PHILOSOPHY OF EDUCATION

The Shawnee Mission School District will provide comprehensive education in a secure environment of cooperation and mutual respect among students, faculty, families, and the community.

Our curriculum will provide a rigorous academic challenge and reflect current knowledge of students and how they learn. Students will be offered an educational program appropriate for their needs, interests, and abilities. They will be taught the skills needed for successful living in a changing world.

The school, family, and community will work together to enable students to develop self-confidence, self-discipline, the ability to work cooperatively with others, aesthetic awareness, recognition of the inevitability of change, and a commitment to learning throughout life.

All students need to understand their individual rights, that responsibilities accompany those rights, and the heritage that assures those rights and responsibilities.

First approved by the Board of Education January 12, 1976

Revised May 10, 1999

NOTICE OF NON-DISCRIMINATION POLICY

The Shawnee Mission Unified School District No. 512 believes in the principle and practice of equal opportunity under the law. Neither the board of education nor any employee of this school district shall illegally discriminate on the basis of race, creed, religion, color, national origin, ancestry, age, sex, disability, or any other statutorily prohibited basis. All policies and regulations of the board of education shall be enforced in compliance with this policy.

As a means of assuring equal employment opportunity in this school district, the board of education has adopted an Affirmative Action Plan. The board fully supports the provisions and requirements of Title IX of the Education Amendments of 1972, 20 U.S.C. Section 1681 et seq., prohibiting discrimination on the basis of sex in education programs and activities. The board further supports the provision of S 504 of the Rehabilitation Act of 1973, 20 U.S.C. Section 706 (P.L. 93-112), concerning treatment of disabled persons; and the provisions of the Education of the Handicapped Act, 20 U.S.C. Section 1401 et seq. (P.L. 94-142), concerning education of disabled children.

The board fully supports the provisions and requirements of the Title II Subtitle A of the Americans with Disabilities Act of 1990 (P.L. 101-336) which protects qualified individuals with disabilities from discrimination in the services, programs, or activities, including employment practices of Shawnee Mission Unified School District No. 512. This section of Title II also requires that qualified individuals with disabilities not be excluded from participating in or receiving the benefits of programs or activities provided by the school district. The district also fully supports and complies with the Boy Scouts of America Equal Access Act of 2001, 20 U.S.C. Section 7905, 34 C.F.R. Part 108.

The district does not discriminate in the admission or access to, or treatment of employment in its programs and activities. Any person believing that they have been discriminated against on the basis of disability should contact the district for a copy of their rights. Additionally, such persons may immediately contact the deputy superintendent, Dr. Kenny Southwick, at 8200 W. 71st St., Shawnee Mission, KS 66204; telephone number 913-993-6200. CODE OF CONDUCT

The Shawnee Mission School District has the expectation that all interactions by staff, students, parents, and community members be conducted with professionalism, courtesy, dignity, and respect. This includes personal and private interactions as well as behaviors at any school-sponsored activity, both on and off school grounds.

Behaviors that are prohibited include those that are coercive, intimidating, violent, or harassing. Examples of prohibited behavior include, but are not limited to, use of profanity, personally insulting remarks, attacks on a person's race, gender, nationality, religion, or behavior that disrupts learning or the safety of anyone in the environment. Such interactions could occur in telephone conversations, voice mail messages, face-to-face conversations, written letters, e-mail messages, or at public events.

The goal of these expectations is to maintain an environment that is ethical, legal, and non-abusive towards all parties.

ATTENDANCE (REVISED 2016-2017)

Shawnee Mission K-12 Attendance Guidelines

All students enrolled in the Shawnee Mission School District shall be required to attend school on a regular basis to provide students the opportunity to be successful. Daily attendance records shall be maintained for each student. Absences are at times unavoidable due to illness or family concerns. The Shawnee Mission K-12 guidelines represent an effort to be fair in dealing with absences and to encourage good attendance. Building principals are responsible for enforcing Kansas State Statutes and district attendance guidelines.

The Shawnee Mission School Board has approved six (6) reasons for students to be excused from school. The reasons are as follows:

- Personal illness. (Doctor/Dental/Medical appointments) The school may, with notice to the parent, require verification from a physician of absences due to reasons of health.
- Serious illness or death of a member of the family.
- Obligatory religious observances of the student's own faith.
- Emergency situation requiring immediate action.
- Participation in a Kansas State High School Activities Association activity, a district-approved function, or a school-sponsored activity.
- An absence that has been requested in writing and approved in advance by the building administration. **Middle school attendance will be monitored from 8:45am to 3:45pm.** Students are expected to attend school daily and arrive on time.
- Excessive tardies will be combined with other unexcused absences for truancy purposes.
- If a student arrives late or leaves early for up to three hours, or is gone for three hours during the day for an appointment described above it will be counted as a half-day excused absence. We encourage students to return to school as soon as possible from appointments during the school day. **Middle school is in session for 7 hours daily, from 8:45 to 3:45.** Students are expected to attend school daily and arrive on time.
- At the secondary level any student arriving within the first ten minutes of a class period will be considered tardy. Arrival after that time will be recorded as an absence.

K-12 Reporting and Recording of Absences

- An **unexcused absence** is one that has been classified as such by the building administration. An absence will be classified unexcused if it does not fit one of the board's six stated reasons for excusable absence or if the parent or legal guardian does not follow the building attendance procedure.
- Parents or legal guardians are expected to call the building's attendance line to report daily absences, late arrivals, or early dismissals. If a call is not received, school personnel will attempt to contact the parent. If no contact is made within 48 hours, the absence will be counted as unexcused.
- Absences by parent request for family and personal reasons are acceptable provided arrangements are made through the building principal in advance of the absence. These absences will count toward total absences. Students are responsible to complete all make-up work. Students are encouraged to complete work prior to absences when possible.

- Students with excessive absences are at risk of losing credit and/or not mastering grade level standards.
- When a student has reached **7 absences** during the school year, the parents will be sent a reminder letter. After **10 absences**, documentation will be required for all future absences. It is required for each subsequent absence/tardy for illness and appointments the student bring a doctor's note documenting the reason for the absence.
- Per state truancy laws and the Shawnee Mission School District truancy policy, if a student has three (3) unexcused absences in a row, five (5) in a semester, or seven (7) in a year, a truancy report will be filed with the Johnson County District Attorney's office and the parents will be notified. If the student is under the age of seven (7), a report will also be made with the Department of Children and Families (DCF).
- At any time a student's school attendance is a concern, the building administration may require a meeting with the parent or legal guardian to address the issue.

BUS SERVICE

The school district will pay for bus service to and from school for those students who attend the school serving the area of the student's residence and reside **more than two and one-half miles** from the school. Contact the school office for information about bus service. In some cases bus transportation may be provided for students who reside less than two and one-half miles from the school. Contact the bus company directly for more information. To help ensure compliance with necessary safety rules, video cameras may be used on school buses. Violations of bus regulations may result in the student receiving appropriate disciplinary actions, which may include being removed from the bus, and/or suspended from school. When late buses are available, all students living in the attendance area, even if they live within the two and one-half miles from the school, may ride the late bus home.

COMMUNICATION

Report cards are posted in Skyward for review four (4) times per year. Parents may access student grades through Skyward at any point during the school year. Teachers will be in communication with parents of students who are failing or doing unsatisfactory work. All parents are encouraged to confer with the classroom teacher during fall and spring conference times. Any additional concerns may be addressed with the classroom teacher or building administrator. Parents are urged to participate in PTA and to attend school activities.

DISCIPLINE

Responsibility for Maintaining Discipline

It is the combined responsibility of administrators, teachers and students to foster attitudes of respect, good will and concern for the welfare of all persons in the school community. Good order will result if all persons accept and exercise that responsibility.

In light of the fact that they have primary contact with students, teachers are initially responsible for maintaining student control and discipline. It is the teacher's responsibility to follow a reasonable approach in administering student control and discipline.

Insofar as may be reasonable, all administrators shall support and assist teachers and students in their efforts to maintain good order and discipline. A school principal has complete authority to deal with disciplinary problems in his or her school, and the district administration shall be called into a disciplinary action only when the problem exceeds the control of the individual school. In furtherance of such authority, a school principal may adopt guidelines and rules for the governance of his or her school. The district administration will support all reasonable decisions of the school principals.

The Separation of Disciplinary Actions and Academic Accomplishments

It is our goal to provide appropriate discipline without affecting academic accomplishments. Disciplinary actions will not involve the reduction of the student's grade which has been earned prior to the point of the infraction. Student discipline may result in the student not earning participation points for the day's activity. It is also possible that a student's actions and the resulting disciplinary action will prevent the student from earning daily class credit during a period of suspension.

Special Education Students

The progressive discipline philosophy will also apply to special education students wherever appropriate. However, individual special education services may not be denied, unless authorized by law. During in-school suspension, it is imperative special education students must be provided study materials according to their Individualized Education Program. It is desirable that the student's individual education plan will address the student's individualized needs on discipline, including which techniques can appropriately be used with the student.

CHILD ABUSE

Kansas law requires school personnel suspecting child abuse to report the concern to the Division of Children and Family Services (800-922-5330). A log of the call should be maintained and the building administrator informed.

DANGEROUS WEAPONS GUIDELINES

No student or visitor to any Shawnee Mission School District property, or school-sponsored function regardless where held, may possess, transport, display, offer for sale, barter, use, threaten to use, or exchange any gun, bomb, other dangerous weapon, or any object that might have a reasonable "look-alike" resemblance to a dangerous weapon. A dangerous weapon may be defined as: "Any object which may cause a serious injury or fatal wound."

In the event a student of the district or a visitor is found to be in violation of this guideline, the school administration shall notify the police department. The school administration shall also suspend the student(s) involved and recommend expulsion in accordance with the board of education policies and laws of the state of Kansas.

In addition, any student using any object that could result in a fatal wound or serious injury to persons or property will be subject to this policy.

DRUG USE

The Shawnee Mission Board of Education, recognizing its responsibility to promote the health, welfare, and safety of the students of Shawnee Mission schools, adopts the following policy to assist in the protection of students from dangers, which result from the abuse of restricted substances:

The possession, use, transfer, or sale of a restricted substance (drugs) as defined by state statutes on public school property at public school activities is expressly prohibited. Any student violating this policy will be suspended or expelled from school.

SAFE SCHOOLS

It is our goal to provide an emotionally and physically safe environment for each child. Safety expectations will be taught at the beginning of the school year by the principal and the teachers. This information will be reinforced continually. As part of the safety orientation, students will regularly practice fire, tornado, and lockdown drills. We will provide an emotionally safe environment for each student. We will assist our students in understanding that bullying and any kind of harassment will not be tolerated. *If your child has a problem, please let the school know immediately and an appropriate action will be taken.* Students may also use the district-wide bullying app to report incidents or issues.

Please join us in teaching your child about safety in all areas. Review the district policy on student weapons and emergency safety interventions.

Violation of this provision shall result in expulsion from school for up to 186 days. This provision covers all weapons or facsimiles of weapons which are not covered by paragraph A and K.S.A. 72-89a01(h).

Any student who brings a firearm or weapon to a school, district facility, district grounds, or on the bus or in any vehicle used to transport students for district purposes at any time 7 days a week, 24 hours a day must be referred to law enforcement as required by Kansas law.

In accordance with K.S.A. 72-89c02, whenever a pupil who has attained the age of 13 years and has been found in possession of a weapon, controlled substance or illegal drug at school, upon school property, on the bus, or in any vehicle used to transport students for district purposes or at a school sponsored activity 7 days a week, 24 hours a day, 365 days per year or has engaged in behavior at school, upon school property, on the bus, or in any vehicle used to transport students for district purposes or at a school sponsored activity 7 days a week, 24 hours a day, 365 days per year, which resulted in, or was substantially likely to have resulted in, serious bodily injury to others, the principal or administrative designee of the school shall make an immediate report of the pupil's act to the appropriate law enforcement agency.

This policy is supplemental to any other administrative guidelines and procedures affecting students.

Students violating this policy shall be reported to the appropriate law enforcement agency(ies), and, if a juvenile, to the Secretary for DCF or the Secretary of KDOC as appropriate.

Title	Emergency Safety Interventions

Use of Emergency Safety Interventions

ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to such student or others with the present ability to effect such physical harm. Less restrictive alternatives to ESI, such as positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior prior to the use of any ESI. The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

ESI Restrictions

A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Notwithstanding the provisions of this subsection, a student may be subjected to ESI, if not subjecting the student to ESI would result in significant physical harm to the student or others.

Use of Seclusion

When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

All seclusion rooms equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in case of emergency, such as fire or severe weather.

A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Notification and Documentation

The principal or designee shall notify the parent, the same day as an incident. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contact the parent. A parent may designate a preferred method of contact to receive the same-day notification. Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Documentation of the ESI used shall be completed and provided to the student's parents no later than the school day following the day of the incident. Such written documentation shall include: (A) The events leading up to the incident; (B) student behaviors that necessitated the ESI; (C) steps taken to transition the student back into the educational setting; (D) the date and

time the incident occurred, the type of ESI used, the duration of the ESI, and the school personnel who used or supervised the ESI; (E) space or an additional form for parents to provide feedback to comments to the school regarding the incident; (F) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future incidents; and (G) email and phone information for the parent to contact the school to schedule the ESI meeting. Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

Law Enforcement, School Resource, and Campus Security Officers

Campus police officers and school resource officers shall be exempt from the requirements of this policy when engaged in an activity that has a legitimate law enforcement purpose. School security officers shall not be exempt from the requirements of this policy.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

Documentation of ESI Incidents

Except as specified above with regard to law enforcement or school resource officer use of emergency safety interventions, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

- Date and time of the ESI,
- Type of ESI,
- Length of time the ESI was used,
- School personnel who participated in or supervised the ESI,
- Whether the student had an individualized education program at the time of the incident,

- Whether the student had a section 504 plan at the time of the incident, and whether the student had a behavior intervention plan at the time of the incident.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a section 504 plan such student's IEP team or section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private schools shall help facilitate such meeting.

For a student without an IEP or section 504 plan the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special education evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional

behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney.
