preliminary revenue and expenditure budgets for review by the school board or its designated committee or committees. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for the school district for the next fiscal year and make such adjustments in the expenditure budget as necessary to carry out the education program within the revenues projected.
- B. The school district must maintain separate accounts to identify revenues and expenditures for each building. Expenditures shall be reported in compliance with Minn. Stat. § 123B.76.
- C. Prior to July 1 of each year, the school board shall approve and adopt its initial revenue and expenditure budgets for the next school year. The adopted expenditure budget document shall be considered the school board's expenditure authorization for that school year. No funds may be expended for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year.

- D. Each year, the school district shall publish its adopted revenue and expenditure budgets for the current year, the actual revenues, expenditures and fund balances for the prior year, and the projected fund balances for the current year in the form prescribed by the Commissioner within one week of the acceptance of the final audit by the school board, or November 30, whichever is earlier. A statement shall be included in the publication that the complete budget in detail may be inspected by any resident of the school district upon request to the superintendent. A summary of this information and the address of the school district's official website where the information can be found must be published in a newspaper of general circulation in the school district. At the same time as this publication, the school district shall publish the other information required by Minn. Stat §123B.10.
- E. At the public hearing on the adoption of the school district's proposed property tax levy, the school board shall review its current budget and the proposed property taxes payable in the following calendar year
- F. The school district must also post the materials specified in Paragraph III.D. above on the school district's official website, including a link to the school district's school report card on the Minnesota Department of Education's website, and publish a summary of information and the address of the school district's website where the information can be found in a qualified newspaper of general circulation in the district.

IV. IMPLEMENTATION

- A. The school board places the responsibility for administering the adopted budget with the superintendent. The superintendent may delegate duties related thereto to other school officials, but maintains the ultimate responsibility for this function.
- B. The program-oriented budgeting system will be supported by a program-oriented accounting structure organized and operated on a fund basis as provided for in Minnesota statutes through the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS).
- C. The superintendent or appointed designee is authorized to make payments of claims or salaries authorized by the adopted or amended budget prior to school board approval.
- D. Supplies and capital equipment can be ordered prior to budget adoption only by authority of the superintendent or appointed designee. If additional personnel are provided in the proposed budget, actual hiring may not occur until the budget is adopted unless otherwise approved by the school board. Other funds to be expended in a subsequent school year may not be encumbered prior to budget adoption unless specifically approved by the school board.

- E. The school district shall make such reports to the Commissioner as required relating to initial allocations of revenue, reallocations of revenue and expenditures of funds.
