

Beaverton High School Summer School 2019

Credit Recovery Program Overview

The Beaverton School District is very excited to be launching our district wide Summer 2019 Credit Recovery program. As a student, you will have the opportunity to choose from a menu of core courses for classes that you have previously earned a D grade or failed. When you successfully complete a course during the summer, **you will earn a Pass (P) grade on your transcript. If you had failed the course originally, you will also earn 0.5 credit.** The original course grade will convert to an N (in the semester the course was originally taken) and the improved P will be entered on your transcript. If the same or lower grade is earned, the original grade will remain and an N will be transcribed to indicate a repeated course. If a course is not offered at your home high school, you may enroll at another comprehensive high school offering the course.

Our commitment to you: As educators it is essential that we are not only supporting you in earning credits, but most importantly that we are helping you develop the skills needed for success at the next level of your educational development. This program has been developed with your future needs in mind. With this essential goal as our priority, we have incorporated some unique and supportive elements to our program to ensure your success. Some of these include:

- ✓ Small class size
- ✓ Direct teacher instruction
- ✓ Standards-based curriculum that is aligned to our own courses so you are regaining credit while simultaneously preparing for the next course in your academic sequence
- ✓ A wide range of courses offered across many curricular areas

Students' commitment: Earning a semester of credit (0.5 credit) in the shortened summer session is not a task to be taken lightly. We are committed to providing all of the supports possible for your success, but you will need to understand that this amazing opportunity will require a strong commitment. Daily attendance and staying on pace with coursework will be essential for you to complete the course in a 5-week period. You will need to spend time on the work outside of your in-class instruction time if you expect to finish on time. **All courses meet at BHS and require regular attendance, whether they are direct instruction or FLEX Online classes.**

Please carefully review the registration information and application. **Submit your application with payment to the main office by June 20, 2019.** If you have questions about what courses you should take, please contact your counselor. We are looking forward to providing this valuable opportunity to you.
