If the minimum passing standard is not met from the previous semester the student will be placed on academic suspension. The suspension shall be from the end of the previous semester through the last Saturday in September for fall and 5 weeks for winter.

If the student is not enrolled in the minimum number of classes required, which is 5, they will not be able to compete in athletics for the ENTIRE semester.

2. Once initial eligibility is determined grades will be monitored every two weeks. During the sport season students must be passing 5 classes in a 6 period day. Grades will usually be checked on Mondays. For fall sports the first grade check will be the third week of school. For winter and spring athletes the first grade check will be the second week of the season and will be tied to first quarter and 3rd quarter mid-progress reports respectively.

3. If a student is passing all classes or 5 of 6 classes at the 2 week grade check then the athlete will continue to be eligible for all practices and competitions.

4. If a student is not passing all or 5 of 6 classes then the following will be in place for that student.

A. If an athlete is failing more than 1 class at the grade check, he/she will be placed on automatic suspension from all competitions.

B During the 2 week academic warning or probation period, a student may raise the F to a passing grade and as long as they are passing 5 of 6 classes will be immediately eligible.

C. If a student athlete is on probation two times, a coach may drop the athlete from the program. Coaches must have written team policies for this to be in effect.

D. INC (incompletes) count as an F for purposes of grade reports. INC+ will count as a passing grade.

5. Students new to Franklin Pierce School District must meet the same academic requirements as current students verified by official transcript from the transferring school. Phone and Fax verification will be acceptable academic verification.

IN-DISTRICT TRANSFERS BETWEEN SCHOOLS: Regarding the athletic eligibility status of students who transfer between two high schools within the Franklin Pierce School District, the Board of Directors has directed the administration to apply the same policies as those of the Washington Interscholastic Activities Association (WIAA) in regard to the transfer of students between school districts, which are:

A. Students whose transfers are based on a bona fide, immediate change of residence due to an actual physical relocation of and with their entire family to a different residence, and preceded by termination of all occupancy of their previous residence, shall be deemed to meet the requirement for athletic eligibility at the varsity level.

B. Students attending a high school outside their attendance boundary for the period of one (1) calendar year or more shall be deemed to meet the requirement for athletic eligibility at the varsity level.

C. Students whose parent(s) or legal guardian(s) reside in different residences as the result of a divorce or court appointed separation is allowed one (1) transfer between parents or guardians after entering the ninth grade without being restricted to sub-varsity competition for one year. Any subsequent transfer shall be governed by the transferring student rules and procedures.

2. FRANKLIN PIERCE TRANSFER PROCEDURES

A. At the end of the 8th grade year, every student will be enrolled in their designated resident high school, as determined by the established Franklin Pierce School District high school boundaries, and the student's primary residence.

B. Any requests to change high schools, without physically changing the student's family's residence after their initial enrollment, will require an In-District Student Transfer Form (see Policy 5141).

3. ATHLETIC TRANSFER RULE

A. Students are eligible for varsity competition at the high school whose boundaries they reside in.

B. Students are only eligible to compete at any level at the high school where their academic file is located, and will not be allowed to participate in any activities outside their registered school.

C. Transfer students will not be eligible for varsity competition for a period of one calendar year from the date of enrollment at the transfer school. Transfer students would be eligible for sub-varsity competition only during the one calendar year period.

D. Ineligibility can be appealed, based on hardship, to the District Athletic/Activities Director and the Franklin Pierce School District Athletic/Activities Eligibility Committee. Their decision will be final.

E. Hardship is defined as a condition beyond the student's or parent's control that requires the transfer. Athletic reasons will not be considered to be hardships.

F. Students who attend part of their academic program at two high schools will be eligible at their resident school, or the school where their academic file resides. Changes will be subject to the transfer rule.

E. Students who participate in Running Start will be eligible at their resident school, or the school where their academic file resides. Changes will be subject to the transfer rule.

F. If a family moves from their existing residence to a new residence within the boundaries of another high school, the student may remain enrolled and eligible in their old resident school, with the annual approval of the academic waiver request, or, if they enroll at their new resident school within 30 days of the family taking possession of the new residence, they will not be subject to the transfer rule. Enrollment in the new resident

school after 30 days of the family taking possession of the new residence will be subject to the transfer rule.

PURPOSE OF TRANSFER RULE

1. Promotes individual athletes participating in a variety of activities at their home school.
2. Promotes equity, balance, and parity between competing schools.
3. Preventative in nature, designed to eliminate the incentive to transfer.
4. Protects students who have previously participated from being replaced by a student living in another high school boundary area.
5. Protects students from recruiting.
6. Reduces parent or student “shopping” for schools with the “best” athletic program.
7. Discourages the excesses and abuses of over promotion.
8. Allows schools to equitably develop traditions of success and positive school and community pride.

INSURANCE: 1. It is **required** that athletes be covered by medical and dental insurance while participating in school sponsored activities.

2. Parents/guardians accept the responsibility for medical accident insurance.
3. Parents/guardians must; A. provide proof of medical insurance, or B. purchase insurance for athletics available through the school.

PARENT/COACH EXPECTATIONS: We are very pleased that your son/daughter has chosen to participate in the Franklin Pierce School District athletic program. We will do all we can to provide a positive experience for your athlete. Possibly the most important ingredient to achieve this outcome is to ensure that lines of communication are developed to allow for free and easy resolution of questions before they become issues. As a parent, you have a right to know what expectations are placed on your athlete.

Communication You Should Expect From You Athlete's Coach

1. Philosophy of the coach.
2. Guidelines for selecting the team.
3. Expectations for your athlete.
4. Locations and times of all practices and contests.
5. Team requirements: equipment, off-season training, team rules, etc.
6. Procedure to follow should your athlete become injured during participation.
7. Requirements to earn a letter.
8. How to best contact the coach.
9. Communication concerning your athlete's role on the team and how he/she fits into the future of the program.

Communication Coaches expect from parents

1. Concerns expressed directly to the coach through an appropriately scheduled conference.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns with regard to a coach's philosophy and/or expectations.
4. Parents are to notify the coach of any injury or illness.

As your athlete becomes involved in the various programs in the Franklin Pierce School District, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your athlete wishes. At these times, discussion with the coach may be the quickest and most effective way to clear up the issue and avoid any misunderstanding.

Appropriate Concerns to Discuss with Coaches

1. The treatment of your athlete, psychologically and physically.
2. Ways to help your athlete improve.
3. Concerns about your athlete's behavior.

At times it may be difficult to accept the fact that your athlete is not playing as much as you or the athlete would like. Coaches are professionals who make judgment decisions based on what they believe to be the best for the team and all involved. As you have seen from the list above, certain things can be and should be discussed with your athlete's coach. We ask that other things, such as those listed below, be left to the discretion of the coach.

Coach's Decisions

1. Playing time
2. Team strategy
3. Play calling
4. Matters concerning other student/athletes

Procedure to Voice Concerns: There are situations that may require a conference between the coach, the athlete, and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other person's role and position. When these conferences are necessary, the following procedure should be followed to help promote a resolution.

1. Your athlete should first talk with the coach about their concerns.
2. If, after the athlete meets with the coach, the matter is still unresolved, parents may call to set up an appointment with the coach.
3. If the coach cannot be reached after a reasonable time, call the Athletic Coordinator at your athlete's school. The Athletic Coordinator will arrange an appointment for you to meet with the coach.
4. Please do not approach a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings at these times usually do not work well for the coach, the parent or the player.

The Next Step: What can a parent do if the meeting with the coach did not provide a satisfactory resolution?

1. Call and set up an appointment with the school Athletic Coordinator to discuss the situation.

2. At this meeting the appropriate next step can be determined.

Whether or not this step is ever reached, please keep in mind the following protocol when you elect to pursue a concern you may have regarding your son or daughter's experience on one of the Franklin Pierce School District's sports teams. Please make contact as follows:

1. Assistant Coach (if applicable) 2. Head Coach 3. Athletic Coordinator 4. District Athletic Director 5. Assistant Superintendent 6. Superintendent

POLICIES AND PROCEDURES FOR INJURED ATHLETES: As an aid in our athletic health care system, we would like to explain some of our policies and procedures for injured athletes. We will always transport via ambulance for the following conditions: Pulmonary arrest (not breathing), cardiac arrest (no heartbeat), Dyspnea (severe difficulty breathing), heat stroke, suspected neck or back injury, major uncontrollable bleeding, significant head injury, prolonged unconsciousness (2 minutes or longer), open fractures (bones appearing through broken skin), major joint dislocations.

We will also transport via ambulance if the parents of the injured athlete are not present or cannot be reached and it is felt that he/she needs immediate medical attention. If for any reason an injury occurs which requires medical attention, every effort will be made to notify the parents if they are not present. Parent/Guardian of the student will be responsible for ambulance costs.

If for any reason your son/daughter has to be seen for medical reasons (injury, illness, or other) by a physician, chiropractor, physical therapist, or any other medical staff, he/she must have a written release from that individual in order to return to practice/game. Our athletic trainer has a form that can be used if the need arises.

All injuries received during an athletic activity should be reported to the trainer and coach on the day it occurred. If your son/daughter comes home with an injury: (1) ask if the trainer and coaches were notified and when appropriate, (2) try to ice the injured part 20 minutes every hour until bedtime (20 minutes on, 40 minutes off).

When injuries are iced for the first 24-72 hours, the swelling to the injured area(s) is kept to a minimum and the injured area tends to heal quicker. When icing, it is

best to put the ice in a plastic bag and then directly on the skin. Your son/daughter may come home with additional instructions for injury care.

If you have any questions or concerns, please feel free to contact our trainer at the school. Due to donations from parents, friends and others, we now have many types of medical equipment available for use by our athletes, if deemed necessary by a doctor or our trainer. These will be lent to the athlete for the length of his/her need. We do ask that your son/daughter return them promptly. If any damage has been done or any piece is missing, we will bill the athlete for the replacement cost.

In representing FPSD and your school, you are expected to be aware of your influence on the behavior of others and model good sportsmanship. Cheering for your team and not against the other team or the officials is behavior expected from FPSD fans and students. 1. Conduct resulting in ejection or disqualification from an interscholastic contest administered by game officials, coaches or school administrators shall minimally result in the following:

Any appeal of the penalty shall be as outlined by the ~~PCL~~ SPSL and/or WIAA and in accordance with any rules and procedures of this athletic code.

In no instance shall participation in a school and/or community approved assistance program excuse an athlete from subsequent compliance with this regulation. However, successful utilization of such an opportunity and/or compliance with the athletic code by the athlete may allow him/her to have eligibility reinstated in the athletic program, pending determination by the school's eligibility hearing board.

2. Fans and parents: FPSD athletics expects the highest degree of good sportsmanship from all participants, including fans and parents. Any fan or parent who abuses the ideals of good sportsmanship as outlined in WIAA/FPSD policies and procedures may be asked to leave the athletic event, with future attendance subject to review and/or guidelines set forth by the school administration.
