

THE
Wyndcroft
SCHOOL

Dear Parents,

Enclosed is a list of suggested books to read to your child this summer. On the list are many excellent authors representing a variety of award winning children's books. This list is **intended only as a guide** to help you find books that you can enjoy reading with your son or daughter this summer.

We suggest that you aim for a goal of 20 minutes of reading time per day during the summer months. This will ensure that your child keeps exercising their brain during the break from school and will help them retain what they have already learned.

Enjoy your summer and happy reading. We will see you in September!

The First, Second, and Third Grade Teachers
