

The purpose of the *Certification of Finances* is to help colleges and universities obtain complete and accurate information about the funds available to international applicants who want to study in the United States. Strict government regulations, rising education costs, and economic conditions have made verifying the financial resources of international applicants essential. Institutions do not have the option of deciding whether to verify the financial resources of their international applicants; financial verification must be made prior to institutional issuance of a Certificate of Eligibility (Form I-20 or DS-2019).

This form is designed to standardize financial information provided by applicants to colleges, universities, and U.S. consuls. By completing this form and returning it to the college or university requiring it, an applicant, if admitted, may obtain that college's authorization and issuance of a Certificate of Eligibility (Form I-20 or DS-2019). If parents and/or sponsors are unable to obtain a bank official's verification, it is recommended that institutions forward a copy of the International Student Financial Aid Application to the family for completion. The institution should attach a copy of this certification to the Certificate of Eligibility. U.S. consuls scrutinize the statements of financial resources given by nonimmigrant visa applicants. This certification will help such officials make their decisions and expedite visa issuance.

Return directly to the college providing or requesting this statement.

The space below is for optional use by issuing institutions for listing student's expected annual budget.

All international students who apply for admission to the University of Notre Dame must also submit a Certification of Finances at the time of application. This Certification outlines the financial resources that will be used to finance your Notre Dame education. Admission is ultimately dependent upon your ability to demonstrate sufficient financial support to cover the total projected costs of an undergraduate education. The University of Notre Dame requires students to complete the Certification of Finances for four years, rather than one year. Students interested in the College of Architecture should complete the Certification of Finances for five years.

Strict government regulations require that the University verifies the financial resources of all international student applicants before the I-20 or DS-2019 Certificate of Eligibility forms can be issued. The I-20 or DS-2019 will be used to apply for the F-1 or J-1 visa, or a change of status to the F-1 or J-1 status from within the United States. The I-20 or DS-2019 will be issued by the University upon admission and confirmation to enroll at the University of Notre Dame.

Please print your responses to each question completely and accurately. Enter all amounts in U.S. dollars. Return this certification to the Office of Undergraduate Admissions as a PDF attachment to an email to international@nd.edu. Complete Sections A through E as appropriate.

Cost of Attendance at Notre Dame
