

List Students and MAP test scores

- Select your group of students
 - o **This report will time out if you select an entire grade at once**
 - o Please select by homeroom classes or by a certain class that contains the grade level students you are looking at
 - o It will run best if you keep it to 30 students or less at a time
- Select List Students from the Functions menu button at bottom right
- Enter the following fields:
 - o LastFirst
 - o Grade_Level
 - o tests;name=MAP;which=grade.x;score=LA Score;type=num
 - o tests;name=MAP;which=grade.x;score=Math Score;type=num
 - ****** to list 5th grade scores use: which=grade.5 for both the Math Score and LA Score fields, change your Column Titles to reflect grade level**
 - ******You can list any grade scores with this. Replace the x in which=grade.x with the grade level you are looking for (see example above in red)**

Report Title (shown at top of page): MAP Scores from 5th grade
