### Description

Congratulations on deciding to take on the challenge of an Advanced Placement Course. AP Biology is a vigorous, yet manageable and rewarding class. In order to meet the demands of the curriculum it is necessary for you to complete some work before you come back in September.

### Textbook

Each student should purchase the textbook, Campbell In Focus 2nd edition **ISBN-13:** 978-0321962751 **ISBN-10:** 0321962753

### Textbook Assignment

1. Please read Chapters 1-5 in the textbook. As you read, take notes and answer all the questions at the end of each section in each chapter. At the end of each chapter, there is a Test Your Understanding quiz. Please answer all multiple-choice questions and then choose 2 short answer questions to answer as well.

*\*There will be a test on all of this material only a few days after you return to school. It is very important that you understand this material!*

2. Chi-square Video and Practice: Please watch the video on Chi-Square Analysis and try some of the problems in the video. <http://www.bozemanscience.com/chi-squared-test>
3. Bozeman Science videos (optional): This website has videos on almost every major concept in the course. Feel free to watch some of them and get a head start on the topics! <http://www.bozemanscience.com/ap-biology>
