

Nueva's Lunch Program for Lower School and Middle School Students

Nueva is pleased to announce that we have invited Epicurean Group to become our new food service provider! After completing a rigorous search and evaluation process led by parents and faculty members, we are convinced we have brought on board an outstanding partner, one who can assist us with our ongoing objective of providing lunches for our students that are both appetizing and healthy. Epicurean is a local company fully committed to offering meal choices that are delicious, nutritious, and age-appropriate in taste, appearance, and portion size. Epicurean will be preparing all food onsite, using fresh ingredients sourced locally when possible, and avoiding the use of processed foods, artificial colors and flavors, MSG, preservatives, and high levels of sugar and sodium.

2018-19 Pricing and Purchase Options

To encourage you to satiate your curiosity about our new provider, we are holding prices at last year's levels! There are three ways to purchase lunch for your student: an annual subscription, a new one-semester-at-a-time plan, and a flexible pay-as-you-go plan. See below for pricing, and note that parents and guests are welcome to join us for lunch. Beverages are included with the purchase of lunch but are not available for purchase separately, so if your student opts to not purchase lunch, please make sure to provide them with a beverage in their lunch kit.
