Assists with set up, opening or closing of spine surgeries	2	Indirect	PC, MK	1
Manages and obtains CSF samples from EVD	2	Indirect	PC, MK	1
Assists with set up, opening & closing of vascular / endovascular procedures	2	Indirect	PC, MK	1
Performs CSF shunt tap, valve programming	2	Indirect	PC, MK	1
Assists with set up, opening, & closing of pediatric neurosurgical procedures	2	Indirect	PC, MK	1
Inserts arterial lines, central venous catheters	2	Indirect	PC, MK	1
Dictate discharge, admission, or operative note	2	Indirect	PC, MK, SBP, P	1
Discuss medical condition, prognosis with patient and family	2	Indirect	PC, MK, IPC, P	2
Suture laceration	2	Indirect	PC, MK, IPC, P	1
Recognizes and initiates work up of routine complications from craniotomy	2	Indirect	PC, MK, IPC, P	2
Recognizes and initiates work up of routine complications from spinal surgery	2	Indirect	PC, MK, IPC, P	2

Recognizes and initiates work up of routine complications from spinal surgery	2	Indirect	PC, MK, IPC, P	2
Recognizes and initiates work up of routine complications systemic complications	2	Indirect	PC, MK, IPC, P	2
Performs routine craniotomy for brain tumor	2	Indirect	PC, MC, P	3
Performs routine functional neurosurgical procedures	2	Indirect	PC, MC, P	3
Performs routine chronic pain and peripheral nerve procedures	2	Indirect	PC, MC, P	3
Performs routine spinal surgery procedures	2	Indirect	PC, MC, P	3
Performs routine vascular and endovascular procedures	2	Indirect	PC, MC, P	3
Performs routine pediatric neurosurgical procedures	2	Indirect	PC, MC, P	3
Manages airway and performs endotracheal intubation	2	Indirect	PC, MC, IPC, SBP	2
Manages routine complications from craniotomy	2	Indirect	PC, MK, P, IPC, SBP, P	3
Manages routine complications from spinal surgery	2	Indirect	PC, MK, P, IPC, SBP, P	3
Manages routine complications from functional procedures	2	Indirect	PC, MK, P, IPC, SBP, P	3
Manages routine complications from vascular / endovascular procedures	2	Indirect	PC, MK, P, IPC, SBP, P	3
