

Boulder Valley School District
File: KHB-R
Adopted: November 11, 1999

SPONSORSHIPS

After Requests for Proposal have been developed consistent with the requirements of Policy KHB, the Superintendent or his designee shall conduct an analysis of the responses. In a timely and effective manner, the Superintendent or his designee shall contact respondents and determine the extent to which the proposals can be modified in a manner that increases the benefit to the District. The Superintendent or his designee shall then make an interim report to the Board of Education to determine if there is sufficient interest by the Board in continuing the public process of Policy KHB.
