Bullying in School

One reason students sometimes don't feel safe is that they get bullied by other students. Please answer these three questions so that we can understand if bullying happens and how often it happens.

Bullying is unwanted, aggressive behavior among students that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose.
