Revised: February 28, 2017

STAFF MEMBER DRESS

Staff has a significant impact on students as role models. This model should be a positive one. All staff should dress in a manner that is clean, not hazardous to their safety or the safety of others, and does not detract from a positive educational environment. Uniformed workers (e.g. Food Service) shall wear the required uniform. Administrators and supervisors will work with staff in establishing dress that supports a positive educational environment. Principals have the authority to determine whether or not an individual staff member's dress is appropriate for the staff in his or her building.
