\* Crossing Guard Supervisor: Penny Falkner, 801-336-3527.

2.1.5 **Hazards:**

- Heavy traffic at Golden Avenue and Church Street crosswalk, especially during drop off and pick up times. A crossing guard would be very beneficial for student safety. We have petitioned the city to address this concern, but the petition has been denied at this point for voluntary and/or paid crossing guards.
- No sidewalk on north side of Gentile Street between 1500 East and Fairfield Road.

- Railroad Crossing at Dawson Street and Gentile Street.
- No sidewalk on Fairfield Road north of Gordon Avenue and east of Cherry Lane.
- Heavy traffic and 5 point intersection at Gordon Avenue, Fort Lane, and Church Street crosswalk.
- Heavy traffic at Fairfield Road and Wasatch Drive. This would be a logical place for crosswalks or a street light to be installed due to the number of walking students living east of that intersection. Not to mention the driving students at Layton High School trying to cross Fairfield Road. Makes for a dangerous area.
- No sidewalk on west side of Fort Lane from Gordon Avenue to Golden Avenue and no sidewalk on the north side of Golden Avenue down to Church Street.
- No continuous sidewalk on the east side of Church Street from Golden Avenue to Hawthorne Street.
- No continuous sidewalk on the south side of Gordon from Fairfield to Emerald St.

#### **2.1.6 Bicycle Routes:**

The bicycle routes will be the same as the walking routes. Students will ride their bicycles on the road as far to the right as possible, allowing vehicle traffic to the right. Bicycle racks are located on the west side of the school, next to the Armory.

#### **2.1.7 Present Safe Access Routes:**
